180 Proof Alcohol Is TurnedOut

Secreto, Catania Held as Operators

Federal agents, city police, sheriff's office men and state troopers swooped down on an illicit still Wednesday afternoon and arrested two men on the Secreto premises at 384 First avenue, Kingston, where they allege they found an unregistered still in operation.

Arrested were Victor Secreto, 37, of 384 First avenue, and Nicholas Catania, 38, of 228 Farnham avenue, Lodi, N. J., who Federal men say is well known in the business.

BOTH MEN were later released under $1,000 bail by U. S. Commissioner Martin F. Comeau for appearance in District Court.

The 200-gallon capacity still of the "mushroom" type was said to be in full operation when the officers swooped down. The still, a series of pans, is known as a high efficiency type of still, capable of turning out 180 proof alcohol. Also seized were five vats of mash, a supply of sugar, a quantity of empty five gallon cans and a number of filled cans. The set-up was oil fired and there were five mash vats made from 275 gallon fuel tanks which had been set on end and the heads cut out. Included in the materials seized were electric pumps, hose and various necessary equipment for full operation. It is said the plant had been under observation for the past three weeks by federal men.

THE SECRETO property on which the still was located in a barn, is past Kingston street and some distance from adjacent residences.

When the officers visited the premises about 6:30 o'clock Wednesday afternoon they found the two men on the premises, the still in operation and alcohol allegedly being draw from the still.

Both men were arrested and charged with possession and transportation of distilled spirits on which tax was unpaid and also operation of an illicit still.

THE RAID was made under direction of U. S. Treasury Agents who had apparently traced Catania to Kingston be-

Program Is Set Up by Ministers

Two Hours Taken On Arrangements

Geneva, July 21 (AP)—Russia and the Western powers reached substantial agreement today on plans for continuing discussions of German unification and European security after the summit conference.

The foreign ministers met this morning for almost two hours and reportedly put the program in shape. Then they arranged a special meeting of their heads of government to submit it for approval.

THERE WAS no immediate information as to details of the plan, but Western sources disclosed they hoped for a meeting of the four foreign ministers in Geneva in October to take up the two key problems.

This would allow three months for the experts of the four countries to study all the proposals made at the summit meeting. The western powers also would have a chance to observe the outcome of the visit of West German Chancellor Adenauer to Moscow.

The heads of governments—President Eisenhower, Soviet Premier Bulganin, British Prime Minister Eden and French Premier Faure—planned to take up the disarmament question after disposing of the arrangements on Germany and security.

THE ONLY official announcement on the foreign minister's discussions was a brief communique.

British informants said the foreign ministers agreed to recommend that they themselves meet again in October to resume consideration of the problems of German unity and European security on the basis of the directive now under study. They added complete accord eluded the ministers, however.

MOLOTOV was said still to have insisted that the question of European security should precede that of German unity. The West continued to maintain the two problems remain linked. The ministers agreed to refer the point to the heads of government for final decision. They also agreed on the rest of the terms of the directive.

The communique said:

"The four ministers at their meeting this morning, under the chairmanship of Mr. (V. M.) Molotov, discussed the directive given to them by the heads of government.

"They agreed to recommend that the heads of government meet at 1430 GMT this afternoon to receive the report and so be in a position to start a discussion of item three on their agenda at 1500 GMT."

PRESIDENT Eisenhower, in preparation for the disarmament talks, had his chief of staff, Adm. Arthur Radford, and his disarmament adviser, Harold E. Stassen, as luncheon guests.

Secretary of State John Foster Dulles and other top members of the U. S. delegation dined with Soviet Foreign Minister Molotov.

The foreign ministers were called into session this morning to work out what one high western diplomat described as a basic directive for future four-power negotiations on Germany and security after a period of study.

This was the major deadlock on the two problems: The West insisted that German reunification must come first, with an all-European security system including a united Germany to be worked out later. The Russians demanded the security system first, with German unification to follow at some future—and probably far distant—date.

Queried in Death

Weaverville, Calif., July 21 (AP)—Bloodhounds led two ranchers and a newspaper reporter-photographer team to the shallow grave of a young girl near Dead Man's Cabin last night in the wilds of northern California. Trinity County Sheriff Harold Wilson, called to the scene, tentatively identified the body as that of 14-year-old Stephanie Bryan, daughter of Dr. and Mrs. Charles Bryan of Berkeley, Calif. She has been missing since April 28. Arrested for investigation of murder and kidnaping was Burton Abbott, slender 29-year-old University of California graduate student under treatment for tuberculosis. He was being questioned intensively early today at Berkeley city jail.

Thruway Tolls Million in June

Albany, N. Y., July 21 (AP)—The state thruway had its first million-dollar month in June.

Both traffic and revenue set records last month, Chairman Bertram D. Tallamy of the Thruway Authority reported yesterday. The regular toll collections were $1,124,675 for 954,524 trips.

The previous marks were $963,397 for 813,935 trips in May.

Motor vehicles logged 83,109,209 miles on the thruway in June, compared with 74,809,282 miles in May. The cross-state highway now is open 396 miles from Buffalo to Suffern.

970,000 Salk Shots Released

Washington, July 21 (AP)—The Public Health Service today released approximately 970,000 shots of polio produced by the Eli Lilly Co.

Surgeon General Leonard A. Scheele said this brings to approximately 3,968,000 shots the amount of polio vaccine approved since revised testing requirements were adopted may 26.

ABOUT 1,690,000 shots—cubic centimeters — of this total was produced by the Eli Lilly Co., an Indianapolis firm.

The vaccine will be turned over to the National Foundation for Infantile Paralysis for distribution.

The service reported meanwhile that 565 new polio cases occurred in the country for the week ended July 16. It said this represents a 40 per cent increase over the previous week, but noted the increase is not "greatly different" from those in comparative weeks over the last five years.

$1,652,741 for Polio

New York, July 21 (AP)—Grants totaling $1,652,741 for polio research and the support of respirator centers have been announced by the National Foundation for Infantile Paralysis. "The fight against polio is not over," Basil O'Connor, foundation president, said yesterday. He added, however, "We have come a long way in the last year and a half . . . we are at the beginning of the end."

Democrats Make Nominations

Edelmuth, Flowers Head City Ticket

Former Mayor William F. Edelmuth was given the endorsement of the Democratic party Wednesday evening at the unofficial Democratic city convention held at the court house and Harry A. Flowers, Jr., of the Second ward was named as his running mate for the alderman-at-large post.

At the Democratic county convention held just prior to the city convention former Mayor of Ellenville, Henry L. Schipp was nominated for county treasurer; former City Judge Bernard A. Culloton of Kingston was selected as candidate for district attorney and William A. Kelly, secretary of the Ulster County Democratic Committee, was the convention choice for county judge.

The choice for coroner was left open and will be filled by the committee on vacancies.

THE CONVENTION opened with a moment of silent prayer for the successful outcome of the Big Four conference at Geneva as County Chairman Thomas J. Plunket called the convention to order at 8:25 p. m. William A. Kelly as clerk called the roll.

After a resolution had been adopted commending the administration of Governor Harriman, resolutions were also offered and adopted extending the sympathy and condolence to the families of deceased Democrats. Special mention was made of the death of Harry Hulsair, former supervisor from the town of Kingston and E. Frank Flanagan and William Singer of Kingston. These resolutions were offered by Catherine Carlson, Joseph Turck, James K. Ryan, Herbert George, Eugene Thornton, Henry Kline, William H. Grogan, Patrick T. Murphy, Grover Lasher and Gerald Fitzgerald.

THE NAME of Henry L. Schipp of Ellenville was placed before the convention by former Mayor Edelmuth when former Supervisor Herbert George of Denning yielded the floor. The nomination of Schipp was seconded by Mayor Eugene Glusker of Ellenville.

Former Corporation Counsel Arthur B. Ewig placed the name of former City Judge Bernard A. Culloton before the convention, referring to his past record.

2 Requests For $25,545 Approved

Two agency budget requests totaling $25,545 were approved for inclusion in the coming Red Feather drive by the board of directors of the Kingston Area Community Chest, Inc., Wednesday night.

Approved on recommendation of the Chest's budget committee were a request for $13,000 for Rip Van Winkle Council, Boy Scouts of America, and one for $12,545 for the Kingston YWCA.

THESE WERE the first two operating budgets for 1956 upon which the Community Chest board took action. Budgets of the other member agencies are presently being studied by the budget committee. The goal for the Chest's second annual Red Feather drive, to be held in October, will be set after the budgets of all member agencies are studied and allotments made.

The possibility that an additional agency will be included in the coming campaign was revealed when the board referred to its planning committee a tentative request for consideration made by the local unit of the Volunteers of America.

THE RED FEATHER drive combines into one fund raising effort the budget requirements of all member agencies. In addition to the Boy Scouts and the

Mrs. Dean Dies Here, Was 100

Mrs. Sarah Dean, mother of the Rev. Stanley Dean, rector of Holy Cross Episcopal Church, died in this city today. She would have observed her 101st birthday on July 27.

Mrs. Dean, interviewed by a Freeman reporter, a year ago this month, recalled a childhood spent working in the fields of her father's Pennsylvania farm as the Civil War raged close by. A lawn party was given in observance of her 100th birthday last year.

A NATIVE of Pennsylvania, she recalled that her father helped with the "underground system" near Altoona for helping slaves escape from the south during the war. She recalled also that her father's people were slain in Indian massacres in the territory of which they were original settlers before the Revolutionary War.

After her marriage in 1870, Mrs. Dean and her husband lived in Altoona, Pa. Later they moved to New Jersey. At the

Mail Train Is Held Up

Desperadoes Steal 8 Sacks in New York

New York, July 21 (AP)—Two masked desperadoes held up an outbound mail-express train last night as it stopped briefly in an open cut below the Manhattan street level near the Hudson river shore.

As in a wild west movie scenario, they bound and gagged a mail clerk and dumped eight mail sacks on the tracks. Then they disappeared into the night with the bags.

POLICE SAID today the bags contained worthless cancelled checks, each bag insured at $50.

The bandits apparently jumped on the 11-car New York Central train when it stopped for inspection of its air brakes.

An inter-state alarm was flashed for two men described as in their 20s and wearing dark suits and hats. Both were armed. The FBI joined in the hunt.

"THEY WERE brazen and clever," said Deputy Police Commissioner James Kennedy. "They knew exactly what they were doing."

Police said, however, that the bandits discarded a mail pouch containing $2,700 in small bills and silver.

The train was heading for Albany, Utica, Rochester, Troy and Syracuse, all in upstate New York. Six of the cars carried mail.

Mail Clerk Thomas Mason, 60, of 38 Cayuga street, Buffalo, N. Y., was on duty in the next-to-the last car when he saw two men loom in front of him. Their faces were hidden behind handkerchiefs and both held guns, he said.

LATER, he gave police this account:

"This is a stickup," one of the men told him. "Where is the money? Don't yell or we'll kill you."

When he refused to tell them, they pulled his arms behind and bound his wrists with a pair of handcuffs they brought with them. They rolled him over and one of the bandits put his foot in the small of his back.

"I WASN'T frightened until I got a good look at the guns," Mason recalled. "At first I thought they were fooling—I thought they were a couple of kids, wise kids, until they said: 'If you open your mouth we'll kill you.' Then I saw the handcuffs, and I knew they weren't fooling. I was happy when they got off the train."

He said he told the gunmen

2nd A-Sub Is Launched At Groton

Groton, Conn., July 21 (AP)—The navy's second atomic submarine — the long, lean deadly killer named Seawolf — went down the ways to the sea today.

Mrs. Sterling Cole, wife of a New York congressman, christened the ship, but missed hitting the bow with the traditional bottle of champagne.

Mrs. Cole turned for an instant to speak to John Jay Hopkins, president and chairman of General Dynamics Co., as he pressed a button releasing the great steel hulk.

IN THAT instant, the Seawolf slipped swiftly out of reach of Mrs. Cole's arm. She hurled the bottle at the receding bow, but it missed again and broke in foam on a portion of the launching machinery.

But the navy always is ready for untoward happenings like this. It had a second bottle of champagne, attached to a line, on the deck.

As the Sea Wolf raced down the ways, a man aboard the submarine cracked a second bottle on the bow. And so the Sea Wolf did get her official christening, after all, says the navy.

THREE HOURS earlier, the keel of a third atomic submarine, as yet unnamed, was laid in a ceremony attended by a relatively few officials.

The fact was unknown to most of the audience of 25,000 attending the launching. Their first word came when Navy Secretary Charles Thomas interpolated into his prepared speech the brief remark that "the keel of a third (submarine) was laid at an early hour this morning on an adjacent way, without pomp or ceremony."

The Sea Wolf is a trimmer, sleeker ship than the Nautilus. Unlike the bulbous snout of the Nautilus, the Sea Wolf has a sharp bow.

Traffic, Lighting, Sewers Considered by City BPW

Street and sewer projects for an uptown property development were considered by the Board of Public Works yesterday.

The board also considered solution of rush-hour traffic congestion on Albany avenue due to the flow of workers to and from the IBM plant, and decided to improve lighting on two other major street areas.

Mayor Frederick H. Stang, as president of the board, was authorized to advertise for bids for sewer and street work on a tract off upper Pearl street, known as the Burgevin development, after plans were submitted by City Engineer Arthur F. Hallinan.

Sewer facilities are planned for upper Pearl street, Wilkie avenue, Pearl street Lane, to Hope street, Ringtop road and Hope street. Work on Pearl street is to extend to Ringtop road.

Pavements and curbing are to be laid on Pearl street from Valentine avenue to the city line, on Wilkie avenue from Pearl street to Ringtop road, and on that street from Hope street to the city line.

About 10 houses have already been built in the area, and it is estimated that from 40 to 50 lots are still to be developed.

The board is expected to consider bids at a special meeting, and a special session of the Common Council, for final approval, might be required in August because it is planned to get the work started by September.

The board referred to the Common Council's traffic committee, a proposal to ease rush-

Vermont Girl Is Winner In Miss U.S.A. Contest

Long Beach, Calif., July 21 (AP)—Miss Vermont, the prettiest Republican you ever saw, today is Miss U. S. A.

Carlene King Johnson of Rutland won the crown last night over 14 other pretty finalists. The runnersup were the Misses Arkansas, Nebraska, California and Georgia.

Miss Johnson, a 22-year-old blue-eyed blonde who looked 16, is also the prettiest business woman you ever saw. She runs her own jewelry business in Rutland.

"The business is resting," she said, "because I am designer, creator, distributor and salesman."

Two years ago she was Miss Vermont in the Miss America pageant at Atlantic City but only placed 13th. Tonight she enters the Miss Universe semi-finals.

Asked if she were a traditional Vermont Republican, she replied: "Is there any other kind?"

She admits to being a real conservative down-easter but there is nothing conservative about her face and figure. Doll-like, she stands 4 feet-8 in her high heels with the perfect Miss

75 Valley Rotarians Attend Saugerties Charter Night

Seventy-five guests from 14 different communities in the Hudson valley saw the members of the Rotary Club of Saugerties receive their charter Tuesday night.

The Charter Night program was held at Schoentag's Hotel on 9W with more than 100 men in attendance. The assembly was called to order by Lewis Wilson, president of the Rotary Club of Woodstock. The Woodstock Club sponsored the local Rotary Club. After the singing of America, the invocation was given by the Rev. Messersmith, pastor of the Lutheran Church of West Camp. The 102 Rotary members present enjoyed a roast beef dinner served by Charles Marabell, host.

Following the dinner, Lewis Wilson, the president of the Woodstock Rotary Club, introduced Mayor Arthur Simmons who gave a brief address of welcome to the local Rotary members and their visiting brethen. Mayor Simmons said that he had observed that service clubs really do serve communities and are an asset to them. He said further that he had observed that the individual member of a service club received as much

POLICE SAID today the bags contained worthless cancelled checks, each bag insured at $50.

The bandits apparently jumped on the 11-car New York Central train when it stopped for inspection of its air brakes.

An inter-state alarm was flashed for two men described as in their 20s and wearing dark suits and hats. Both were armed. The FBI joined in the hunt.

"THEY WERE brazen and clever," said Deputy Police Commissioner James Kennedy. "They knew exactly what they were doing."

Police said, however, that the bandits discarded a mail pouch containing $2,700 in small bills and silver.

The train was heading for Albany, Utica, Rochester, Troy and Syracuse, all in upstate New York. Six of the cars carried mail.

Mail Clerk Thomas Mason, 60, of 38 Cayuga street, Buffalo, N. Y., was on duty in the next-to-the last car when he saw two men loom in front of him. Their faces were hidden behind handkerchiefs and both held guns, he said.

LATER, he gave police this account:

"This is a stickup," one of the men told him. "Where is the money? Don't yell or we'll kill you."

When he refused to tell them, they pulled his arms behind and bound his wrists with a pair of handcuffs they brought with them. They rolled him over and one of the bandits put his foot in the small of his back.

"I WASN'T frightened until I got a good look at the guns," Mason recalled. "At first I thought they were fooling—I thought they were a couple of kids, wise kids, until they said: 'If you open your mouth we'll kill you.' Then I saw the handcuffs, and I knew they weren't fooling. I was happy when they got off the train."

He said he told the gunmen

2nd A-Sub Is Launched At Groton

Groton, Conn., July 21 (AP)—The navy's second atomic submarine — the long, lean deadly killer named Seawolf — went down the ways to the sea today.

Mrs. Sterling Cole, wife of a New York congressman, christened the ship, but missed hitting the bow with the traditional bottle of champagne.

Mrs. Cole turned for an instant to speak to John Jay Hopkins, president and chairman of General Dynamics Co., as he pressed a button releasing the great steel hulk.

IN THAT instant, the Seawolf slipped swiftly out of reach of Mrs. Cole's arm. She hurled the bottle at the receding bow, but it missed again and broke in foam on a portion of the launching machinery.

But the navy always is ready for untoward happenings like this. It had a second bottle of champagne, attached to a line, on the deck.

As the Sea Wolf raced down the ways, a man aboard the submarine cracked a second bottle on the bow. And so the Sea Wolf did get her official christening, after all, says the navy.

THREE HOURS earlier, the keel of a third atomic submarine, as yet unnamed, was laid in a ceremony attended by a relatively few officials.

The fact was unknown to most of the audience of 25,000 attending the launching. Their first word came when Navy Secretary Charles Thomas interpolated into his prepared speech the brief remark that "the keel of a third (submarine) was laid at an early hour this morning on an adjacent way, without pomp or ceremony."

The Sea Wolf is a trimmer, sleeker ship than the Nautilus. Unlike the bulbous snout of the Nautilus, the Sea Wolf has a sharp bow.

Traffic, Lighting, Sewers Considered by City BPW

Street and sewer projects for an uptown property development were considered by the Board of Public Works yesterday.

The board also considered solution of rush-hour traffic congestion on Albany avenue due to the flow of workers to and from the IBM plant, and decided to improve lighting on two other major street areas.

Mayor Frederick H. Stang, as president of the board, was authorized to advertise for bids for sewer and street work on a tract off upper Pearl street, known as the Burgevin development, after plans were submitted by City Engineer Arthur F. Hallinan.

Sewer facilities are planned for upper Pearl street, Wilkie avenue, Pearl street Lane, to Hope street, Ringtop road and Hope street. Work on Pearl street is to extend to Ringtop road.

Pavements and curbing are to be laid on Pearl street from Valentine avenue to the city line, on Wilkie avenue from Pearl street to Ringtop road, and on that street from Hope street to the city line.

About 10 houses have already been built in the area, and it is estimated that from 40 to 50 lots are still to be developed.

The board is expected to consider bids at a special meeting, and a special session of the Common Council, for final approval, might be required in August because it is planned to get the work started by September.

The board referred to the Common Council's traffic committee, a proposal to ease rush-

Vermont Girl Is Winner In Miss U.S.A. Contest

Long Beach, Calif., July 21 (AP)—Miss Vermont, the prettiest Republican you ever saw, today is Miss U. S. A.

Carlene King Johnson of Rutland won the crown last night over 14 other pretty finalists. The runnersup were the Misses Arkansas, Nebraska, California and Georgia.

Miss Johnson, a 22-year-old blue-eyed blonde who looked 16, is also the prettiest business woman you ever saw. She runs her own jewelry business in Rutland.

"The business is resting," she said, "because I am designer, creator, distributor and salesman."

Two years ago she was Miss Vermont in the Miss America pageant at Atlantic City but only placed 13th. Tonight she enters the Miss Universe semi-finals.

Asked if she were a traditional Vermont Republican, she replied: "Is there any other kind?"

She admits to being a real conservative down-easter but there is nothing conservative about her face and figure. Dollike, she stands 4 feet-8 in her high heels with the perfect Miss

75 Valley Rotarians Attend Saugerties Charter Night

Seventy-five guests from 14 different communities in the Hudson valley saw the members of the Rotary Club of Saugerties receive their charter Tuesday night.

The Charter Night program was held at Schoentag's Hotel on 9W with more than 100 men in attendance. The assembly was called to order by Lewis Wilson, president of the Rotary Club of Woodstock. The Woodstock Club sponsored the local Rotary Club. After the singing of America, the invocation was given by the Rev. Messersmith, pastor of the Lutheran Church of West Camp. The 102 Rotary members present enjoyed a roast beef dinner served by Charles Marabell, host.

Following the dinner, Lewis Wilson, the president of the Woodstock Rotary Club, introduced Mayor Arthur Simmons who gave a brief address of welcome to the local Rotary members and their visiting brethen. Mayor Simmons said that he had observed that service clubs really do serve communities and are an asset to them. He said further that he had observed that the individual member of a service club received as much

TB Association To Preview Films

The Ulster County TB and Health Association is sponsoring its Third Annual Preview of health education films on Thursday, August 4, at the TB office, 74 John street.

Sessions will be held three times during the day at 9:45 a. m., 1:45 p. m., and 7:45 p. m. so that everyone will have a chance to preview these important health pictures.

The firms include current information on tuberculosis, mental health, the heart, and others.

This year there will be the additional advantage of a guest panel to help evaluate each film and offer assistance to those who attend in deciding just which of the programs are best for their organization.

Information and reply cards have been mailed to organizations throughout the county. To date 30 representatives have expressed a desire to take advantage of this service.

In past years many program chairmen have found these films both educational and entertaining. More and more the TB Association is being called upon to bring these programs to various groups. The films are offered without cost or obligation. This is part of the Health Education program being financed through the Christmas seal sales and the Heart Fund.

Reservations will be accepted up to the week of July 25.

For further information write to the Ulster County TB and Health Association, 74 John street, or phone Kingston 1164.

Firestone Takes Lease

Canton, N. Y., July 20 (AP)—The Firestone Tire & Rubber Co. has taken a 10-year lease on part of 15 acres of land near the St. Lawrence Seaway and power project site, according to the St. Lawrence county clerk's office. Thomas W. Rickard Sr. is renting the property to Firestone, of Akron, Ohio, for $1,000 a year, the office said yesterday. Rickard said he understood Firestone planned to build a large warehouse to supply contractors working on the construction projects.

Tasty Snack

Predicts Red Purge

Taipei, Formosa, July 20 (AP)—The official Central Daily News predicted today that large-scale purges would take place in Red China. It based this prediction on the purge of Hu Feng, prominent figure in the Chinese Communist literary world, and Pan Han-nien, deputy mayor of Shanghai. There were indications, the newspaper said, that internal strife within the Chinese Communist party was becoming sharper and sharper and that dissatisfaction with the Red regime was becoming more manifest.

Long Delivery

Wilmington, N. C. (AP)—A letter from Kinston, some 60 miles away, was 28 years late reaching its destination at a printing firm here. The writer had enclosed a $3 check for a notary public seal. J. E. Hicks said he intended to acknowledge receipt of the order, though he doubts the letter writer will be interested at this late date.

Mrs. Ann Poval, Pleasantville, is the senior primitive camping counselor.

TB Association To Preview Films

The Ulster County TB and Health Association is sponsoring its Third Annual Preview of health education films on Thursday, August 4, at the TB office, 74 John street.

Sessions will be held three times during the day at 9:45 a. m., 1:45 p. m., and 7:45 p. m. so that everyone will have a chance to preview these important health pictures.

The firms include current information on tuberculosis, mental health, the heart, and others.

This year there will be the additional advantage of a guest panel to help evaluate each film and offer assistance to those who attend in deciding just which of the programs are best for their organization.

Information and reply cards have been mailed to organizations throughout the county. To date 30 representatives have expressed a desire to take advantage of this service.

In past years many program chairmen have found these films both educational and entertaining. More and more the TB Association is being called upon to bring these programs to various groups. The films are offered without cost or obligation. This is part of the Health Education program being financed through the Christmas seal sales and the Heart Fund.

Reservations will be accepted up to the week of July 25.

For further information write to the Ulster County TB and Health Association, 74 John street, or phone Kingston 1164.

Firestone Takes Lease

Canton, N. Y., July 20 (AP)—The Firestone Tire & Rubber Co. has taken a 10-year lease on part of 15 acres of land near the St. Lawrence Seaway and power project site, according to the St. Lawrence county clerk's office. Thomas W. Rickard Sr. is renting the property to Firestone, of Akron, Ohio, for $1,000 a year, the office said yesterday. Rickard said he understood Firestone planned to build a large warehouse to supply contractors working on the construction projects.

Predicts Red Purge

Taipei, Formosa, July 20 (AP)—The official Central Daily News predicted today that large-scale purges would take place in Red China. It based this prediction on the purge of Hu Feng, prominent figure in the Chinese Communist literary world, and Pan Han-nien, deputy mayor of Shanghai. There were indications, the newspaper said, that internal strife within the Chinese Communist party was becoming sharper and sharper and that dissatisfaction with the Red regime was becoming more manifest.

EUROPE'S EYE VIEW OF U. S.

It was not so long ago that Europeans—largely due to the influence of Hollywood's "class B" pictures—regarded the U. S. as a land of gangsters and speakeasies.

Chicago and Al Capone were better known to the sophisticated Parisian than were Washington or the high standards of living of the average American.

Today it is the problem of the "American juvenile delinquent" that troubles the friendly and not-so-friendly European. The latter has found another reason for pointing an accusing finger at the United States.

Perhaps the man from Europe who never went to the trouble to find the true source of American strength and progress in not entirely to be blamed. Reading the U. S. publications circulated there or listening to the television and radio commentators, he must inevitably come to the conclusion that the majority of American youngsters are juvenile delinquents.

We are therefore indebted to the London Economist for its fresh and friendly approach to American "Youth in Jeopardy."

Writes the Economist: "In the midst of the furor, it is easy to get the impression that all American children are living lives filled with horror and crime, but in fact 95 per cent of them are growing up in a normal and healthy way."

Unfortunately, the Economist, which always takes an impartial view of the U. S., is only one European voice crying in the wilderness. The majority of Europe's newspapers and organs of public opinion are quite content to paint the more lurid aspects of juvenile crime in the U. S.

It is indeed ironic that even the leaders of the Red "paradise," where juvenile crime has been rampant on a vast scale since early days of the Bolshevik revolution, speak righteously of the rise of youthful waywardness in "capitalist America."

We leave it to the expert to unearth the cause of juvenile delinquency and find the proper remedy. As Sen. Estes Kefauver, who heads the Senate subcommittee which is investigatigating juvenile delinquency, said recently: "The causes of delinquency are as complex as our society."

And American society has become more and more complex in the last 25 years.

However, isn't it about time, while searching for a remedy for the painful problem of delinquency, that we should also remember the overwhelming majority of our healthy and normal youngsters who will grow up to be useful citizens of American society?

NEGRO JUDGE

Governor Averell Harriman has appointed a Negro to the state supreme court for the first time in New York's history. As a member of the highest court in the nation's most populous state, Justice Harold A. Stevens will hold a position of great responsibility. His record indicates that he will serve with distinction.

He was elected in 1950 as the first Negro to sit on the general sessions bench in New York. Prior to that he was a member of the state assembly. He has been active in movements to combat racial discrimination.

Justice Stevens has been a credit to his race. By appointing him to the supreme bench, Governor Harriman has taken a step on the road to assuring all citizens equal opportunity.

Makers of aluminum foil report a big boom in their product. This versatile material, besides being the housewife's friend, goes into a great variety of items ranging from chicken leg bands to auto upholstery.

One inventive fellow is rumored to be devising a special laminated foil for wrapping up troubles and deep-freezing them during vacation time. If it works out, the aluminum people can certainly declare an extra dividend.

The golf season is in full swing and its a pity that some of the golf swings aren't a little fuller.

'These Days'

By GEORGE SOKOLSKY

THE NATIONALIST UPSURGE

While we, in the United States, have tended to avoid nationalism as though it were a sin, in most other countries the post-war era has been marked by an intensified nationalism. This is particularly true among the weaker nations of Asia and Africa which have emerged as independent nations and which are fighting against what they call colonialism. The Bandung Conference was attended by 29 such nations and they passed pro-nationalist, anti-colonial resolutions.

At Geneva, the four gentlemen at the summit are faced by this trend toward intensified nationalism. President Eisenhower will have to consider the fact that nearly all of the newly emerged nationalist states prefer to be neutral as the United States and Soviet Russia for two reasons:

1. Alliance with one of these powers is an affront to the other and may lead to perilous results;

2. Each of the new nationalist states hopes to gain comparative strength by the weakening of both of the great powers. India, for instance, gives the impression of being favorably disposed to Red China; it has avoided coming out openly and plainly on the side of Soviet Russia and declares itself neutralist. Nevertheless, Nehru has been seeking to build a union of Asiatic-African countries with the hope of making the Indian Ocean countries into a voluntary empire of one sort or another, a sort of confederation under the leadership of India. His failure at Bandung must have come as a great shock to him, but it established the fact that most of the nations of Asia and Africa choose to be independent of such external leadership.

General Walter Bedell Smith, a year ago, when he was Under Secretary of State, said:

"Communism is a movement to bring all of the people in the world under one all-powerful central authority, and I define nationalism as the passionate desire of people to live their own lives in their own way. The two are incompatible, it seems to me."

This, it seems to me, is a correct statement. Unfortunately, the incompatibility is not as evident as it should be because it is not always recognized that the Russians operate through two branches: the Marxist Church, which gives the impression of idealism; Russian imperialism, which is a secular effort to push the boundaries of the Soviet Universal State outward.

Sir Anthony Eden, at Geneva, faces the fact that the most important of the new nationalist countries were British colonies and that some of them are still loosely and sentimentally tied into the British system through the Commonwealth of Nations. Whereas it is possible, for instance, for the United States to ignore the wailings and posturings of Nehru and his roving minion, Krishna Menon, the British must take both of them seriously because of India's position in the Commonwealth.

The French are plagued by nationalism in all former and present French colonies and do not know what to do about it. France was the only colonial empire that gave some measure of equality to the colonies in the sense that colonials sat in the French Chamber of Deputies. But that has not proved to be sufficient to keep these peoples loyal to France. In French Indo-China, the independence movement early became associated with Communism and it actually fought a revolutionary war and established a Communist country there.

The Russians face this problem too. Because of their censorship, news on this subject is scant. But by the abolition of certain republics in the Soviet Union, it was made clear that there is some kind of a nationalist movement within Russia itself. The visit of Khrushchev and Bulganin to Yugoslavia and the apology to Tito for the errors of Stalin (they were blamed on Beria) were an acknowledgment of Communistic nationalism. When Dimitrov of Bulgaria and Pauker of Rumania favored this concept, they encountered Kremlin opposition.

This changed attitude can only be the result of a recognition by the Kremlin of the upsurge of nationalism not only in Russia but it the entire Soviet Universal State. Khrushchev, who apparently declines to inherit responsibility for the errors of his predecessors, is willing to acknowledge that nationalism cannot successfully be combatted at this time.

The Big Four in Geneva cannot ignore this state of mind among all peoples, except the Americans, who have not yet caught the nationalistic tone of the moment.

WASTEFUL RIDICULE

There does not seem to be much doubt but that the psychiatrists and medical social workers have been the butt of too many feeble jokes, much more than any other branch of the profession. An Australian physician, Dr. E. G. Saint, in the Medical Journal of Australia complains that psychiatists and social scientists are still too frequently the object of ridicule and hostility by nonpsychiatric clinicians and that this silly attitude is economically wasteful and harmful to progress.

Dr. Saint analyzed critically the experience of himself and his colleagues with 250 new inpatients over 60, ill-health was the result of poverty. In one-fifth of the total number, decades of overeating had brought on overweight and its attendant ills. In 5 per cent, alcohol had produced irreversible liver damage; 15 per cent suffered from mental and emotional disturbances. In approximately 40 per cent of all cases, the disease could be traced to a sociological cause, that is, due to the environment, the type of society, in which people must live. Dr. Saint says, "Were our cultural habits different, and could we exercise greater restraint in our eating, smoking and drinking habits, and suffer less guilt over our sexual habits, and could we always be square pegs in square occupational holes, much morbidity (sickness) might be avoided."

In addition to this study of social origins of disease, Dr. Saint tried to analyze social consequences and found the results were depressing for the hospital failed on one-quarter of its discharged cases to place the patient either in productive employment in society or in living conditions without harmful influence on his future. "The hospitals are becoming better and better repair shops for a society, used to the principle of survival of the fittest, which has not yet learned to make the fullest use of patched up bodies and minds.

What can be done to help turn medical attention to the importance of the social origin and consequences of disease? For one thing, the medical student and nurse should be introduced early to the study of the human individual and social behavior. An educational job is needed to counteract the frame of mind so well expressed by Dr. Saint: "The little world of the hospital is itself so complete, so interesting, so absorbing and satisfying that many young doctors and nurses have no inclination ever to leave it." A second essential is the use of social scientists in research projects on the causes of illness and management of sick persons. "An enlightened attitude toward human behavior may pay bigger research dividends than an electron microscope."

From an editorial in the Canadian Medical Association Journal.

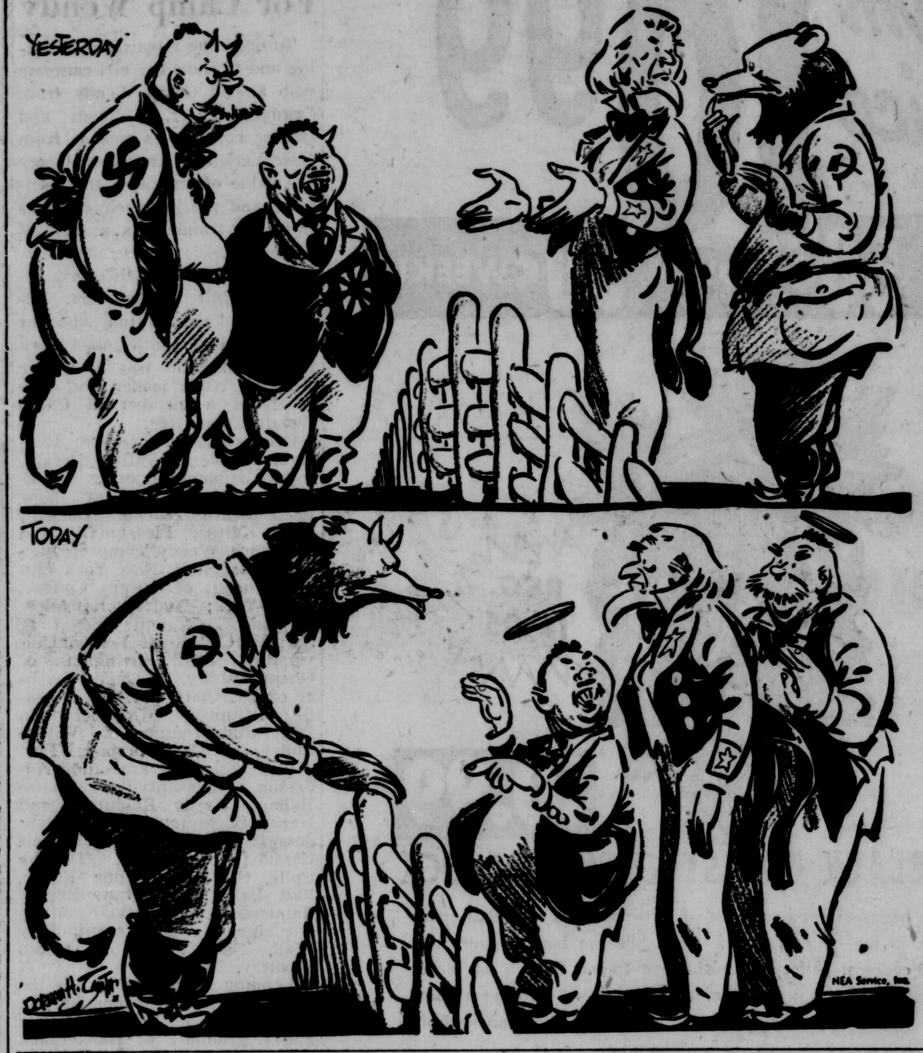
Our Changing World



Edson's Washington News Notebook

By PETER EDSON

NEA Washington Correspondent

Washington — (NEA)—Prospects for a new "pay-as-you-ride" highway construction program seem to be looking up in the House of Representatives. The proposal has come out of a House Public Works subcommittee headed by Rep. George H. Fallon (D.-Md.). The idea is to finance a 15-year, 35-billion-dollar road-building program by increasing federal taxes on gasoline, diesel fuel for trucks, truck tires and trucks.

The Fallon plan would be substituted for President Eisenhower's 10-year, 31-billion-dollar program financed entirely by bond issues, as proposed by the special highway commission under Gen. Lucius Clay.

The Fallon bill would also have to be substituted for the Senate-passed bill sponsored by Sen. Albert M. Gore (D.-Tenn.). The Gore bill provides for a 5-year, 18-billion-dollar program paid for out of general revenues.

This would mean an increase in federal government spending of over 3.5 billion dollars a year. There would be a corresponding increase in the national debt. But a majority of the Senate believed this better than paying higher interest on a road construction bond issue, which would cost even more.

AS FAR AS THE EISENHOWER administration is concerned, if it cannot have the Clay report program and bond issue, it would much prefer the Fallon program of the House to the Gore program of the Senate.

But whether the Senate will be willing to accept the House program, involving automotive tax increases, is something else again.

The way the Fallon program shapes up now, subject to still further revision, is like this:

Increase gasoline taxes from two to three cents a gallon, to yield an extra 475 million dollars a year.

Increase diesel fuel taxes from two to six cents a gallon, to yield an extra 44 million dollars a year.

Increase the tax on new trucks from 8 to 10 per cent, to yield an extra 42 million dollars a year.

Increase taxes on truck tires weighing over 90 pounds from five to 15 cents a pound and increase the tax on tubes for heavy truck tires from nine to 15 cents a pound. These two increases would yield an extra 30 million dollars a year.

Impose a new tax of 7½ cents a pound on camelback for tire retreads. Yield, an extra 22 million dollars a year.

THE TOTAL YIELD from these six new taxes is estimated at over 600 million dollars the first year. But as the number of cars and trucks and their use increased from year to year, it is estimated that over the 15 years of the program, through 1970, to total tax increase yield would be around 12 billion dollars.

This sum, added to the 22 billion dollars collected from existing federal taxes on gasoline, diesel fuel, truck tires and trucks, would just about make the Fallon program self-supporting.

Automotive pressure groups have already succeeded in whittling down some of the more extreme provisions first proposed by the Fallon committee. The original idea was to raise the tax on truck tires from five to 50 cents a pound.

This would have made the tax on an 11:00 x 22 truck tire weighing 150 pounds $75, or $300 for a set of four. So the tax was cut to 15 cents a pound, or $22.50 for this size tire.

TRUCKING INTERESTS now maintain that taxes on an average new four-axle trailer-truck, its tires and fuel plus registration fees, are $2,900 the first year. Under the Fallon bill this sum would go up $3,500.

But these same arguments are used by supporters of the "pay-as-you-ride" plan to justify the tax increases for new highway construction. Heavy trucks are said to cause the most wear and tear on roads, so should pay more.

For all automotive equipment to pay for new highway construction is considered nothing more than a "toll" for road use, paid for on a proportionate basis.

Twenty and Ten Years Ago

July 21, 1935—Discussion on provisions of a proposed new city charter revealed groups for and against it, as it was due for a referendum vote July 23.

The Emergency Relief Bureau reported 95 men employed on water department projects.

Today's Look at Geneva

Argentina Case Shows Reds People Force Out Dictators

By DAVID LAWRENCE

(This dispatch is written after analyzing all the pronouncements issued by the Big Four at Geneva, including the latest proposal by Marshal Bulganin of Soviet Russia for a 50-year collective security treaty for Europe.)

The men who rule Soviet Russia have listened to the fine, friendly words of their colleagues at Geneva and have been wined and dined by them, but the Soviet answer is just the same—the North Atlantic Treaty and the Paris accords drawn up by the West must be scrapped and a new organization established in which Moscow wants to exercise a veto power.

FEW PERSONS outside Geneva are surprised by the bold and defiant maneuver which negatives all the words of conciliation that have been uttered before, but again few persons in Geneva probably are surprised either.

For the world's balance of power doesn't change because of a conference of the heads of governments. Nor are the facts of mutual distrust and fear removed by negotiation.

Perhaps the biggest story of the last 24 hours isn't in Geneva at all. It's down in Buenos Aires, where the ferment of discontent is slowly but surely forcing a dictatorship out of power. Previous attempts to remove President Peron have failed, but the murmurs have not been stilled. The fires of revolution are being kindled anew.

ARGENTINA points a lesson to Soviet Russia. For, sooner or later, the people find high up in the armed services men who force the issue and compel the dictators to step down.

It could be that the seeds of revolution in Soviet Russia are being sown by the news emanating from Geneva. For it will be evident to the peoples of the Soviet Union and of the satellite states that there can be no hope of peace and no real relief from the threat of a nuclear war while a dictatorship rules in Moscow. It is being clearly demonstrated that the Communists are vetoing world peace.

The heart of the problem of European security is not in the treaties or proposals for mutual consultation but in the kind of governments that have the responsibility for maintaining peace. The form of government may seem to be an internal matter but the moment any government becomes an external menace the problem is not confined to any one country—it affects a whole continent and perhaps the whole world.

WHETHER Argentina is a dictatorship doesn't affect world peace, and hence what has been happening under Peron in Argentina is, theoretically, an internal affair, while the Communist government in Moscow is not content to confine its activities to the Soviet Union. It reaches out into all other countries with its plots and subversive activities.

The example of Argentina, however, is significant. For a determined effort prevails there to avoid bloodshed, as the heads of the army and navy are engaged in a heroic attempt to restore constitutional government to the people.

When there is a truly free government in Soviet Russia, the signing of an all-European collective security treaty such as Bulganin has proposed would be acceptable to everybody. The words of the proposed text are, with some few exceptions, applicable to a system of European security to which all nations in the West could subscribe—if there were mutual trust. Bulganin, however, has forgotten the main point—the importance of the authority back of the government which is to perform the acts specified in the 50-year treaty.

IF THERE is no authority other than the tyranny of a few men—an oligarchy which rules by force and can start an aggressive war at any moment—then the treaty loses any value it might otherwise have as a means of assuring peace.

If the treaty is backed by a freely elected parliament with constitutional guarantees to the individual citizen, then it could easily become a substitute for the North Atlantic Treaty and the Paris accords when Germany is reunified and has its own national government freely chosen by the people.

There probably is widespread disappointment at the turn of events in Geneva, but the fact is Geneva developments have cleared the air and pointed the real way to peace—through the action of the people of Soviet Russia led by those men of a know that the continuance of a dictatorship keeps alive the threat of war, but that the birth of a free government means the death of war.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Geneva—In Britain the press has come to grips with itself, in a public, though limited discussion of its faults. The proprietors of the Times have decided that the degradation of journalism by the so-called popular press is not a private affair in a household of magnates to be ignored as a matter of courtesy even in their formal consistories. This is a break from a self-imposed taboo of many years. The Times attack on certain nameless but obvious urchins of the trade has evoked retorts from these gutter-snipes and the issue apparently is joined, to be fought out in running repartee for a long time. At the moment, Sir Anthony Eden, the prime minister, has just ducked a dangerous proposal by a Laborite or Socialist Party M.P. that Commons create a real government board of censorship, with statutory power to "deal with" complaints about the press. There is an existence of a sort of private grand jury within the industry. Eden refused to have anything to do with the proposal of the opposition M.P. on the ground that it would commit his government to impairment of freedom of the press.

The American press has flagrant faults, including vulgarity, but the worst of them are bias and suppression and distortion which are common also in even the most stately and stuffy English dailies. But we have few specimens which are even comparable in sordid banality to a whole bundle of London papers, the worst of which pour forth in mountainous volume on Sundays. It is hard to believe that the mass of the British people are so stupid as to believe such awful rubbish as these papers thrust upon them about Hollywood and their own amusement industry, about old and current crimes and inane foibles of night-club nonentities. This observation may seem to come with poor grace from an American journalist, for we, too, have wallowed in such muck for 30 years and have made grand celebrities of notorious characters of both sexes. In the British papers all such copy is utterly silly and most of it is obvious fraud. It is beyond my power to imagine worse composition or more dishonest purpose in both the writers and those who sell it for a profit.

The Times teed off on the rabble in an editorial celebrating the 100th anniversary of a law which really created freedom of the press by repealing a certain stamp tax. That has been a diluted boon, however. The number of papers has multiplied enormously but it is hard to imagine in what respect the papers existing before that repeal could have been worse.

The Times thought this year might be decisive in the career of the press because already, "authority had passed to the spoken word" of radio.

"What," the Times asked, "will be the future of the press? If it continues its present course, it will regain neither status nor authority. The race for mammoth circulations has led in some cases to a disgraceful lowering of values. The baser instincts are being pandered to, not only in lasciviousness — the influence of this can be overrated — but in social attitudes and conduct as well. Envy, jealousy, intolerance, suspicion are all too often being indirectly fostered. Irresponsibility is rife. The tone of voice is a perpetual shriek. It is in fact deplorable that some of the worst examples should be classed as newspapers at all. By no means all the journalists on the worst newspapers wish them to be thus. But the turning of the press into a predominantly business enterprise, the fact that readers have to be fought for by the million to make popular journalism viable (capable of living. Ed.) have engendered forces greater than the journalists."

The Times then ventured a faulty and risky tribute to the memory of its own late Lord Northcliffe, a mountebank whose affectations and indifference to truth in his lesser publications are a milestone on the downward path. Northcliffe had his "Daily Mail" as well as his Times of London. One client of the Times immediately diluted the tribute by recalling that in 1900 the Daily Mail "published a lurid account of the massacre of the legations at Pekin which was pure invention," He might also have remembered that Northcliffe waged an actual campaign to convince the allied world in the first World War that the Germans were boiling down their own dead for animal fat for explosives. This was based on a desired interpretation of the word "kadaver" by which the German official order in question meant, of course, the carcasses of animals.

It may be too late to profit by this criticism because the British mass circulation is colossal by comparison with ours and the public palate is numbed. Accordingly, these magnates have power, though without conscience, and wealth flows in as wages of a corruption which one day must cost Britain much in loss of morals and perhaps of freedom. But, to the honor of the times, be it said that the old Thunderer has thundered a challenge which will be disputed and, by dispute, give public notice of a menace already well developed.

The most sensible and honest expression on the freedom and responsibility of the press that I have read in years was published by the Richmond News-Leader last April 1. The News-Leader said that freedom of the press was "the unquestioned right of a publisher to publish what he pleases."

EUROPE'S EYE VIEW OF U. S.

It was not so long ago that Europeans—largely due to the influence of Hollywood's "class B" pictures—regarded the U. S. as a land of gangsters and speakeasies.

Chicago and Al Capone were better known to the sophisticated Parisian than were Washington or the high standards of living of the average American.

Today it is the problem of the "American juvenile delinquent" that troubles the friendly and not-so-friendly European. The latter has found another reason for pointing an accusing finger at the United States.

Perhaps the man from Europe who never went to the trouble to find the true source of American strength and progress in not entirely to be blamed. Reading the U. S. publications circulated there or listening to the television and radio commentators, he must inevitably come to the conclusion that the majority of American youngsters are juvenile delinquents.

We are therefore indebted to the London Economist for its fresh and friendly approach to American "Youth in Jeopardy."

Writes the Economist: "In the midst of the furor, it is easy to get the impression that all American children are living lives filled with horror and crime, but in fact 95 per cent of them are growing up in a normal and healthy way."

Unfortunately, the Economist, which always takes an impartial view of the U. S., is only one European voice crying in the wilderness. The majority of Europe's newspapers and organs of public opinion are quite content to paint the more lurid aspects of juvenile crime in the U. S.

It is indeed ironic that even the leaders of the Red "paradise," where juvenile crime has been rampant on a vast scale since early days of the Bolshevik revolution, speak righteously of the rise of youthful waywardness in "capitalist America."

We leave it to the expert to unearth the cause of juvenile delinquency and find the proper remedy. As Sen. Estes Kefauver, who heads the Senate subcommittee which is investigatigating juvenile delinquency, said recently: "The causes of delinquency are as complex as our society."

And American society has become more and more complex in the last 25 years.

However, isn't it about time, while searching for a remedy for the painful problem of delinquency, that we should also remember the overwhelming majority of our healthy and normal youngsters who will grow up to be useful citizens of American society?

NEGRO JUDGE

Governor Averell Harriman has appointed a Negro to the state supreme court for the first time in New York's history. As a member of the highest court in the nation's most populous state, Justice Harold A. Stevens will hold a position of great responsibility. His record indicates that he will serve with distinction.

He was elected in 1950 as the first Negro to sit on the general sessions bench in New York. Prior to that he was a member of the state assembly. He has been active in movements to combat racial discrimination.

Justice Stevens has been a credit to his race. By appointing him to the supreme bench, Governor Harriman has taken a step on the road to assuring all citizens equal opportunity.

Makers of aluminum foil report a big boom in their product. This versatile material, besides being the housewife's friend, goes into a great variety of items ranging from chicken leg bands to auto upholstery.

One inventive fellow is rumored to be devising a special laminated foil for wrapping up troubles and deep-freezing them during vacation time. If it works out, the aluminum people can certainly declare an extra dividend.

The golf season is in full swing and its a pity that some of the golf swings aren't a little fuller.

'These Days'

By GEORGE SOKOLSKY

THE NATIONALIST UPSURGE

While we, in the United States, have tended to avoid nationalism as though it were a sin, in most other countries the post-war era has been marked by an intensified nationalism. This is particularly true among the weaker nations of Asia and Africa which have emerged as independent nations and which are fighting against what they call colonialism. The Bandung Conference was attended by 29 such nations and they passed pro-nationalist, anti-colonial resolutions.

At Geneva, the four gentlemen at the summit are faced by this trend toward intensified nationalism. President Eisenhower will have to consider the fact that nearly all of the newly emerged nationalist states prefer to be neutral as the United States and Soviet Russia for two reasons:

1. Alliance with one of these powers is an affront to the other and may lead to perilous results;

2. Each of the new nationalist states hopes to gain comparative strength by the weakening of both of the great powers. India, for instance, gives the impression of being favorably disposed to Red China; it has avoided coming out openly and plainly on the side of Soviet Russia and declares itself neutralist. Nevertheless, Nehru has been seeking to build a union of Asiatic-African countries with the hope of making the Indian Ocean countries into a voluntary empire of one sort or another, a sort of confederation under the leadership of India. His failure at Bandung must have come as a great shock to him, but it established the fact that most of the nations of Asia and Africa choose to be independent of such external leadership.

General Walter Bedell Smith, a year ago, when he was Under Secretary of State, said:

"Communism is a movement to bring all of the people in the world under one all-powerful central authority, and I define nationalism as the passionate desire of people to live their own lives in their own way. The two are incompatible, it seems to me."

This, it seems to me, is a correct statement. Unfortunately, the incompatibility is not as evident as it should be because it is not always recognized that the Russians operate through two branches: the Marxist Church, which gives the impression of idealism; Russian imperialism, which is a secular effort to push the boundaries of the Soviet Universal State outward.

Sir Anthony Eden, at Geneva, faces the fact that the most important of the new nationalist countries were British colonies and that some of them are still loosely and sentimentally tied into the British system through the Commonwealth of Nations. Whereas it is possible, for instance, for the United States to ignore the wailings and posturings of Nehru and his roving minion, Krishna Menon, the British must take both of them seriously because of India's position in the Commonwealth.

The French are plagued by nationalism in all former and present French colonies and do not know what to do about it. France was the only colonial empire that gave some measure of equality to the colonies in the sense that colonials sat in the French Chamber of Deputies. But that has not proved to be sufficient to keep these peoples loyal to France. In French Indo-China, the independence movement early became associated with Communism and it actually fought a revolutionary war and established a Communist country there.

The Russians face this problem too. Because of their censorship, news on this subject is scant. But by the abolition of certain republics in the Soviet Union, it was made clear that there is some kind of a nationalist movement within Russia itself. The visit of Khrushchev and Bulganin to Yugoslavia and the apology to Tito for the errors of Stalin (they were blamed on Beria) were an acknowledgment of Communistic nationalism. When Dimitrov of Bulgaria and Pauker of Rumania favored this concept, they encountered Kremlin opposition.

This changed attitude can only be the result of a recognition by the Kremlin of the upsurge of nationalism not only in Russia but it the entire Soviet Universal State. Khrushchev, who apparently declines to inherit responsibility for the errors of his predecessors, is willing to acknowledge that nationalism cannot successfully be combatted at this time.

The Big Four in Geneva cannot ignore this state of mind among all peoples, except the Americans, who have not yet caught the nationalistic tone of the moment.

That Body of Yours

WASTEFUL RIDICULE

There does not seem to be much doubt but that the psychiatrists and medical social workers have been the butt of too many feeble jokes, much more than any other branch of the profession. An Australian physician, Dr. E. G. Saint, in the Medical Journal of Australia complains that psychiatists and social scientists are still too frequently the object of ridicule and hostility by nonpsychiatric clinicians and that this silly attitude is economically wasteful and harmful to progress.

Dr. Saint analyzed critically the experience of himself and his colleagues with 250 new inpatients over 60, ill-health was the result of poverty. In one-fifth of the total number, decades of overeating had brought on overweight and its attendant ills. In 5 per cent, alcohol had produced irreversible liver damage; 15 per cent suffered from mental and emotional disturbances. In approximately 40 per cent of all cases, the disease could be traced to a sociological cause, that is, due to the environment, the type of society, in which people must live. Dr. Saint says, "Were our cultural habits different, and could we exercise greater restraint in our eating, smoking and drinking habits, and suffer less guilt over our sexual habits, and could we always be square pegs in square occupational holes, much morbidity (sickness) might be avoided."

In addition to this study of social origins of disease, Dr. Saint tried to analyze social consequences and found the results were depressing for the hospital failed on one-quarter of its discharged cases to place the patient either in productive employment in society or in living conditions without harmful influence on his future. "The hospitals are becoming better and better repair shops for a society, used to the principle of survival of the fittest, which has not yet learned to make the fullest use of patched up bodies and minds.

What can be done to help turn medical attention to the importance of the social origin and consequences of disease? For one thing, the medical student and nurse should be introduced early to the study of the human individual and social behavior. An educational job is needed to counteract the frame of mind so well expressed by Dr. Saint: "The little world of the hospital is itself so complete, so interesting, so absorbing and satisfying that many young doctors and nurses have no inclination ever to leave it." A second essential is the use of social scientists in research projects on the causes of illness and management of sick persons. "An enlightened attitude toward human behavior may pay bigger research dividends than an electron microscope."

From an editorial in the Canadian Medical Association Journal.

Our Changing World

Edson's Washington News Notebook

By PETER EDSON

NEA Washington Correspondent

Washington — (NEA)—Prospects for a new "pay-as-you-ride" highway construction program seem to be looking up in the House of Representatives. The proposal has come out of a House Public Works subcommittee headed by Rep. George H. Fallon (D.-Md.). The idea is to finance a 15-year, 35-billion-dollar road-building program by increasing federal taxes on gasoline, diesel fuel for trucks, truck tires and trucks.

The Fallon plan would be substituted for President Eisenhower's 10-year, 31-billion-dollar program financed entirely by bond issues, as proposed by the special highway commission under Gen. Lucius Clay.

The Fallon bill would also have to be substituted for the Senate-passed bill sponsored by Sen. Albert M. Gore (D.-Tenn.). The Gore bill provides for a 5-year, 18-billion-dollar program paid for out of general revenues.

This would mean an increase in federal government spending of over 3.5 billion dollars a year. There would be a corresponding increase in the national debt. But a majority of the Senate believed this better than paying higher interest on a road construction bond issue, which would cost even more.

AS FAR AS THE EISENHOWER administration is concerned, if it cannot have the Clay report program and bond issue, it would much prefer the Fallon program of the House to the Gore program of the Senate.

But whether the Senate will be willing to accept the House program, involving automotive tax increases, is something else again.

The way the Fallon program shapes up now, subject to still further revision, is like this:

Increase gasoline taxes from two to three cents a gallon, to yield an extra 475 million dollars a year.

Increase diesel fuel taxes from two to six cents a gallon, to yield an extra 44 million dollars a year.

Increase the tax on new trucks from 8 to 10 per cent, to yield an extra 42 million dollars a year.

Increase taxes on truck tires weighing over 90 pounds from five to 15 cents a pound and increase the tax on tubes for heavy truck tires from nine to 15 cents a pound. These two increases would yield an extra 30 million dollars a year.

Impose a new tax of 7½ cents a pound on camelback for tire retreads. Yield, an extra 22 million dollars a year.

THE TOTAL YIELD from these six new taxes is estimated at over 600 million dollars the first year. But as the number of cars and trucks and their use increased from year to year, it is estimated that over the 15 years of the program, through 1970, to total tax increase yield would be around 12 billion dollars.

This sum, added to the 22 billion dollars collected from existing federal taxes on gasoline, diesel fuel, truck tires and trucks, would just about make the Fallon program self-supporting.

Automotive pressure groups have already succeeded in whittling down some of the more extreme provisions first proposed by the Fallon committee. The original idea was to raise the tax on truck tires from five to 50 cents a pound.

This would have made the tax on an 11:00 x 22 truck tire weighing 150 pounds $75, or $300 for a set of four. So the tax was cut to 15 cents a pound, or $22.50 for this size tire.

TRUCKING INTERESTS now maintain that taxes on an average new four-axle trailer-truck, its tires and fuel plus registration fees, are $2,900 the first year. Under the Fallon bill this sum would go up $3,500.

But these same arguments are used by supporters of the "pay-as-you-ride" plan to justify the tax increases for new highway construction. Heavy trucks are said to cause the most wear and tear on roads, so should pay more.

For all automotive equipment to pay for new highway construction is considered nothing more than a "toll" for road use, paid for on a proportionate basis.

Today's Look at Geneva

Argentina Case Shows Reds People Force Out Dictators

By DAVID LAWRENCE

(This dispatch is written after analyzing all the pronouncements issued by the Big Four at Geneva, including the latest proposal by Marshal Bulganin of Soviet Russia for a 50-year collective security treaty for Europe.)

The men who rule Soviet Russia have listened to the fine, friendly words of their colleagues at Geneva and have been wined and dined by them, but the Soviet answer is just the same—the North Atlantic Treaty and the Paris accords drawn up by the West must be scrapped and a new organization established in which Moscow wants to exercise a veto power.

FEW PERSONS outside Geneva are surprised by the bold and defiant maneuver which negatives all the words of conciliation that have been uttered before, but again few persons in Geneva probably are surprised either.

For the world's balance of power doesn't change because of a conference of the heads of governments. Nor are the facts of mutual distrust and fear removed by negotiation.

Perhaps the biggest story of the last 24 hours isn't in Geneva at all. It's down in Buenos Aires, where the ferment of discontent is slowly but surely forcing a dictatorship out of power. Previous attempts to remove President Peron have failed, but the murmurs have not been stilled. The fires of revolution are being kindled anew.

ARGENTINA points a lesson to Soviet Russia. For, sooner or later, the people find high up in the armed services men who force the issue and compel the dictators to step down.

It could be that the seeds of revolution in Soviet Russia are being sown by the news emanating from Geneva. For it will be evident to the peoples of the Soviet Union and of the satellite states that there can be no hope of peace and no real relief from the threat of a nuclear war while a dictatorship rules in Moscow. It is being clearly demonstrated that the Communists are vetoing world peace.

The heart of the problem of European security is not in the treaties or proposals for mutual consultation but in the kind of governments that have the responsibility for maintaining peace. The form of government may seem to be an internal matter but the moment any government becomes an external menace the problem is not confined to any one country—it affects a whole continent and perhaps the whole world.

WHETHER Argentina is a dictatorship doesn't affect world peace, and hence what has been happening under Peron in Argentina is, theoretically, an internal affair, while the Communist government in Moscow is not content to confine its activities to the Soviet Union. It reaches out into all other countries with its plots and subversive activities.

The example of Argentina, however, is significant. For a determined effort prevails there to avoid bloodshed, as the heads of the army and navy are engaged in a heroic attempt to restore constitutional government to the people.

When there is a truly free government in Soviet Russia, the signing of an all-European collective security treaty such as Bulganin has proposed would be acceptable to everybody. The words of the proposed text are, with some few exceptions, applicable to a system of European security to which all nations in the West could subscribe—if there were mutual trust. Bulganin, however, has forgotten the main point—the importance of the authority back of the government which is to perform the acts specified in the 50-year treaty.

IF THERE is no authority other than the tyranny of a few men—an oligarchy which rules by force and can start an aggressive war at any moment—then the treaty loses any value it might otherwise have as a means of assuring peace.

If the treaty is backed by a freely elected parliament with constitutional guarantees to the individual citizen, then it could easily become a substitute for the North Atlantic Treaty and the Paris accords when Germany is reunified and has its own national government freely chosen by the people.

There probably is widespread disappointment at the turn of events in Geneva, but the fact is Geneva developments have cleared the air and pointed the real way to peace—through the action of the people of Soviet Russia led by those men of a know that the continuance of a dictatorship keeps alive the threat of war, but that the birth of a free government means the death of war.

Harriman Regime Criticized

Morhouse Says State In Hands of Fumblers

White Plains, N. Y., July 21 (AP)—Republican State Chairman L. Judson Morhouse said today that "never has the government of this state been in the hands of such irresponsible fumblers as the Tammany-Harriman crowd."

The Tammany gang now controls the Democrat Party in this state completely," Morhouse declared.

THE GOP chairman assailed the Democratic governor and the party's Manhattan organization in a speech prepared for a five-county meeting of county chairmen and other party officials. The meeting was for the Ninth Judicial District, composed of Westchester, Putnam, Dutchess, Orange and Rockland counties.

Morhouse said:

"Mr. Harriman's prescription of injecting our healthy system of free enterprise with unneeded and dangerous doses of socialism and to measure us for economic straitjackets represents a potential threat to our national life.

"THE LEFT-WING, socialistic bloc of his party may well succeed in nominating him for president. Already, despite Mr. Harriman's repeated declarations that he favors Mr. (Adlai E.) Stevenson, Mr. Harriman's political promoters are preparing to doublecross Mr. Stevenson to gain the nomination for Mr. Harriman."

Harriman made an unsuccessful bid for the Democratic presidential nomination at the 1952 convention. Among those booming for 1956 are Democratic State Chairman Michael Prendergast and Carmine G. DeSapio, leader of Tammany Hall, Democratic national committeeman and New York secretary of state.

PLANS TO nominate Harriman will be frustrated, Morhouse said, "by the peace, prosperity, social progress and gains in economic security the American people have achieved under the leadership of President Eisenhower." Morhouse added:

"Their plans will be further frustrated, too, by people like those of Westchester county, who have had a chance to observe at close range the Tammany-Left-Wing pattern of costly, confused government in New York city, as well as the people of the entire state who were so quickly disillusioned by the statewide extension of the same brand of government by the Harriman administration."

Morhouse predicted the reelection of Eisenhower "with the greatest total of votes in history."

COMING OUT—This new 50-cent stamp honors Susan B. Anthony, pioneer crusader for equal rights for women. It goes on sale at Louisville, Ky., on August 25, opening day of the annual convention of the Society of Philatelic Americans.

False Move

Marietta, Ohio (AP)—Denzel C. Hogue moved himself out of a city council post. He moved 300 feet too far. When the first ward councilman, changed his residence he thought his new home was still in the first ward. But it was 300 feet inside the adjoining second ward.

benefit from his membership as he put into it. The mayor's remarks were well received and vigorously applauded.

Augustus P. Modjeska, governor's aid for Rotary in this area, served as master of ceremonies. He introduced Wendell Phillips of Port Jervis, governor of District 256, who presented the Rotary Club of Saugerties with its charter. The charter was accepted on behalf of the club by Morris Rosenblum, its president. He expressed appreciation to all those who have helped in starting the local club and making it a going concern.

John T. Kaemmerlen, past district governor, was introduced and after a brief address he presented awards on behalf of George Bagley, the immediate past district governor. These awards were made to Lewis Wilson, president of the Rotary Club of Woodstock, and to Augustus P. Modjeska, governor's aid, for their outstanding work in establishing the Saugerties Club.

Samuel J. Hickman, past district governor, was next introduced and he gave a roll call of the neighboring Rotary Clubs, each of which made a gift to the Saugerties Club. As past district governor, Hickman real the roll of the clubs. The members representing them who were present arose and acknowledged applause. Acknowledgement was also made of the gifts from those clubs. The clubs included those of Phoenicia, Greenville, Woodstock, Hudson, Port Jervis, Kingston, Red Hook, Newburgh, Lake Mahopac, Carmel, Monticello, Haverstraw, Coxsackie, Rhinebeck, Catskill.

All of the members of the newly-chartered Rotary Club of Saugerties and their 75 guests received an engraved souvenir program at the Charter Night banquet. The drawing was made by Crystal Jobst, who will be a junior in Saugerties High School this fall.

THE PROGRAM included a list of the officers of the club and the charter members as follows: President, Morris Rosenblum; vice president, Basil J. Kane; secretary, John Robbins; treasurer, Grant D. Morse; directors, Evan Boardman, Donald M. Genthner, Willett C. Overbaugh, Richard A. Lezette, John M. Robbins, Morris Rosenblum, Warren H. Knaust, Grant D. Morse, and Basil J. Kane. The charter members as follows: Evan Boardman, Ralph G. Branigan, George W. Campbell, Franklin P. Clum, Jr., James W. Dargan, Donald M. Genthner, Ronald B. Johnstone, Basil J. Kane, Warren H. Knaust, Richard A. Lezette, H. Hilton Long, Charles J. Marabell, Grant D. Morse, Rudolph P. Nelson, John J. Noble, Willett C. Overbaugh, Jack O. Pakanen, Ralph Ricketson, John M. Robbins, Robert G. Rose, Morris Rosenblum, Henry W. Sagazie, Herman L. Snyder, Terry Staples, Roland H. Tonnesen, Stephen Vozdik.

On the last page of the program appeared the following specially prepared historical note: "Some 250 years before that small group of Rotarians, headed by Paul Harris, met in Chicago to charter the first Rotary Club (symbolized by a wheel) the wheel of the Little Sawyer, which has become symbolic of our community, was set in motion.

"SAUGERTIES was formed from the town of Wiltwyck (Kingston) and was first named Ulster. Some years later it was changed to Saugerties. The name was derived from the Dutch word, "de Zaagertje's", means "the Little Sawyer." As the legend goes, the Old Sawyer lived and plied his trade here, building a grist mill near the mouth of the Sawkill Creek. To him the Indians had granted all the lands from the river to the blue mountains beyond. But where this man came from, and whither he went is a mystery unsolved to this day.

"As the Little Sawyer's wheel served as a means of bringing progress to this area, so Rotary is a wheel for turning the best side of man to the light, uniting him in world fellowship and understanding.

"On this Charter Night we promise to see our town in its best light. If we cannot see the bright side—we will polish up the dark side.

"'He Profits Most Who Serves Best.'"

Harriman Sees Pope

Vatican City, July 21 (AP)—Gov. Averell Harriman of New York had a 20-minute audience with Pope Pius XII today and later said the Pontiff "looked as well as he did in 1947." The New York official was accompanied to the audience by Bishop Martin J. O'Connor, rector of the North American Pontifical College in Rome. Harriman said he and the Pope "discussed matters of interest to Catholic people, people of New York state and of the United States as well." He said that he found the 79-year-old head of the Roman Catholic Church "very well and very strong."

Harriman Regime Criticized

Morhouse Says State In Hands of Fumblers

White Plains, N. Y., July 21 (AP)—Republican State Chairman L. Judson Morhouse said today that "never has the government of this state been in the hands of such irresponsible fumblers as the Tammany-Harriman crowd."

Hurley Children Plan for Picnic

A Festival of Ports will be conducted tonight at 7:30 o'clock by the Daily Vacation Bible school of the Hurley Reformed Church.

For the past two weeks the children of the Vacation Bible School have been "sailing with Christ." Of the 60 shipmates who were pre-enrolled a daily average of 55 shipmates were in attendance for the daily voyage.

THE TWO-WEEKS cruise was directed by the following crew members:

Skipper, the Rev. H. C. Schmalzriedt; First Mates (superintendents), Mrs. V. Goetschius, Mrs. Thomas Jackson, Mrs. F. M. Brinkman; Second Mates (teachers), Enid Goetschius, Nancy Hutton, Barbara Ann Kay, and Joan Kolodziejski; Purser, Mrs. William Hutton; Cabin Stewards (helpers), Judy Krom, Carlotta Carlotti, Shirley Burgher, Adele Lehtonen, Jay Stauble and Glen Lockwood.

With the completion of the Bible school classes, plans were announced for the annual Sunday school and Vacation Bible school picnic. The event this year will be held in Forsyth Park and cars will leave from the church at 10 a. m., on Friday, July 22.

Add a little poultry seasoning to buttered bread cubes; use as a topping for a creamed chicken casserole.

Lyonsville

Lyonsville, July 20—Church services were recently resumed for the summer and are held every Sunday at 11:15 a. m., with the Rev. Richard B. Coons, pastor. Choir practice will be held Thursday at 8 p. m. at the home of Mr. and Mrs. Sherman Barley.

The weekly food sale for the benefit of the church repair fund will be held at the home of Mrs. Floyd V. Davis on Saturday, 10 a. m. Mrs. Oscar Christensen, fund treasurer has reported the sum of $110 at the close of the third sale.

The Lyonsville Community Club held its meeting on Saturday night at the club house. The membership welcomed new members including Mr. and Mrs. Pfeil, Mr. and Mrs. Pat Cummings and Mrs. Simon Schwartz.

Hurley Children Plan for Picnic

A Festival of Ports will be conducted tonight at 7:30 o'clock by the Daily Vacation Bible school of the Hurley Reformed Church.

For the past two weeks the children of the Vacation Bible School have been "sailing with Christ." Of the 60 shipmates who were pre-enrolled a daily average of 55 shipmates were in attendance for the daily voyage.

THE TWO-WEEKS cruise was directed by the following crew members:

Skipper, the Rev. H. C. Schmalzriedt; First Mates (superintendents), Mrs. V. Goetschius, Mrs. Thomas Jackson, Mrs. F. M. Brinkman; Second Mates (teachers), Enid Goetschius, Nancy Hutton, Barbara Ann Kay, and Joan Kolodziejski; Purser, Mrs. William Hutton; Cabin Stewards (helpers), Judy Krom, Carlotta Carlotti, Shirley Burgher, Adele Lehtonen, Jay Stauble and Glen Lockwood.

With the completion of the Bible school classes, plans were announced for the annual Sunday school and Vacation Bible school picnic. The event this year will be held in Forsyth Park and cars will leave from the church at 10 a. m., on Friday, July 22.

Add a little poultry seasoning to buttered bread cubes; use as a topping for a creamed chicken casserole.

46 Dams Proposed by Reds To Tame Fierce Yellow River

Tokyo, July 21 (AP)—Communist China proposes to tame the world's most unruly river—the Yellow river whose capacity for disaster has given it the name of "China's Sorrow."

The Reds envision a series of 46 dams, terracing the main course of the river which flows through North China. The dams in turn would generate 110 billion kilowatt hours of electricity in a year, or 10 times China's total in 1954.

THE PLANS were outlined to the National People's Congress in Peiping this week by Vice Premier Teng Tzu-hui, said a Peiping radio broadcast heard here.

Teng told the congress the biggest reservoir would be in Sanmen gorge at Shenhsien, Honan province, and would rank "second only to the world's biggest reservoir — the Kuibyshev reservoir in the Soviet Union." Construction at Sanmen, Teng said, is to start in 1957 and be completed in 1961.

The entire Yellow river harnessing project, the vice premier said, is a "dream which the Chinese people cherished for thousands of years" and will "come true not in hundreds of years but scores of years."

HE SAID the first phase "would be completed in China's first three five-year plans ending in 1967, to solve flood prevention, power generation, irrigation and other urgent problems."

Harnessing the 2,900-mile long Yellow river, China's second biggest, will expand irrigated acreage along its banks from the present 2,700,000 acres to about 18,000,000, Teng said.

He admitted the task was "tremendous." It would require, he said, "modern scientific and technical knowledge, huge investment from the state, the support of the broad masses, and all-out cooperation between the government and the people and the workers and the peasants."

THE SOVIET Union, he said, has provided experts to help the Chinese draft the plan for the mammoth project. He reported seven Soviet experts had arrived in China to begin work.

Teng told the congress the Yellow river had flooded more than 1,500 times in about 3,000 years, chiefly because of "the serious silting up of the lower course of the river."

The Yellow's silting, he said, was the worst in the world—1,380,000,000 tons a year or enough to build a dike about a yard high and about a yard wide "around the equator 23 times." He said the river bed at some points is 32 feet above the level of the adjacent ground, held in bounds only by dikes.

Airport Approach Protection Urged

NEW YORK STATE municipalities are failing to use their powers to protect the air space in and around airports, Claude B. Friday, director of the Bureau of Aviation of the New York State Department of Commerce, declared today.

Speaking to a group of teachers attending the second annual Aviation Workshop of the State Teachers College at Plattsburgh, Mr. Friday said municipalities in the state "have shown reluctance to utilize their powers of acquisition and zoning to protect their airport approaches."

Stressing the need for safe and unobstructed approaches to airports, Mr. Friday said teachers interested in aviation have an unusual opportunity to assist their communities in efforts to protect the airspace surrounding local airports.

Pointing out that a municipality is empowered to prevent any flight hazard either through purchase, condemnation or zoning of airport approaches, he said "little has been done in this state to retard or prevent encroachment of buildings into flight areas adjacent to airports."

While the responsibility of initiating airport zoning laws rests with local government, Mr. Friday pointed out that the State provides valuable assistance for local zoning activity in the form of model ordinances and land use maps.

He said the State Commerce Department, through its Bureaus of Aviation and Planning, is taking every possible step to prevent the construction of public buildings near airports. Such construction, he said, constitutes a hazard to flight operations and is a hazard and noise nuisance to occupants of such buildings.

Brownie Ice Cream Pie Will Delight the Family

BROWNIE ICE CREAM PIE is an ideal dessert for entertaining during the summer months.

By GAYNOR MADDOX
NEA Food and Markets Editor

The combination of chocolate and ice cream, served with imagination, produces a surprise long to remember.

Mrs. Raymond E. Watson of Mount Vernon, N. Y., told us about it. As a practical party-planner, in this warm weather, Mrs. Watson chose a gala sweet that required no extra shopping time or effort.

It consists of a crispy base that includes a new cocoa especially adapted for baking. These Browine wedges served warm with a cold topping of ice cream have the appeal of novelty. Serve fragant hot tea or freshly-made coffee.

Brownie Ice Cream Pie
(6 to 8 servings)

One-third cup cocoa, ½ cup sifted flour, ½ cup butter or margarine, 1 cup sugar, 2 eggs, beaten; 1 teaspoon vanilla, 1 quart ice cream.

Sift together cocoa and flour. Cream butter and sugar. Add eggs and mix thoroughly. Add cocoa-flour mixture and mix well. Stir in vanilla. Pour into greased 8- or 9-inch pie pan.

Bake in moderate oven (325 degrees F.) 35 minutes, or until inserted cake tester comes out clean. Cut in wedges and serve warm, topped with scoops of ice cream.

Although this new cocoa is especially for baking purposes, it also makes an excellent sauce. So, for those who have a 'specially sweet tooth, add a cocoa sauce to the brownie ice cream pie. Also, this same sauce can be used on ice cream when you do not make the brownie base.

Cocoa Sundae Sauce
(Makes 1 Cup)

One-third cup cocoa, ½ cup sugar, 1/3 cup water, ¼ cup butter or margarine. Combine cocoa and sugar in saucepan; mix thoroughly. Add water and cook over low heat 5 minutes, or until slightly thickened, stirring constantly. Remove from heat. Add butter or margarine and stir until blended.

TOMORROW'S DINNER: Frozen fish sticks with tomato and green pepper sauce, rice, buttered lima beans, enriched bread, butter or margarine, water cress salad, brownie ice cream pie, coffee, tea, milk.

Many Hands Set On First Trick

By OSWALD JACOBY
Written for NEA Service

What is the correct play at the first trick in today's hand? In many hands it would be correct to let West hold the first trick with the queen of hearts, but this was not one of those hands—as South found out.

The actual declarer ducked the first trick in both hands and won the second heart with dummy's ace. He next led a club to the queen, and felt punished for his carelessness when West discarded a diamond.

South now had to duck a club to East and hope for the best when East returned the queen of spades. The best didn't develop, for when South played the king of spades, West took the ace and returned the suit. The defenders thus took four spades, a heart, and a club, setting the contract two tricks.

South can make sure of nine tricks if he wins the first trick with the king of hearts. The next step is to lead a club to dummy's king to find out how the suit breaks. When West shows out, declarer can lead the ten of clubs from the dummy for a finesse. East plays low, of course, but declarer lets the ten of clubs hold, takes the next club with the queen, and returns to dummy with the ace of hearts to run the rest of the clubs. Six club tricks, two hearts, and a diamond assure the contract.

South would be equally safe if West had all four clubs. In that case, East would show out on the first round of the suit, and South would lead a low club to the queen and finesse through West's jack to run the suit. There would be no problem at all, of course, if the clubs broke 2-2 or 3-1.

Meaner When Older

Norfolk, Va. (AP)—A. P. Burckard, whose hobby is bees, got a new Italian colony by mail. The post office buzzed it to him in a hurry. Bees, Burckard said, need a new young queen occasionally or the swarm gets darker—and meaner. Also, the older the bees the more likely they are to sting.

MODENA NEWS

Modena, July 20—The meeting of the Republican Club of the Town of Plattekill, Inc., scheduled to meet Thursday evening at the Hasbrouck Memorial Hall, was postponed owing to the lack of attendance of members. The next meeting is planned for Thursday, Aug. 11, at 8 p. m. in the Hasbrouck Memorial Hall.

An Open House party was given at the Modena Methodist parsonage on Sunday evening, July 17, by the Rev. and Mrs. John E. Swords, in honor of Mrs. Otis Moore, mother of Mrs. Swords. The guests enjoyed the exhibition of articles from India which Mrs. Moore had collected during her tour to Methodist Mission Stations in India, as an executive secretary of the Board of Missions. A trip to India was enjoyed by means of a series of color slides taken by Miss Lilly Swords, now missionary in India. This outdoor show brought scenes of an Indian Camp meeting with portraits of Indian men and women, of life in a Christian boarding school, in a mission hospital, and of an Indian temple and the market place. Members of the Youth Fellowship served refreshments to the assembled guests on the parsonage lawn.

Morning worship in the Modena and Clintondale Methodist Churches will be held at the usual hours with a sermon on the topic "Your Summer Religion" by the pastor, the Rev. John E. Swords.

The MYF softball schedule for the coming week is as follows: Monday evening, July 25, Modena vs Gardnertown, at Modena (school grounds); Middle Hope vs Fostertown, at Middle Hope; Highland vs Plattekill, at Highland.

Tuesday evening, July 26, New Paltz vs Middle Hope at New Paltz; Milton vs Clintondale at Milton. Thursday evening, July 28, Gardnertown vs Clintondale at Gardnertown; Modena vs Middle Hope at Modena; Highland vs Milton at Highland; New Paltz vs Fostertown at New Paltz.

Members of the Modena MYF will meet Sunday evening, July 24, at 7 p. m., at the church when topics will be for Seniors —"Do We Believe in a Good God?" and Intermediates, "Am I Responsible?"

The Methodist Youth Caravan which is expected to arrive in Modena and Clintondale for the week of Aug. 13 to 19 have completed the first week of their itinerary at Olive Bridge. This week they are working with the youth at Shrub Oak and in succeeding weeks they will be at Carmel, Shandaken, Katonah and conclude their summer's activities at Modena and Clintondale. The caravan is comprised of three girls and one boy, all with at least two years of college experience, and an adult counselor who assists in planning the work of the caravan with the local youth group and local leaders.

Elaine Warren of Wallkill accompanied by Marylou DuBois of this place, shopped and enjoyed the theatre at Newburgh on Saturday.

Mr. and Mrs. Patrick Ring of Bruynswick visited Mr. and Mrs. William Adams and sons, here on Friday evening.

Mr. and Mrs. Charles Crawford and sons, Charles Jr., and David of Chelsea, N. Y., accompanied by Miss Glennie M. Wager of this place, enjoyed a picnic at the Ashokan Reservoir on Sunday. En route the former visited his great-uncle, Charles Crawford of Stone Ridge, who recently celebrated his 90th birthday.

Mrs. Earl B. DeWitt and Mhs. Marian Heroy attended services in the Reformed Church at New Hurley on Sunday when the former's granddaughter, Marty Lynn Schoonmaker was baptized.

Mr. and Mrs. Nat Wallowitz and son Ira of New York visited friends in town on Sunday.

Mr. and Mrs. Harold Douglas and son, Robert have returned from a vacation trip to Canada.

Charles Smith has received his discharge from the USAF, and with his wife and small son, Charles arrived here from Florida.

Mr. and Mrs. Earl B. DeWitt, Sr., and family entertained a number of relatives at supper on Saturday evening.

Moon Money Needed

Bessemer, Ala. (AP)—A trip to the moon for two persons is possible—for about seven billion dollars. That's the opinion of Charles D. Davidson, of the mission planning office of the army ordnance guided missile and rocket research center at Redstone, Ala. In a speech here, Davidson says there are no insurmountable engineering barbiers. All that's needed, he said, are money, manpower and a valid reason.

Milk, regarded as a liquid, becomes a solid food soon after entering the stomach.

PORK SAUSAGE 8¢ lb.

A fantastically low price, you say? Well, that's the price that ran in many papers throughout New York State back in March, 1902.

Back in those days, too, baked beans were part of the week's menu plan to help offset meat prices.

Now, with pork sausage at 80¢ lb. the need to watch food costs is more important to the homemaker than ever. That's why *Grandma Brown's Home Baked Beans* are served in so many homes every week.

The delicious, old-fashioned flavor of these New York State Style Baked Beans makes their popularity even stronger.

AMERICAN MENU

Brownie Ice Cream Pie Will Delight the Family

BROWNIE ICE CREAM PIE is an ideal dessert for entertaining during the summer months.

By GAYNOR MADDOX
NEA Food and Markets Editor

The combination of chocolate and ice cream, served with imagination, produces a surprise long to remember.

Mrs. Raymond E. Watson of Mount Vernon, N. Y., told us about it. As a practical party-planner, in this warm weather, Mrs. Watson chose a gala sweet that required no extra shopping time or effort.

It consists of a crispy base that includes a new cocoa especially adapted for baking. These Browine wedges served warm with a cold topping of ice cream have the appeal of novelty. Serve fragant hot tea or freshly-made coffee.

Brownie Ice Cream Pie
(6 to 8 servings)

One-third cup cocoa, ½ cup sifted flour, ½ cup butter or margarine, 1 cup sugar, 2 eggs, beaten; 1 teaspoon vanilla, 1 quart ice cream.

Sift together cocoa and flour. Cream butter and sugar. Add eggs and mix thoroughly. Add cocoa-flour mixture and mix well. Stir in vanilla. Pour into greased 8- or 9-inch pie pan. Bake in moderate oven (325 degrees F.) 35 minutes, or until inserted cake tester comes out clean. Cut in wedges and serve warm, topped with scoops of ice cream.

Although this new cocoa is especially for baking purposes, it also makes an excellent sauce. So, for those who have a 'specially sweet tooth, add a cocoa sauce to the brownie ice cream pie. Also, this same sauce can be used on ice cream when you do not make the brownie base.

Cocoa Sundae Sauce
(Makes 1 Cup)

One-third cup cocoa, ½ cup sugar, 1/3 cup water, ¼ cup butter or margarine. Combine cocoa and sugar in saucepan; mix thoroughly. Add water and cook over low heat 5 minutes, or until slightly thickened, stirring constantly. Remove from heat. Add butter or margarine and stir until blended.

TOMORROW'S DINNER: Frozen fish sticks with tomato and green pepper sauce, rice, buttered lima beans, enriched bread, butter or margarine, water cress salad, brownie ice cream pie, coffee, tea, milk.

JACOBY ON BRIDGE

Many Hands Set On First Trick

By OSWALD JACOBY
Written for NEA Service

What is the correct play at the first trick in today's hand? In many hands it would be correct to let West hold the first trick with the queen of hearts, but this was not one of those hands—as South found out.

The actual declarer ducked the first trick in both hands and won the second heart with dummy's ace. He next led a club to the queen, and felt punished for his carelessness when West discarded a diamond.

South now had to duck a club to East and hope for the best when East returned the queen of spades. The best didn't develop, for when South played the king of spades, West took the ace and returned the suit. The defenders thus took four spades, a heart, and a club, setting the contract two tricks.

South can make sure of nine tricks if he wins the first trick with the king of hearts. The next step is to find a club to dummy's king to find out how the suit breaks. When West shows out, declarer can lead the ten of clubs from the dummy for a finesse. East plays low, of course, but declarer lets the ten of clubs hold, takes the next club with the queen, and returns to dummy with the ace of hearts to run the rest of the clubs. Six club tricks, two hearts, and a diamond assure the contract.

South would be equally safe if West had all four clubs. In that case, East would show out on the first round of the suit, and South would lead a low club to the queen and finesse through West's jack to run the suit. There would be no problem at all, of course, if the clubs broke 2-2 or 3-1.

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills...get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

20 Seaway Contracts

Montreal, July 21 (AP)—The Canadian government has let two new contracts for St. Lawrence Seaway construction, bringing the value of those assigned so far to 33½ million dollars. Lionel Chevrier, president of the St. Lawrence Seaway Authority, and officials of the two companies signed the contracts yesterday. Twenty contracts now have been awarded for building the inland waterway.

Summer Theatre Burns

Northville, N. Y., July 21 (AP)—The 50-year-old Sacandaga Summer Theatre burned down yesterday 20 minutes after the matinee ended. No one was injured. The rustic, one story wooden building seated about 1,800. It was at Sacandaga Park on the northern shore of Sacandaga Reservoir, about 50 miles northwest of Albany. The fire began backstage. Frank Catanzaro, assistant fire chief, said the cause had not been determined. There was no official estimate of the loss. Fire Chief Glen Duncan said he believed it would reach $100,000.

Wants Share

Rouses Point, N. Y., July 21 (AP)—A plumber who retrieved $250,000 worth of smuggled diamonds from a hotel toilet says he will contest the government's award of $30,000 to the hotel proprietor. Oliver La Valley said yesterday through his attorney, William Quinlan of Plattsburg, that he would seek a share of the money paid to Henry Jillison, operator of the hotel in this Canadian-border community.

Concord Workers Vote Local 666 as Bargaining Agent

Local 666, Hotel and Restaurant Employes, was voted the official bargaining agent for approximately 460 employes of the Concord Hotel, Kiamesha Lake, near Monticello in an election held on Tuesday.

The vote becomes official after five days at which time the union is certified as the bargaining agent by the New York State Labor Relations Board.

George E. Yerry, Jr., business agent for the union, said the hotel indicated it would not appeal the election.

Of 460 eligible voters, 420 cast ballots. A total of 296 favored the union as bargaining agent and 106 were in favor of no union. Nine ballots were invalidated because they were improperly marked.

Local 666 covers hotel and restaurant employes in Ulster and Sullivan counties.

Mr. Yerry said the election at the Concord Hotel, one of the largest in Sullivan county, would have vital implications for other hotel and restaurant establishments in the two counties. Other elections in Sullivan county hotels are expected in the near future, Yerry said.

Peter Starr, an employe of the Governor Clinton Hotel, which is represented by Local 666, is president of the union.

FTC Names Firms

Washington, July 21 (AP)—The Federal Trade Commission today charged three more accident and health insurance companies with misrepresenting the benefits of their insurance policies in their advertising. The companies named were Inter-Ocean Insurance Co., Cincinnati, Washington National Insurance Co., Evanston, Ill., and Craftsman Insurance Co., Boston. The new complaints brought to 31 the number filed against insurance firms charging "unfair and deceptive acts and practices in interstate commerce."

Scouts Coaster Derby Postponed to Aug. 14

Saugerties, July 21—The Cub Scouts Coaster Derby which was to be held on Sunday, July 24 was postponed due to the difficulty of many packs in securing parts. The new date for the event is Sunday, Aug. 14, with the Coaster Car Show scheduled for Saturday night before the race.

The Saugerties District Commissioner's Staff announced that many of the packs notified the staff of their great difficulty in securing parts from a local dealer due to a truck strike in one of the nearby states. Another source of metal parts is known and all packs will be informed if the staff is notified.

The Derby will run on a track tentatively designated as East Bridge street from Underwood to the creek directly opposite the Ferroxcube Corp. plant. Official designation of the track will be announced by the staff as soon as permission has been secured from the local police department.

Weighing in will take place at the Coaster Car Show on the Saturday prior to the race and all car weights will be equalized in order that a handicap system will not be required.

Each driver will receive a plastic crash helmet through the courtesy of Offermans Record and Gift Shop, Partition street.

The Commissioner's Staff is still contacting donors in order to secure about 60 to 80 T shirts with suitable imprint for each cub scout participating.

The Saugerties Daily Post has donated a trophy which will be given to the winner. Other prizes may be donated before the date of the race. Cub Pack 130, VFW has purchased a trophy which will be awarded to the winner of a special heat to determine the winner of Cub Pack 130.

Cars now under construction are sponsored by the following: Pack 38, Clums Store and Saugerties Sales and Service; Pack 130, Smith Dairy, Lee's Esso Station and Warren H. Knaust of K-B Products; Pack 36, Glasco Athletic Club and Edward Reynolds Grocery; and Pack 32, Bosco Barber Shop.

Dartballers Set Date For Hot Stove League

Woodrow Sperl, president of the Saugerties Dartball League announced that the regular annual meeting of the winter sportsmen will be held on Monday, Aug. 1 at 8 p. m. in the Centerville church hall.

The agenda will include election of officers, payment of annual dues and schedule discussions. It was unofficially reported that the following new teams may enter the league at this meeting: Trinity B team, Service Center B team and Glasco A.C. B team.

President Sperl said that all new teams must be represented at this annual meeting in order to be placed in the schedule. Annual league dues must be submitted with intention to play for the 1955-56 season.

Professor Dies

Newark, Ohio, July 21 (AP)—Dr. Howard Conway Shaub, head of the mathematics department of Washington and Jefferson College, died at the home of a nephew in nearby Johnstown yesterday. He was 63. Shaub taught at Harvard and Cornell Universities before going to the college in Washington, Pa., 14 years ago. He had been suffering from a heart ailment for the past year but was seriously ill but a short time.

Forgot to Knock

Long Beach, Calif, July 21 (AP)—Police officers had the right to use a sledge hammer in pounding open the door of Mrs. Ina J. Williams' home, but because they failed to knock and announce they wanted her on a bookmaking warrant, the case was dismissed yesterday. Superior Judge Paul Nourse cited a statute which said officers are permitted to break in a door only after demanding admittance and stating the purpose of their visit. Mrs. Williams, who lives in Wilmington, was arrested April 13 and charged with five counts of bookmaking.

Academy Approved

Washington, July 21 (AP)—The Senate Interstate Commerce Committee yesterday approved a House-passed bill to make permanent the U. S. Merchant Marine Academy at Kings Point, N .Y.

Without Nagging Backache

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys —tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills... get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

20 Seaway Contracts

Montreal, July 21 (AP)—The Canadian government has let two new contracts for St. Lawrence Seaway construction, bringing the value of those assigned so far to 33½ million dollars. Lionel Chevrier, president of the St. Lawrence Seaway Authority, and officials of the two companies signed the contracts yesterday. Twenty contracts now have been awarded for building the inland waterway.

Summer Theatre Burns

Northville, N. Y., July 21 (AP)—The 50-year-old Sacandaga Summer Theatre burned down yesterday 20 minutes after the matinee ended. No one was injured. The rustic, one story wooden building seated about 1,800. It was at Sacandaga Park on the northern shore of Sacandaga Reservoir, about 50 miles northwest of Albany. The fire began backstage. Frank Catanzaro, assistant fire chief, said the cause had not been determined. There was no official estimate of the loss. Fire Chief Glen Duncan said he believed it would reach $100,000.

Wants Share

Rouses Point, N. Y., July 21 (AP)—A plumber who retrieved $250,000 worth of smuggled diamonds from a hotel toilet says he will contest the government's award of $30,000 to the hotel proprietor. Oliver La Valley said yesterday through his attorney, William Quinlan of Plattsburg, that he would seek a share of the money paid to Henry Jillison, operator of the hotel in this Canadian-border community.

Concord Workers Vote Local 666 as Bargaining Agent

Local 666, Hotel and Restaurant Employes, was voted the official bargaining agent for approximately 460 employes of the Concord Hotel, Kiamesha Lake, near Monticello in an election held on Tuesday.

The vote becomes official after five days at which time the union is certified as the bargaining agent by the New York State Labor Relations Board.

George E. Yerry, Jr., business agent for the union, said the hotel indicated it would not appeal the election.

Of 460 eligible voters, 420 cast ballots. A total of 296 favored the union as bargaining agent and 106 were in favor of no union. Nine ballots were invalidated because they were improperly marked.

Local 666 covers hotel and restaurant employes in Ulster and Sullivan counties.

Mr. Yerry said the election at the Concord Hotel, one of the largest in Sullivan county, would have vital implications for other hotel and restaurant establishments in the two counties. Other elections in Sullivan county hotels are expected in the near future, Yerry said.

Peter Starr, an employe of the Governor Clinton Hotel, which is represented by Local 666, is president of the union.

Scouts Coaster Derby Postponed to Aug. 14

Saugerties, July 21—The Cub Scouts Coaster Derby which was to be held on Sunday, July 24 was postponed due to the difficulty of many packs in securing parts. The new date for the event is Sunday, Aug. 14, with the Coaster Car Show scheduled for Saturday night before the race.

The Saugerties District Commissioner's Staff announced that many of the packs notified the staff of their great difficulty in securing parts from a local dealer due to a truck strike in one of the nearby states. Another source of metal parts is known and all packs will be informed if the staff is notified.

The Derby will run on a track tentatively designated as East Bridge street from Underwood to the creek directly opposite the Ferroxcube Corp. plant. Official designation of the track will be announced by the staff as soon as permission has been secured from the local police department.

Man Has Narrow Escape in Mishap At Eddyville

George Fowler, 32, of 57 Staples street, had a narrow escape yesterday afternoon when his 1953 passenger car went out of control on a sharp turn near the south end of the Eddyville bridge and turned over, according to a report in the Ulster county sheriff's office.

Mr. Fowler was taken to Kingston Hospital by Schultz Ambulance, treated for bruises and contusions and a laceration of the lower lip and discharged.

County Investigator Arthur Brown said Mr. Fowler was traveling toward Kingston on Route 213 about 3:20 p. m. when he hit some loose dirt and gravel on a sharp turn to the left, lost control, shot across the road to the left, where he hit a rock ledge, causing him to turn over on the right side. The car was reported badly damaged.

Mr. Brown said the driver was fortunate to have swerved to the left rather than the right which might have plunged him into the Rondout creek.

DIED

Wicks to Preside At Dutchess Youth Crime Meeting

Poughkeepsie has been chosen as one of the 11 sites for one-day meetings on youthful crime, and State Senator Arthur H. Wicks, will preside there, an Albany report said today.

Thomas J. Watson, Jr., IBM head, presided at a meeting of the 11-member commission, and said religious, educational and civic groups, child welfare specialists and individuals would discuss the problem at the meetings.

A SYRACUSE meeting was tentatively scheduled for Aug. 11. The dates for the others were not announced. Besides Poughkeepsie and Syracuse, sessions are to be held at Buffalo, Rochester, Brooklyn, Binghamton, Utica, Albany, White Plains, Manhattan and Nassau county.

After the regional conferences a statewide conference is to be held in Albany Oct. 3 to 5.

Senator Wicks, as a commission member, will preside at the Poughkeepsie session where Ulster, Delaware, Dutchess, Putnam, Orange and Sullivan counties will be represented.

Pack 19 Scouts Enjoy Two Trips To Local Plants

The making of ice cream and the operation of a dairy business, and the growing of mushrooms were the subjects of two recent educational trips enjoyed by the Cub Scouts of Pack 19, sponsored by the Veterans of Foreign Wars, Post 1386, of Kingston.

THE ICE CREAM and milk tour was conducted by the Babcock Farm Dairy through the cooperation of general manager George Silkworth. The Cub Scouts were shown the production of ice cream and the methods in which the Babcock milk is processed for local consumption.

Knaust Brothers entertained the local Cubs at the Delaware avenue caves, where the various processes used in mushroom growing were explained to the visitors.

Den Mothers Betty Eighmey, Lucille Bonomo, Lillian Rittie, and Beatrice Connelly were in charge of the Cub Scouts, assisted by the Pack's Den Chiefs and parents of the Cub Scouts.

New Type Ranch Home Being Built Near Saugerties

A new-type model ranch home, known as the Kingston Ranger, is now being constructed at the Barclay Heights Development near Saugerties, it was announced today by Jack Davis, president of Davis Industries and head of the Barclay Heights Development Corporation.

The home has been designed exclusively by Max White, vice president of the corporation, who has charge of housing operations in the Kingston area and in Colorado where Davis Industries has another huge housing development in the Denver area.

THIS TYPE home will supplement the split-level Cambridge style home featured by the firm.

The date of the opening of the home to the general public, and complete details on the new style, will be announced in The Freeman in the very near future, Mr. Davis said.

"The many new ideas incorporated in the home will be of great interest to residents of the area," he pointed out.

IT IS understood that the kitchen, which will be ultra-modern with built-in oven, will be joined with the dining room in a single unit, leading into the living room. There will also be an exhaust to remove kitchen odors. It will be possible to enter the house directly from the garage through the cellar.

The first section of 53 homes in the Barclay Heights Development has been practically sold out. A second section of 60 homes, now under construction, will be offered to the public very shortly. There will ultimately be approximately 173 homes in the project.

THE MARQUEE

T.V. — STAGE — RADIO — RECORDS — PEOPLE

By DICK KLEINER

THEODORE GRANIK has hitherto confined his activities to forum-type programs. He developed and perfected "The American Forum" and "Youth Wants to Know." But like the comic who wants to play Hamlet, the forum producer wants to go dramatic, too. So Granik has worked out three dramatic properties which he hopes to get on radio and/or TV by the end of the summer.

There's a comedy series called "Backstage at the Beauty Parlor" which sounds like it could be permanent. And there's a series based on **Raymond Chandler's** detective stories. And there's a melodramatic one called "Human Side of New York." All three are definitely in the works.

* * *

CBS-TV has announced plans for a series, to begin next fall, based on the comic adventures of a New York taxi driver. It'll be called "Joe and Mabel," and Joe is the cabbie. Larry Blyden will play the part, and his girl friend will be played by the very lovely Nita Talbot. Keep your meters running, men.

* * *

"How did that rumor ever get started?" asked **Jose Ferrer,** with a note of exasperation in his question. He was referring to the legend that has sprung up around his talented head—the legend that he keeps about a dozen projects going at once and is the busiest man east of Davy Crockett.

"I only do one thing at a time," Ferrer said. "Like now. The only thing I'm actively working on is a movie called 'Matador,' from the **Barnaby Conrad** book. I'll produce it, direct it and star in it."

And that is the Ferrer idea of one thing at a time.

"I'll be a bull-fighter—that is, if I can take off some of this lard." He patted his middle, which didn't seem too lardy. "We'll film it in Spain, for authentic backgrounds."

That is his current project, then. Just completed is his film version of "The Shrike," in which he directed himself and **June Allyson.** This he calls "the most adult, most advanced thing I've ever done," which is quite an endorsement because nobody has ever called him juvenile or reactionary.

"The Shrike" was his first taste of film directing, and he's come to the conclusion that it's more fun than stage directing. Also that stage acting is more fun than film acting. Also that both directing and acting in a movie automatically hurts a person's work as either.

2 Requests . . .

YWCA, present member agencies include the Kingston YM CA, Ulster County Girl Scouts, Kingston Jewish Community Center, Salvation Army, and Kingston Boys Club.

George B. Matthews, president, presided at Wednesday night's meeting, held at the Governor Clinton Hotel. Approval of the two budgets followed the recommendation of the budget committee of which K. Edward Lefren is chairman.

IN THE CASE of the Boy Scout Council's budget, the $13,000 requested represented the Kingston Area Community Chest's share of the total budget in the council's two-county area, apportioned on the basis of earning power of the area, number of boys served and experience of past fund drives. The balance comes from a financial campaign conducted by the Scout Council in areas outside Kingston and vicinity.

The total Rip Van Winkle Council budget of $27,760 for the fiscal year which began July 1 is an increase of $6,500 over last year's operating budget and provides for an additional full-time Scout executive, salary increases for the present two executives and increases in other items necessary to administer the Boy Scout program which, according to George V. Dennis, Scout executive, has increased rapidly in the past year.

THE NUMBER of boys in Scouting in the council area increased from 2,161 in 1954 to 2,485 at the present time, Dennis reported. Ten new troops, packs and posts were organized during the year.

Major items in the council budget include: Executive salaries, $13,600; office salaries, $4,400; field expense, $3,000, and camp operation, $1,500.

Camp operation expenses include salaries of central administrative staff, caretakers, equipment, promotion, telephone, heat, light, water and trucking for summer camp and administrative costs of operation of the camp throughout the year. Last year 297 boys attended summer camp for a total of 495 boy-weeks, and 890 boys attended camp during other seasons of the year.

THE KINGSTON YWCA budget allotment from the Community Chest totaled $12,545, a slight increase from the $11,859 which the organization requested last year. Part of the increase was accounted for by salary raises.

The YWCA's total operating budget estimate for 1956 is $17,485, with the balance coming from membership fees, program fees, and other sources. In line with National YWCA policy, membership fees are kept at a minimum so that no one is excluded from membership in the organization by inability to pay.

A full-time executive director and a program director for Y-Teen and young adult program are employed, as well as office and maintenance personnel for its building at 209 Clinton avenue. Total salary item for 1956 is estimated at $12,972, including retirement fund contributions and social security. Salaries during the current year will total approximately $12,208. The YW has a membership of approximately 600 adults and 200 teen-agers.

Legion Bazaar Opens Tonight At 7 O'Clock

An air of festivity surrounds the corner of Broadway and West O'Reilly street where the annual American Legion bazaar will open this evening at 7 o'clock, and continue Friday and Saturday.

TENTS ARE up, rides and games have been installed and the refreshment booths and bazaar booths are ready. The bazaar is bigger and better than ever this year with the committees working to make it a big success. Proceeds for the benefit of the Legion Welfare Fund.

Daniel Bittner, Jr., commander, who is in charge of the bazaar program together with Vice Commander Seymour Werbalowsky and a committee, have made plans to provide entertainment for both old and young.

WELFARE WORK carried on by the Legion creates a serious drain on finances and the annual bazaar is held to replenish needed funds. All Legion members, their families, friends and the general public is invited. A special program of entertainment and music has been arranged, including the Doodledorfers, famous Legion musical unit, and "Pappy" Dietz and his musicians are also on the program.

Fruits and Vegetables

California, popularly known as the source of a large part of the nation's fruit, shipped vegetables which were double the volume of her fruit production in 1954.

Man Has Narrow Escape in Mishap At Eddyville

George Fowler, 32, of 57 Staples street, had a narrow escape yesterday afternoon when his 1953 passenger car went out of control on a sharp turn near the south end of the Eddyville bridge and turned over, according to a report in the Ulster county sheriff's office.

Mr. Fowler was taken to Kingston Hospital by Schultz Ambulance, treated for bruises and contusions and a laceration of the lower lip and discharged.

County Investigator Arthur Brown said Mr. Fowler was traveling toward Kingston on Route 213 about 3:20 p. m. when he hit some loose dirt and gravel on a sharp turn to the left, lost control, shot across the road to the left, where he hit a rock ledge, causing him to turn over on the right side. The car was reported badly damaged.

Mr. Brown said the driver was fortunate to have swerved to the left rather than the right which might have plunged him into the Rondout creek.

There's a comedy series called "Backstage at the Beauty Parlor" which sounds like it could be permanent. And there's a series based on **Raymond Chandler's** detective stories. And there's a melodramatic one called "Human Side of New York." All three are definitely in the works.

* * *

CBS-TV has announced plans for a series, to begin next fall, based on the comic adventures of a New York taxi driver. It'll be called "Joe and Mabel," and Joe is the cabbie. Larry Blyden will play the part, and his girl friend will be played by the very lovely Nita Talbot. Keep your meters running, men.

* * *

"How did that rumor ever get started?" asked **Jose Ferrer**, with a note of exasperation in his question. He was referring to the legend that has sprung up around his talented head—the legend that he keeps about a dozen projects going at once and is the busiest man east of Davy Crockett.

"I only do one thing at a time," Ferrer said. "Like now. The only thing I'm actively working on is a movie called 'Matador,' from the **Barnaby Conrad** book. I'll produce it, direct it and star in it."

And that is the Ferrer idea of one thing at a time.

"I'll be a bull-fighter—that is, if I can take off some of this lard." He patted his middle, which didn't seem too lardy. "We'll film it in Spain, for authentic backgrounds."

That is his current project, then. Just completed is his film version of "The Shrike," in which he directed himself and **June Allyson.** This he calls "the most adult, most advanced thing I've ever done," which is quite an endorsement because nobody has ever called him juvenile or reactionary.

"The Shrike" was his first taste of film directing, and he's come to the conclusion that it's more fun than stage directing. Also that stage acting is more fun than film acting. Also that both directing and acting in a movie automatically hurts a person's work as either.

2 Requests . . .

YWCA, present member agencies include the Kingston YM CA, Ulster County Girl Scouts, Kingston Jewish Community Center, Salvation Army, and Kingston Boys Club.

George B. Matthews, president, presided at Wednesday night's meeting, held at the Governor Clinton Hotel. Approval of the two budgets followed the recommendation of the budget committee of which K. Edward Lefren is chairman.

IN THE CASE of the Boy Scout Council's budget, the $13,000 requested represented the Kingston Area Community Chest's share of the total budget in the council's two-county area, apportioned on the basis of earning power of the area, number of boys served and experience of past fund drives. The balance comes from a financial campaign conducted by the Scout Council in areas outside Kingston and vicinity.

The total Rip Van Winkle Council budget of $27,760 for the fiscal year which began July 1 is an increase of $6,500 over last year's operating budget and provides for an additional full-time Scout executive, salary increases for the present two executives and increases in other items necessary to administer the Boy Scout program which, according to George V. Dennis, Scout executive, has increased rapidly in the past year.

THE NUMBER of boys in Scouting in the council area increased from 2,161 in 1954 to 2,485 at the present time, Dennis reported. Ten new troops, packs and posts were organized during the year.

Major items in the council budget include: Executive salaries, $13,600; office salaries, $4,400; field expense, $3,000, and camp operation, $1,500.

Camp operation expenses include salaries of central administrative staff, caretakers, equipment, promotion, telephone, heat, light, water and trucking for summer camp and administrative costs of operation of the camp throughout the year. Last year 297 boys attended summer camp for a total of 495 boy-weeks, and 890 boys attended camp during other seasons of the year.

THE KINGSTON YWCA budget allotment from the Community Chest totaled $12,545, a slight increase from the $11,859 which the organization requested last year. Part of the increase was accounted for by salary raises.

The YWCA's total operating budget estimate for 1956 is $17,485, with the balance coming from membership fees, program fees, and other sources. In line with National YWCA policy, membership fees are kept at a minimum so that no one is excluded from membership in the organization by inability to pay.

A full-time executive director and a program director for Y-Teen and young adult program are employed, as well as office and maintenance personnel for its building at 209 Clinton avenue. Total salary item for 1956 is estimated at $12,972, including retirement fund contributions and social security. Salaries during the current year will total approximately $12,208. The YW has a membership of approximately 600 adults and 200 teen-agers.

Legion Bazaar Opens Tonight At 7 O'Clock

An air of festivity surrounds the corner of Broadway and West O'Reilly street where the annual American Legion bazaar will open this evening at 7 o'clock, and continue Friday and Saturday.

TENTS ARE up, rides and games have been installed and the refreshment booths and bazaar booths are ready. The bazaar is bigger and better than ever this year with the committees working to make it a big success. Proceeds for the benefit of the Legion Welfare Fund.

Daniel Bittner, Jr., commander, who is in charge of the bazaar program together with Vice Commander Seymour Werbalowsky and a committee, have made plans to provide entertainment for both old and young.

WELFARE WORK carried on by the Legion creates a serious drain on finances and the annual bazaar is held to replenish needed funds. All Legion members, their families, friends and the general public is invited. A special program of entertainment and music has been arranged, including the Doodledorfers, famous Legion musical unit, and "Pappy" Dietz and his musicians are also on the program.

Fruits and Vegetables

California, popularly known as the source of a large part of the nation's fruit, shipped vegetables which were double the volume of her fruit production in 1954.

Variety, Special Prices On Meat Await Shoppers

(By The Associated Press)

Shoppers will find a tempting variety of special features in their meat markets this weekend. Chickens, lamb and various cuts of beef will be offered at special prices.

Frying chickens will be on sale in stores in many parts of the country. And here and there you'll find bargain prices on turkeys. One meat specialist commented that large turkeys are selling well.

THEY LAST a long time," he explained. "Once they're cooked, the housewife can stay away from a hot oven."

Legs of lamb will be reduced a couple of cents a pound by selected stores. There's a good chance that both lamb and pork prices will be a bit lower next week because of declines at wholesale level.

Chuck roast will be a popular beef offering. Other cuts mentioned: Top and bottom round roast, prime ribs, ground beef and boneless brisket. On the whole, beef prices show little change from a week ago.

PORK CHOPS will probably be higher in your store. One chain is boosting them two to six cents a pound in a number of its outlets.

On the other hand, you may save a bit on eggs. Reductions of two cents a dozen are planned in many cities. Butter prices are mostly unchanged.

The frozen food people, busy figuring out ways to save housewives labor, have come up with still another item; frozen potato patties are being introduced in selected markets. They're made of raw-shredded Maine potatoes and weigh about three ounces each. They are seasoned with onion and salt and can be pan-fried, hash-browned, broiled, baked or used in potato soup or potato salad.

CORN ON the cob is plentiful and inexpensive. The same goes for beans, cabbage, onions, bunched and topped beets, potatoes, squash and nearby radishes and green onions. Also recommended to thrifty housewives; cauliflower, topped and bunched carrots, celery, cucumbers, tomatoes and eggplant.

Some vegetables moved higher at wholesale, peppers, lettuce and spinach among them.

Limes are low-priced, despite the hot weather. Oranges and grapefruit, blueberries and plums also are worthwhile buys. The first pears from the west are arriving in markets over the country, but prices are rather high.

WATERMELONS are rated by fruit specialists as a particularly good buy these days. The U. S. Department of Agriculture estimates the early summer crop at more than 79 million melons, which would make it the largest on record. The late summer crop is expected to produce another 10 million melons, which means plentiful supplies well into August.

Variation of Old Theme

Your family and friends like garlic bread with spaghetti and tomato sauce or a creamed chicken casserole? Then try this variation on an old theme: Mix lots of minced parsley with the butter and crushed garlic used for the bread, before heating as usual.

Union Center

Union Center, July 20—Mrs. Charles Gaston entertained on Monday afternoon in honor of her son, Douglas' second birthday.

Thomas Worsley has been spending some time with relatives on Long Island and Brooklyn.

Mrs. Gabriel Guido and children are visiting with her mother, Mrs. Louis Barrie of Ballston Spa.

Robert Tremper, scoutmaster of Boy Scout Troop 11 spent the weekend at Camp Tri-Mount.

At the close of the library hour on Wednesday evening, Mrs. Andrew Markle served cake and ice cream in honor of her daughter, Sherry's birthday. The library hour this week will be in charge of Mrs. Drank and Mrs. Boomhower.

Several Cub Scouts and their parents visited the New York State Museum at Albany on Sunday. This was another planned activity to acquaint the cub scouts with their state.

Den 1 of the Cub Scouts will have its pack meeting on July 29 at the home of Robert Villielm.

Regular church services this Sunday will be held at 7:30 p. m. A guest minister will be in charge during the vacation of the Rev. Mr. Baines.

Dogs Attack Cows In Rosendale, Law Cited by Assessor

Sometime during Tuesday night seven cows at the Ackerman farm in Rosendale were attacked by dogs and had part of their tails bitten off John Kallop, chairman of the Board of Assessors, was notified early Wednesday morning as it is the duty of the assessors to inspect and appraise damage to domestic animals caused by stray dogs.

As this damage happened about the middle of the night the dogs were not seen. Any dogs caught chasing domestic animals will be shot as provided in Article 7 of the Agriculture and Markets Law, part of which reads as follows: "If a dog shall attack, chase or worry any domestic animal, as defined in section 107 of this chapter, while such animal is in any place where it may lawfully be, the owner or caretaker of such domestic animal, or any other person witnessing the attack of such domestic animal may, for the purpose of preventing the killing or injury of such domestic animal, kill such dog while so attacking, chasing or worrying or while being pursued thereafter, and no liability in damages or otherwise shall be incurred on account of such killing."

644 Killed in Rebellion

Cali, Colombia, July 21 (AP)—President Gustavo Rojas Pinilla says 644 Colombians were killed in one province alone during the past three months of his government's efforts to stamp out rebellious elements. In a speech last night marking Colombia's Independence Day, Rojas Pinilla gave this breakdown of the dead: Liberals 87; Conservatives 492; armed forces 65. He added that 121 soldiers were wounded. The president charged the insurgents are inspired by Communist elements and aided by dissident politicians and criminals.

Lose Gun Battle

New York, July 21 (AP)—Two gunmen invaded a Bronx workshop for the partially disabled yesterday in a vain bid for a $5,000 payroll. They fled empty-handed after a blazing gun battle with a guard. One of the gunmen, shot in the left shoulder, was nabbed minutes later by an off-duty policeman. Also wounded in the shooting were the guard and a woman clerical employe. All were reported in good condition.

Long-Planned Marriage

Encino, Calif., July 21 (AP)—Those elusive honeymooners, Clark Gable and Kay Williams Spreckels say their marriage, unannounced beforehand, actually was long-planned and carefully arranged. "I had it in mind to marry Kay for about a year," said the 54-year-old movie idol. He said he popped the question "three or four months ago."

Clintondale

Clintondale, July 21—Mr. and Mrs. Allen T. Decker spent the weekend at their cottage on Cape Pond near Ellenville.

Mr. and Mrs. William Coy with Mr. and Mrs. Eugene Noe of Highland left Monday for a six weeks motor trip through the Pacific northwest.

On July 12, the newly organized Brownie Scout troop with Mrs. James Stupple and Mrs. John Jacobs attended a meeting held on the Highland school grounds where they joined the Highland troop for a marshmallow roast.

Donald Williamson, Mrs. Adelaide Roland and Adam Roland were visitors in New York city on Friday.

Mr. and Mrs. William Palmer of Jamiaca, L. I., have been visiting the formers parents, Mr. and Mrs. Eber Palmer of Ardonia.

Clintondale Grange held a portion supper at the Grange Hall on Wednesday night.

Mr. and Mrs. Robert Auchmoody and children and Allan Auchmoody have returned from a vacation spent at Cape Cod.

Miss Judy Roland has returned from a two weeks vacation spent at a camp near Wallkill.

Mrs. Pauline Auchmoody and Mrs. Harold L. Dingee visited Mr. and Mrs. Chester Auchmoody of Poughkeepsie on Friday.

Clintondale Grange met Monday night at the Grange Hall with Preston Atkins conducting the business meeting. Refreshments were served by the Rev. and Mrs. John Swords, Mrs. Walter Rhodes and Mrs. Edith Ackhardt.

Mr. and Mrs. Tracy Atkins of Brookside avenue have announced the engagement of their daughter, Barbara, to Pfc. Clayton Bickford of Waterville, Me. Miss Atkins attended Clintondale and New Paltz schools and is at present living with her parents. Pvt. Bickford attended schools in Maine and is stationed at Fort Bennington, Va. A fall wedding is planned.

Donald Williamson was a visitor in Kingston on Saturday.

The Methodist churches of Clintondale and Modena held their annual picnic Sunday at Mid-Way Park near Gardiner. A covered dish picnic lunch was served following outdoors religious services and during the afternoon sports and other activities were enjoyed.

The annual fair and supper of the Methodist Church will be held on August 27.

Mrs. Harries and children have been vacationing at Sayville Beach.

The board of trustees of the Clintondale school met on Monday night at the school house.

Mrs. Ralph VanSiclen has been confined to her home on Crescent avenue by illness.

The Friends Circle will sponsor a chicken barbecue at the Grange Hall on Thursday, August 11. There will be two servings, 5:30 and 7 p. m. The menu will consist of barbecued chicken.

Mr. and Mrs. G. Harold Sutton have been entertaining Mr. and Mrs. Ely Marshall of Brooklyn.

Mr. and Mrs. Harry Sutton are spending the summer at their cottage on Williams Lake.

Unofficial Language

New Delhi (AP)—There will be no president hotel or republic theatre in India. It's now against the law to use any word with an official connotation in connection with a business, trade or profession. The object of the regulation, said an announcement, was to prevent "unscrupulous" persons from misleading customers by using terms which might indicate official patronage.

Uninsured Drivers Are In for Battle From Politicos

Albany, July 21 (AP)—Experts on both sides of the political fence are rolling up their sleeves to tackle a problem posed by uninsured automobile drivers.

The result of their labors could touch off a battle in the Legislature next year comparable to the bitter closing-hours fight of 1954. It takes just two words to do that around here—"Compulsory insurance."

ON THEIR side, the Republican majority leaders of the Legislature have called on a joint legislative committee to consider proposals and make a recommendation for dealing with financially irresponsible motorists. The Democratic administration, meanwhile, has quietly begun a study of its own, aimed at the same goal.

Right now it's an even-money bet that compulsory insurance will be the proposed answer. Other possibilities include strict financial responsibility laws or proposals based on the "unsatisfied judgment" principle. Under the latter plan, insured motorists pay a sum, beyond their premiums, into a pool, from which is taken money to pay judgments against uninsured drivers involved in accidents. The state already has a financial responsibility law.

THERE IS strong sentiment among the ruling Republicans for adoption of some sort of a compulsory insurance plan.

Gov. Harriman's position is not yet clear. One administration spokesman represents the governor this way: "He hasn't made up his mind. That's why he's making a study."

Mr. Peepers Makes It

Las Vegas, Nev., July 21 (AP)—It looks like Wally Cox has a steady job. He appeared for two performances in the Dunes Hotel floor show last night, and the management — which fired him last week for "laying an egg"—said that television's Mr. Peepers got a "warm" reception.

Dogs Attack Cows In Rosendale, Law Cited by Assessor

Sometime during Tuesday night seven cows at the Ackerman farm in Rosendale were attacked by dogs and had part of their tails bitten off John Kallop, chairman of the Board of Assessors, was notified early Wednesday morning as it is the duty of the assessors to inspect and appraise damage to domestic animals caused by stray dogs.

As this damage happened about the middle of the night the dogs were not seen. Any dogs caught chasing domestic animals will be shot as provided in Article 7 of the Agriculture and Markets Law, part of which reads as follows: "If a dog shall attack, chase or worry any domestic animal, as defined in section 107 of this chapter, while such animal is in any place where it may lawfully be, the owner or caretaker of such domestic animal, or any other person witnessing the attack of such domestic animal may, for the purpose of preventing the killing or injury of such domestic animal, kill such dog while so attacking, chasing or worrying or while being pursued thereafter, and no liability in damages or otherwise shall be incurred on account of such killing."

644 Killed in Rebellion

Cali, Colombia, July 21 (AP)—President Gustavo Rojas Pinilla says 644 Colombians were killed in one province alone during the past three months of his government's efforts to stamp out rebellious elements. In a speech last night marking Colombia's Independence Day, Rojas Pinilla gave this breakdown of the dead: Liberals 87; Conservatives 492; armed forces 65. He added that 121 soldiers were wounded. The president charged the insurgents are inspired by Communist elements and aided by dissident politicians and criminals.

Lose Gun Battle

New York, July 21 (AP)—Two gunmen invaded a Bronx workshop for the partially disabled yesterday in a vain bid for a $5,000 payroll. They fled empty-handed after a blazing gun battle with a guard. One of the gunmen, shot in the left shoulder, was nabbed minutes later by an off-duty policeman. Also wounded in the shooting were the guard and a woman clerical employe. All were reported in good condition.

Long-Planned Marriage

Encino, Calif., July 21 (AP)—Those elusive honeymooners, Clark Gable and Kay Williams Spreckels say their marriage, unannounced beforehand, actually was long-planned and carefully arranged. "I had it in mind to marry Kay for about a year," said the 54-year-old movie idol. He said he popped the question "three or four months ago."

Clintondale

Clintondale, July 21—Mr. and Mrs. Allen T. Decker spent the weekend at their cottage on Cape Pond near Ellenville.

Mr. and Mrs. William Coy with Mr. and Mrs. Eugene Noe of Highland left Monday for a six weeks motor trip through the Pacific northwest.

WOODSTOCK NEWS

By RICHARD E. THIBAUT, Jr.

Rainmaker Opens Run at Playhouse

Woodstock, July 21 — If you can see stars twinkling through a haze of dust, if you can see a plain but sensible farm girl transformed into a heroine of romantic fantasy, "The Rainmaker" which opened Tuesday night at the Woodstock Playhouse, is your dish.

It is no simple task to marry off a forthright girl like Lizzie Curry and heaven knows her understanding father, H. C. Curry, her older brother the sensible Noah and her ebullient younger brother, Jim, tried hard enough. But you have to "get a man the way he has to be got", and it takes someone, somehow to work the magic. The road to Lizzie's special brand of enchantment is frought with good, bad and indifferent advice, but the important result is that she does find it and a wonderful time is had by all involved.

The Rainmaker, to be sure, is a wordy play, but a lot of action goes along with it, especially the antics of young Jim, played with an exuberant and contagious abandon by Joe Massot. Mary James is the troubled Lizzie and she brings to the role a special radiance and poignancy. As a quiet force, Robert Alvin as her father smooths the turbulent family upheavals, and happily swallows a fast line of taradiddle because he too, has a pretty good idea where the stars and dewdrops are located.

Brother Noah, with Frank Daly revealed as a young man for the first time in a Playhouse role, takes a dim view of the heedless behavior of his family, seeking the answers in his trusted account books. Even he learns, however, that a fact looked square in the face might have the kick of a mule.

James Karen is Bill Starbuck, the blithe spirit of mixed myths, a literary libertine who makes his point nevertheless, and in joyous and untrammeled mien does a fine job of it indeed. Norman Rose is the dour File, providing a remarkable contrast in suitors for Lizzie. Heywood Hale Broun contributes to several scenes as Sheriff Thomas.

"The Rainmaker" is essentially homespun, giving the human foibles a gentle, playful nudge rather than a sharp witty crack on the head. Sophistication is given a wide detour and there is enchantment rather than shocks. The performance, in true Michael Howard tradition, is up to its usual standard of perfection.

Historical Society Tours in Bronk House

Woodstock, July 21—The first regular membership meeting of the season of the Woodstock Historical Society was held Thursday, July 14, at the old "Bronk House" in Coxsackie, which was built in 1663. It is now the headquarters of the Greene County Historical Society, and is a fine old stone house, beautifully preserved and kept up by the caretakers, Mr. and Mrs. O'Toole and their daughter, Miss O'Toole, who acted as guide for the visiting group.

Entering a shady lane which branches of the main highway, the visitors were confronted by the main house, joined to another old house, with various out-buildings, surrounded by immaculate lawns and hedges. The main entrance to the older of the two houses leads at once to an atmosphere of old Dutch charm and comfortable living, with the old pieces of furniture grouped as they were when the Bronk family lived there 300 years ago. The panelling of the walls is fine, the fireplaces huge and the light from the many-paned windows glints on china and silver and mohogany. A steep stairway in one corner of the living room, (which was originally the only room of the older house), leads to a large bedroom under the rafters, with the old brick chimney soaring up to the top of the gable. Small windows face the east, and above them two tiny windows, used as lookouts for Indians, are reached by a small ladder leading to a platform. The four-poster beds are standing just as they used to, and are covered by "butter-cloth" quilts made in 1775. Spinning wheels and small cradles complete the furnishings of this apartment.

Descending to the living room again, in which there is a case of silver, some of which was made and signed by Paul Revere, the visitor goes through an old hallway to a magnificent dining room holding a 14-foot mahogany table, handsome chairs and enormous cabinets. In one corner of this room a cupboard holds the original set of white china used by the Broncks in the 1600s, and, on lower shelves, Dutch and English china used in the 1700's and later years. Cases in the hallways contain collections of valuable old fans, dolls, medicine kits, money and parchment documents. Another large living room, in the other old house, is reached across a hallway, and here again is a breathless collection of hansome old mahogany furniture, another huge fireplace, and more panelling as well as old portraits.

Another steep stairway leads to another upstairs apartment, with hand-carved "pineapple" and "sleigh" beds, old Wedgewood toilet sets, dolls and doll-cradles, as well as glass cabinets containing old bonnets, shoes, wedding-dresses, rather dusty and faded, now, but still holding up bravely with the years, and telling of the drama of past lives.

The Bronck House should be listed as a museum rather than a house; and it is to the great credit of the Greene County Historical Society that they have thus carefully tended a priceless monument to early American history.

The Woodstock Historical Society tour was made possible through the kindness of the Greene County Historical Society, and through the kindness of Mrs. Herman Oxhandler, Miss Beatrice Gardner, and Sherman Funk, who loaned their cars for this occasion.

Summer Ball Off

Woodstock, July 21—Owing to the fact that Governor Harriman will not be able to attend the annual Woodstock Midsummer Ball as had been hoped, the ball has been indefinitely postponed.

Money for tickets already sold is being refunded by mail. However, if holders of tickets have not received their refunds by the evening of July 25, they are requested to communicate with Mrs. Roland d'Albis, Woodstock 2925, or Donald Twine, Woodstock 9395.

Children to Entertain

Woodstock, July 21 — Old French nursery songs sung by a group of children will highlight the special children's entertainment at the Woodstock Library Fair, Thursday, July 28. The boys and girls, who call themselves "Les Petits Chanteurs," range in age from 5 to 10 years old. They have been trained by Mrs. Walter P. McTeigue, of Woodstock, and will appear in costume between the puppet shows presented by Mrs. Rudolf Wetterau and Mrs. Walter Seaton. The entertainment will be given in the Library Fair building while the Fair is in progress on the library grounds.

Barbara Moncure will accompany the songs on the guitar and Norma Champanier will assist in directing the children. Those taking part are David and Elizabeth DeLisio, Paul and Razelle Champanier, Emmy Gibson and Pierre Tregnier.

Pastor Has New Charge

Woodstock, July 21—The Rev. Gerald C. Matson, pastor of the Willow Wesleyan Methodist Church, for the past three years will move to a new charge of the same church in Moores, N. Y. The Rev. Mr. Matson will be replaced by the Rev. Clarence Murry who was formerly pastor of the Wesleyan Methodist Church in Schenectady. The new pastor will move to the Willow parsonage on Friday, July 22.

The Rev. Mr. Matson has recently been made a trustee of Houghton College, near Rochester which has an enrollment of 600 students and is a liberal arts college.

Rotary Club Meets

Woodstock, July 21 — The guests last Monday evening at the meeting of the Rotary Club at Deanies were Mrs. Arthur Frederick Sheldon and Miss Helen Sheldon, her daughter of Kingston. It was Mrs. Sheldon's late husband, who died several years ago and is buried in Kingston, who gave the Rotary International its motto: "He profits most who serves best." Mr. Sheldon was a teacher of philosophy.

Next Monday's guest speaker at the Rotary Club meeting will be Mr. F. G. Boudreau. Representatives from all the Rotary Clubs in the area will attend.

The presentation of the charter of the Rotary Club of Saugerties, sponsored by the Rotary Club of Woodstock, was held Tuesday, July 19, at Schoentag's Hotel, Saugerties. Among those who attended from Woodstock were Lewis Wilson, president of the Woodstock Rotary Club, who gave the call to order and made the presentation of gifts; also the Rev. Harvey I. Todd, who gave the invocation and benediction.

Village Notes

Woodstock, July 21—The Zena Country Club will hold a dance at the club house, Saturday, July 23, at 8:15 p. m. Music will be provided by the Saddle Tramps. Refreshments will be on sale and everyone is invited to attend and join the fun.

Mr. and Mrs. Harry Wilson entertained at their home in Wittenberg last Saturday afternoon for a group of 50 guests.

Stanley Longyear is now associated with Peper's Garage.

Harry Park has returned to his home from the Albany Hospital.

At the Democratic Caucus, held Monday, July 18, at the home of Mrs. Roland d'Albis, the following delegates to the county convention to be held July 20, were chosen: Rosalind d'Albis, Louis Lewis, Donald Twine, and Irving Kalish elected alternate.

Kyle Morris will present a lecture with slides, on Recent Developments in Painting and Sculpture, Friday, July 22, at the Woodstock Art Gallery at 8:45 p. m.

200 Attend Show

Woodstock, July 21—Over 200 guests attended one of the best hung shows of the Woodstock Artists Association at the Art Gallery last Saturday afternoon at the Oil and Sculpture Show. Oils noted with interest were Kurt Sluizer's Cow's Skull and Gladys Mitchell's White Church, Rodney Lethbridge's Hummingbird. There is a unique composition using nails as a motif by Dr. A. E. Solomon. Fred Serger's Sunflowers are arresting, and Alice Johnson's Sculpture has an unusually effective presentation.

Art Gallery Open

Woodstock, July 21 — The Woodstock Artists Association has announced that as of this week the Art Gallery will be open to the public free of charge, except on the alternate Saturdays when the shows open, at which time there will be a charge.

One Shoe Is Clue

New York, July 21 (AP)—A small thing sometimes leads to the solution of a big puzzle, and in this case it was a 17-year-old boy hobbling along with one shoe on and one shoe off. Officers who spotted him strolling with a pal on a Queens street couldn't imagine why he was wearing only one shoe. So they began questioning him and, they said, wound up by solving a long series of thefts in which more than 150 freight cars were looted of $30,000 to $40,000 worth of merchandise.

Treasury Receipts

Washington, July 21 (AP)—The cash position of the treasury July 18, 1955: Balance, $6,307,639,919.43; deposits fiscal year July 1, $1,641,212,870.70; withdrawals fiscal year, $3,538,127,704.40; total debt (x) $276,328,178,752.62; gold assets, $21,680,362,547.72; (x) includes $485,418,761.05 debt not subject to statutory limit.

U. S. auto wash businesses had 100 million customers in 1954 and took in 120 million dollars, says the Automobile Manufacturers Assn.

Three Big Plants Vacation at Once

Three of the area's larger industrial plants are due for vacation periods starting this week.

The IBM plant, Neighborhood road, town of Ulster, Electrol, Inc., 85 Grand street, and the Hercules Powder Co., Port Ewen, are due for vacation schedules starting Saturday. Each is to last for two weeks.

Gavin A. Cullen, general manager of IBM, in announcing the vacation schedule, said the plant will be closed for two weeks, in accordance with company practices for all IBM plants. It and the others are due to resume operations Aug. 8.

Desperadoes

the money was in the bags. They discarded some of them—among them one containing $2,700—and dumped eight outside. The sacks were reportedly en route to the First Trust and Deposit Co. of Syracuse from the Federal Reserve Bank of New York.

The robbers tied Mason's ankles with a cord, stuffed his railroad cap in to his mouth and fled.

To Prevent Incidents

Saigon, South Viet Nam, July 21 (AP)—Premier Ngo Dinh Diem today disavowed the persons who sacked two Saigon hotels yesterday and said the government "has taken energetic measures to prevent the renewal of these incidents." The anti-Communist premier made a nationwide radio broadcast a few hours after the United States protested failure to protect American lives and property in a wave of violence on the anniversary of the Geneva armistice accords. The demonstrators caused a million dollars in damage.

20,000 at Congress

Rio de Janeiro, Brazil, July 21 (AP)—Delegates to the 36th International Eucharistic Congress assembled in Congress Plaza today for another of the colorful Masses marking the Roman Catholic gathering. Among the 20,000 delegates to the ceremonies were members of the general assembly of the International Catholic Organizations, which ended a four-day meeting yesterday held in conjunction with the congress.

Killed on Bicycle

Pleasant Valley, N. Y., July 21 (AP) — Lawrence A. Williams Jr., 9, was killed today when he rode his bike into the path of a car. His home was at 48 Washington street, Poughkeepsie, but he was spending the summer here with his grandmother. The car was driven by Timothy Eugene Mahoney, 36, Poughkeepsie store manager. No charge was placed against him.

WOODSTOCK NEWS

Rainmaker Opens Run at Playhouse

Woodstock, July 21 — If you can see stars twinkling through a haze of dust, if you can see a plain but sensible farm girl transformed into a heroine of romantic fantasy, "The Rainmaker" which opened Tuesday night at the Woodstock Playhouse, is your dish.

It is no simple task to marry off a forthright girl like Lizzie Curry and heaven knows her understanding father, H. C. Curry, her older brother the sensible Noah and her ebullient younger brother, Jim, tried hard enough. But you have to "get a man the way he has to be got", and it takes someone, somehow to work the magic. The road to Lizzie's special brand of enchantment is frought with good, bad and indifferent advice, but the important result is that she does find it and a wonderful time is had by all involved.

The Rainmaker, to be sure, is a wordy play, but a lot of action goes along with it, especially the antics of young Jim, played with an exuberant and contagious abandon by Joe Massot. Mary James is the troubled Lizzie and she brings to the role a special radiance and poignancy. As a quiet force, Robert Alvin as her father smooths the turbulent family upheavals, and happily swallows a fast line of taradiddle because he too, has a pretty good idea where the stars and dewdrops are located.

Brother Noah, with Frank Daly revealed as a young man for the first time in a Playhouse role, takes a dim view of the heedless behavior of his family, seeking the answers in his trusted account books. Even he learns, however, that a fact looked square in the face might have the kick of a mule.

James Karen is Bill Starbuck, the blithe spirit of mixed myths, a literary libertine who makes his point nevertheless, and in joyous and untrammeled mien does a fine job of it indeed. Norman Rose is the dour File, providing a remarkable contrast in suitors for Lizzie. Heywood Hale Broun contributes to several scenes as Sheriff Thomas.

"The Rainmaker" is essentially homespun, giving the human foibles a gentle, playful nudge rather than a sharp witty crack on the head. Sophistication is given a wide detour and there is enchantment rather than shocks. The performance, in true Michael Howard tradition, is up to its usual standard of perfection.

Ellenville Music Event to Feature NBC Symphony

With a galaxy of stellar luminaries in the world of music and the opera, highlighted by the Symphony of the Air, the NBC orchestra conducted until recently by Arturo Toscanini, New York's first music festival, called the Empire State Musical Festival, opens for its first season at Ellenville on Wednesday evening, August 3. The festival will run for five weeks, August 3 through September 4. Concerts will be held every Wednesday and Friday evening, with special popular matinee programs on Sundays. Operas, with stars from the Metropolitan, the Chicago Lyric Opera and New York City Opera companies, will be given on Thursday and Saturday nights.

A huge tent seating 2,000 people, with additional space for another 2,000 persons on benches and chairs surrounding the tent, is now being erected on a 110 acre farm. Parking space for upwards of 2,000 automobiles will be provided. The project in all will cost approximately $300,000 and will be New York state's permanent monument to the musical arts.

Eduard Van Beinum, conductor of the famed Concert Gabouwx, of Amsterdam, will conduct the Symphony of the Air in its first two concerts, Wednesday, August 3, and Friday, August 5. The opening concert will be devoted to Beethoven's Leonore Overture No. 3, Beethoven's Eighth Symphony and Brahms' First Symphony. Other conductors engaged for the festival will include Alfred Wallenstein, Erich Leinsdorf, Morton Gould, Hugh Ross, Leroy Anderson and Izler Solomon. The operatic performances will be conducted by Mr. Leinsdorf, Emerson Buckley and TiBor Kozma.

"La Boheme," the initial opera to be given at the festival, will be presented Thursday evening, August 4, and Saturday evening, August 6. A program of George Gershwin-Morton Gould music will be offered Sunday afternoon, August 7, with Mr. Gould on the podium.

Artists engaged for the various operas that include "Madam Butterfly," "La Traviata" and "Cosi Fan Tutte" are such Metropolitan Opera stars as John Brownlee, Eugene Conley, Phyllis Curtin, Frank Guarrera, Mildred Miller, Brian Sullivan, Clifford Harvuot, Lucia Evangelista, Evelyn Sachs, Robert Weede and Virginia McWatters. In addition, soloists will include Eugene List, pianist; Leonard Ross, cellist, and Jose Limon and his dance company. The closing week of the festival will feature Jan Sibelius' "The Tempest," on September 2 and 3.

Advanced Girls Scouts Prepare for Activities

Advanced girl scouts at Camp Wendy, Walikill are preparing themselves in Senior Primitive activities—which is a special name the scouts have for the peak of rugged camping-out ventures.

This group of young ladies are roughing it up and mastering all hiking skills these days—such as lashing, chopping, clearing and cooking out-doors. Under the leadership of Mrs. Ann Povall, senior primitive camping counselor and assistant Miss Monica Schreiber, a clan of girls are preparing to participate in the N. Y. Applachian Trail project set for July 24-26.

This project is sponsored by the National Girl Scouts and the Appalachian Mountain Club. The girls will enter the trail where it crosses the Taconic Parkway and will hike 12½ miles and leave the trail where it crosses the highway to Route 16. They will meet another group to continue on.

Ladies working toward the achievement of this rugged goal include: Loriel Safford, West Point; Judith Amick, West Point; Deborah Howard, Port Jervis; Beth Newman, Port Jervis; Esther Wolf, Carolyn Stark, New Paltz; Emily Bight, Carol Kinkade, Helen McDermott, Kingston; Doris Mellin, Woodstock; Rosemary King, Scarsdale; Lucille Kaiser and Barbara Duda, Lyndhurst, New Jersey; Susan Hinman, Mary Peters, Jacqueline Bott and Mary Ellen McAndrew from Pleasantville.

Traffic, Lighting

hour traffic congestion on Albany avenue by use of specially designed traffic signals at Albany and Foxhall and Albany and Roosevelt avenues.

IT WAS DECIDED to improve street lighting on Flatbush avenue from Foxhall avenue to East Chester street, and on Albany avenue from Foxhall avenue to the city line, using units similar to those installed on Wurts, and McEntee streets, and Foxhall and Clinton avenues.

The Flatbush avenue project will cost the city $550 for the balance of this year, and $1,651 for a full year, the mayor said. The Albany avenue project will cost $192 for the balance of the year and $575 for a full year.

CHANGE of a light on a pole near 72 Stephan street was also approved. The light will be increased from 100 to 250 candlepower. The change was recommended after an investigation by Commissioner Raymond L. Whitbeck of the light committee and Mayor Stang.

Mayor Stang explained that because of the urgent need for solution of the Albany traffic problem, a special survey was made by an expert of The Marbelite Co., Inc., of New York city, and a report on that was submitted for the board's study.

Ernest A. Steuding, public works superintendent, who acted as the board's secretary in the absence of A. Foster Winfield, who is on vacation, explained the findings of the Marbelite Co.

THE COMPANY'S recommendations were:

1. Increasing the radius at each corner to speed up turning movements.
2. That the bus stop be removed from its present location on Albany avenue, opposite Roosevelt avenue, to Albany avenue just west of Foxhall avenue.
3. That all parking or standing of vehicles be prohibited from the area as designated on a drawing.
4. That the section of the street be 'laned" as indicated on the drawing.
5. That three-vehicle movements, as also indicated on the print, be instituted and that a three-dial expansible type of controller be used to accomplish this.

The company recommended a modern type controller "for interconnected operation, a separate mounted flasher with filterette and two time-clocks. The cost is $686 with an added $90 for an automatic timer. The latter would eliminate the need of policemen setting the unit for rush-hour operations.

ALSO RECOMMENDED was a two-way, three-section, adjustable signal for span wire mounting at Albany and Foxhall avenue at $151.20, and a two-way adjustable signal for span wire mounting, one way to have three sections with red, amber and green lenses and the second way to have four sections with red, amber, and two-way 90-degree green arrow lenses at Albany and Roosevelt avenues.

The total cost of all installations was reported at $1010.80. Each unit is equipped for manual control by patrolmen, if and when needed.

Steuding noted that traffic congestion was heaviest between 4:30 and 5 p. m., as the rush poured from the IBM plant.

Commissioner Whitbeck wondered how restricted parking would affect business places in the area, and it was indicated that parking restrictions could be imposed only during rush hours. Commissioner Kenneth E. Hyatt asked if widening of the street would help solve the problem and City Engineer Hallinan said it would not, because not enough space would be gained.

Steuding explained that it was proposed to lane traffic so that one through lane would be kept moving during the rush hour, and so that traffic could also turn off at Foxhall and Roosevelt avenues without seriously tying up the flow during rush hours. It was noted that two patrolmen would be needed in rush hours, if no light system is used.

IT WAS reported, as the board considered resolutions from aldermen, that East Strand, as requested by Alderman George P. Norton, Jr., sixth ward, had been paved, and that work was being done on East Pierpont street, as requested.

A request from Alderman Abram D. Relyea, 11th ward, for action on sewer development in Klingsburg, South Washington and Pettit avenue was referred to the city engineer. One by Arthur Smith, eighth ward to repair holes in Mary's avenue and to cut weeds on McEntee and West Pierpont streets, and to raise the Route 9W sign at Wurts and McEntee streets, was referred to Steuding.

ONE BY Richard V. Roth, 12th ward, asking for signs to protect children at play on Lafayette avenue, was acted on, and Steuding said of another requesting signs near School No. 7 that warning signs are painted on the pavement as each school term opens. Another of Roth's concerning a tar condition on Fairview avenue, had been taken care of, Steuding said.

The letter of Harry R. Brandt, seventh ward, read at the last council session, was also read at the meeting. It commended the board and city officials for street work done in the seventh ward.

Steuding said the work referred to was on Hunter street from Wurts to Hone and West Union from Wurts to Hone street.

CITY ENGINEER Hallinan's Common Council report on projects requested by Alderman Samuel J. Perry, were reread at the meeting. It referred to the laying of a sidewalk near School No. 4, which the report indicated is up to the education board as property owner, the widening of a section of Delaware avenue, which he said, requires further study, and the question of drainage on the North street landfill site, which, Hallinan indicated would create no health menace in the area.

Commissioners Charles O. Davis, Raymond L. Whitbeck, and Kenneth E. Hyatt attended.

cause of their knowledge of his connection with prior still operations. Assisting the federal men was Lt. Robert F. Murphy, Officers James Burns and Anthony Turck, County Investigator Arthur H. Brown and Trooper Raymond M. Kowalski of the Kingston station. At first it was believed the still was located outside the city but investigation disclosed the property was in the city and both city and county officials were called in by the federal agents as well as the state police.

Later the still was demolished under the direction of the federal agents.

Ernest A. Steuding, public works superintendent, who acted as the board's secretary in the absence of A. Foster Winfield, who is on vacation, explained the findings of the Marbelite Co.

THE COMPANY'S recommendations were:

1. Increasing the radius at each corner to speed up turning movements.
2. That the bus stop be removed from its present location on Albany avenue, opposite Roosevelt avenue, to Albany avenue just west of Foxhall avenue.
3. That all parking or standing of vehicles be prohibited from the area as designated on a drawing.
4. That the section of the street be 'laned" as indicated on the drawing.
5. That three-vehicle movements, as also indicated on the print, be instituted and that a three-dial expansible type of controller be used to accomplish this.

The company recommended a modern type controller "for interconnected operation, a separate mounted flasher with filterette and two time-clocks. The cost is $686 with an added $90 for an automatic timer. The latter would eliminate the need of policemen setting the unit for rush-hour operations.

ALSO RECOMMENDED was a two-way, three-section, adjustable signal for span wire mounting at Albany and Foxhall avenue at $151.20, and a two-way adjustable signal for span wire mounting, one way to have three sections with red, amber and green lenses and the second way to have four sections with red, amber, and two-way 90-degree green arrow lenses at Albany and Roosevelt avenues.

The total cost of all installations was reported at $1010.80. Each unit is equipped for manual control by patrolmen, if and when needed.

Steuding noted that traffic congestion was heaviest between 4:30 and 5 p. m., as the rush poured from the IBM plant.

Commissioner Whitbeck wondered how restricted parking would affect business places in the area, and it was indicated that parking restrictions could be imposed only during rush hours. Commissioner Kenneth E. Hyatt asked if widening of the street would help solve the problem and City Engineer Hallinan said it would not, because not enough space would be gained.

Steuding explained that it was proposed to lane traffic so that one through lane would be kept moving during the rush hour, and so that traffic could also turn off at Foxhall and Roosevelt avenues without seriously tying up the flow during rush hours. It was noted that two patrolmen would be needed in rush hours, if no light system is used.

IT WAS reported, as the board considered resolutions from aldermen, that East Strand, as requested by Alderman George P. Norton, Jr., sixth ward, had been paved, and that work was being done on East Pierpont street, as requested.

A request from Alderman Abram D. Relyea, 11th ward, for action on sewer development in Klingsburg, South Washington and Pettit avenue was referred to the city engineer. One by Arthur Smith, eighth ward to repair holes in Mary's avenue and to cut weeds on McEntee and West Pierpont streets, and to raise the Route 9W sign at Wurts and McEntee streets, was referred to Steuding.

ONE BY Richard V. Roth, 12th ward, asking for signs to protect children at play on Lafayette avenue, was acted on, and Steuding said of another requesting signs near School No. 7 that warning signs are painted on the pavement as each school term opens. Another of Roth's concerning a tar condition on Fairview avenue, had been taken care of, Steuding said.

The letter of Harry R. Brandt, seventh ward, read at the last council session, was also read at the meeting. It commended the board and city officials for street work done in the seventh ward.

Steuding said the work referred to was on Hunter street from Wurts to Hone and West Union from Wurts to Hone street.

CITY ENGINEER Hallinan's Common Council report on projects requested by Alderman Samuel J. Perry, were reread at the meeting. It referred to the laying of a sidewalk near School No. 4, which the report indicated is up to the education board as property owner, the widening of a section of Delaware avenue, which he said, requires further study, and the question of drainage on the North street landfill site, which, Hallinan indicated would create no health menace in the area.

Commissioners Charles O. Davis, Raymond L. Whitbeck, and Kenneth E. Hyatt attended.

cause of their knowledge of his connection with prior still operations. Assisting the federal men was Lt. Robert F. Murphy, Officers James Burns and Anthony Turck, County Investigator Arthur H. Brown and Trooper Raymond M. Kowalski of the Kingston station. At first it was believed the still was located outside the city but investigation disclosed the property was in the city and both city and county officials were called in by the federal agents as well as the state police.

Later the still was demolished under the direction of the federal agents.

Opinion on Salary Raises

Editor, The Freeman:

Here is an elaboration of opinions stated by me in opposing the proposed salary increase for city officials at a public hearing in the Common Council, Tuesday, July 19, at 10 a. m.

As a taxpayer and also a public official of the Fourth ward, I informed Mayor Stang, on behalf of numerous people, not only from the Fourth ward, but from all wards, that I am opposed to the proposed salary increase of $2500 yearly for the mayor, to raise his salary from $7500 to $10,000, and also the alderman-at-large from $1200 to $1800, and the aldermen from $600 to $1000.

I informed the mayor that I did not believe he was conducting the salary increase in the proper manner, meaning that it should be left up to a public referendum so that the people who foot the bill can make the decision. The taxpayers! Let them decide whether the public officials should get a raise on Election Day, the same way they did for the police department.

No public official should ever try to raise his own salary. If, however, an increase is in order, then I believe the police department and the municipal workers should get it if anyone does. They are out in all kinds of weather, doing manual work and their take-home pay is inadequate, approximately less than $50 a week take home pay. That is not enough for a police officer or a department of public works employe to support a wife and children.

Let's be honest, Mr. Mayor. You are a public official. So am I and the others. We knew what the salary would be for our respective offices before we elected to run for public office. No one compelled you to run. No one compelled any of us to run. We did it voluntarily. Therefore we should be satisfied with the present salary that we get.

However, I do think that the aldermen should get a substantial increase not to exceed $200, but let the taxpayers decide that. I informed the mayor that he has two jobs, one political and one private as do the rest of us. Therefore, we have two incomes, where, on the other hand the police and the city employes have only one.

The mayor's salary of $7500, plus substantial income from his law practice should be enough. The mayor inquired about my salary as supervisor. I receive $900 and am satisfied. Although I would like more, I don't want it at the expense of the taxpayers, who are carrying a heavy load on their shoulders. If city legislators can't relieve them of some of this load, then for God's sake don't put anymore on them.

In the future, I would respectfully request that public hearings be conducted at a time of day convient to working people, not at the hour of 10 o'clock in the morning.

Respectfully yours,
JOSEPH J. TURCK.
Supervisor, Fourth Ward.

Elmendorf Gives Convention Data

Kingston Rotary Club President Ray A. Elmendorf, who attended as a delegate the annual convention of Rotary International in Chicago, gave a very interesting report on the convention at the luncheon-meeting of the local service club Wednesday at the Hotel Stuyvesant.

Delegates from Rotary Clubs all over the world attended the convention, he said, and took part in the program, which included a study of Rotary principles and proposals for enhancing world-wide acquaintanceship and understanding.

Aside from being interesting and pleasant, he declared, the convention was an inspiration to carry on the ideal of service.

Among the outstanding speakers were Vice President Nixon.

The friendliness of the people of the convention city and fellowship among the delegates were highlights of the occasion, he said.

The entertainment program, which included vocal and instrumental groups from various colleges throughout the midwest, were thoroughly enjoyed as were the visits to the many attractions of the city.

The performances by crippled children, who are undergoing rehabilitation, a Rotary project, was greatly appreciated.

Next year's convention will be held at Philadelphia.

Announcement was made that the third annual chicken barbecue will be held by the local club on Wednesday, August 10. Tickets will be distributed at the meeting next week.

On August 24, the Kingston Rotary Club will be host to the valley Rotary clubs at a day of golf.

Riverview Baptists Seek Aid in Building

The Rev W. R. Washington, pastor of the Riverview Baptist Church, 240 Catherine street, announced that he is in desperate need of help to complete a church building started more than a year ago.

The church has succeeded in erecting a combination Sunday school and dining room where services will be held during the time the old structure is torn down to make room for the new house of worship.

Work so far was accomplished due to the inspiration and guidance of the Rev. Mr. Washington. He said that the old building is in bad condition and need for the new building is acute.

The congregation was started by the Rev. Mr. Washington with six members at Goldrick's Landing 20 years ago and has grown since then to a membership of more than 200.

Plan Weizmann Dinner

The annual Weizmann Dinner of the Sullivan-Orange-Ulster-Greene Counties' Council of the Weizmann Institute of Science will take place at Grossinger's on Sunday, November 6, it was announced today by Henry Temes, Woodridge, chairman. The date was set at a meeting of the Council held on Thursday evening, July 14. Proceeds of the event will be used to further the development of the Asher Selig and Malke Grossinger Memorial Library in the biological sciences at the Weizmann Institute of Science, Rehovoth, Israel. The library was established by the Council as an expression of affection for Mrs. Grossinger and a tribute to her late parents.

No public official should ever try to raise his own salary. If, however, an increase is in order, then I believe the police department and the municipal workers should get it if anyone does. They are out in all kinds of weather, doing manual work and their take-home pay is inadequate, approximately less than $50 a week take home pay. That is not enough for a police officer or a department of public works employe to support a wife and children.

Let's be honest, Mr. Mayor. You are a public official. So am I and the others. We knew what the salary would be for our respective offices before we elected to run for public office. No one compelled you to run. No one compelled any of us to run. We did it voluntarily. Therefore we should be satisfied with the present salary that we get.

However, I do think that the aldermen should get a substantial increase not to exceed $200, but let the taxpayers decide that. I informed the mayor that he has two jobs, one political and one private as do the rest of us. Therefore, we have two incomes, where, on the other hand the police and the city employes have only one.

The mayor's salary of $7500, plus substantial income from his law practice should be enough. The mayor inquired about my salary as supervisor. I receive $900 and am satisfied. Although I would like more, I don't want it at the expense of the taxpayers, who are carrying a heavy load on their shoulders. If city legislators can't relieve them of some of this load, then for God's sake don't put anymore on them.

In the future, I would respectfully request that public hearings be conducted at a time of day convient to working people, not at the hour of 10 o'clock in the morning.

Respectfully yours,
JOSEPH J. TURCK.
Supervisor, Fourth Ward.

Instant Drink Mix

New Product: An instant chocolate-flavored drink mix has nutritious nonfat dry milk solids as a base. The mix needs only stirring with cold or hot water, cold or hot whole milk for a delicious beverage.

Elmendorf Gives Convention Data

Kingston Rotary Club President Ray A. Elmendorf, who attended as a delegate the annual convention of Rotary International in Chicago, gave a very interesting report on the convention at the luncheon-meeting of the local service club Wednesday at the Hotel Stuyvesant.

Delegates from Rotary Clubs all over the world attended the convention, he said, and took part in the program, which included a study of Rotary principles and proposals for enhancing world-wide acquaintanceship and understanding.

Aside from being interesting and pleasant, he declared, the convention was an inspiration to carry on the ideal of service.

Among the outstanding speakers were Vice President Nixon.

The friendliness of the people of the convention city and fellowship among the delegates were highlights of the occasion, he said.

The entertainment program, which included vocal and instrumental groups from various colleges throughout the mid-west, were thoroughly enjoyed as were the visits to the many attractions of the city.

The performances by crippled children, who are undergoing rehabilitation, a Rotary project, was greatly appreciated.

Next year's convention will be held at Philadelphia.

Announcement was made that the third annual chicken barbecue will be held by the local club on Wednesday, August 10. Tickets will be distributed at the meeting next week.

On August 24, the Kingston Rotary Club will be host to the valley Rotary clubs at a day of golf.

Gardiner

Reformed Church Plans Ordination of Pastor

Gardiner, July 20—The ordination of Kenneth Cordes and his installation as pastor of the Gardiner Reformed Church will be held on Sunday at 7:30 p. m. The Rev. John Van Strien, former pastor will deliver the charge to the congregation.

The annual fair and supper of the church will be held on Thursday, July 28. The usual fancy and domestic booths, a food booth, and fish pond for the children will be displayed. The supper will be in two servings at 5:45 and 7 p. m.

Area Notes

Gardiner, July 20—Mrs. Virginia Weigle who was hospitalized for the past few months following an automobile accident was discharged and is staying with her sister-in-law at Corning.

Dr. and Mrs. Joseph Lightcap and granddaughter, Sandra of Brooklyn and Cornwall were guests last week of Mr. Lightcap's brother and sister-in-law, Dr. and Mrs. James Lightcap.

Mr. and Mrs. Frank Porupski and three sons are vacationing in northern New York.

Miss Grace Boland of Thiells is spending her vacation with her brother-in-law and sister, Mr. and Mrs. Lewis Denton.

George Hughes of Flushing, L. I., landed at the Gardiner Airport on Saturday and spent the weekend with Mrs. Hughes who is spending some time at Lake Minnewaska.

Mr. and Mrs. Milton Decker of Thiells were weekend guests of her mother, Mrs. Fannie Pizzuto.

Mr. and Mrs. Ernest Prehn of New York were weekend guests of Mr. and Mrs. William Seitz

Mr. and Mrs. James George were Sunday guests of Mr. and Mrs. Bernard Wheeler of Danbury, Conn.

A number from this vicinity attended the funeral of Mrs. Anna Bevier at the Humiston Funeral Home in Ellenville on Monday afternoon.

Riverview Baptists Seek Aid in Building

The Rev W. R. Washington, pastor of the Riverview Baptist Church, 240 Catherine street, announced that he is in desperate need of help to complete a church building started more than a year ago.

The church has succeeded in erecting a combination Sunday school and dining room where services will be held during the time the old structure is torn down to make room for the new house of worship.

Work so far was accomplished due to the inspiration and guidance of the Rev. Mr. Washington. He said that the old building is in bad condition and need for the new building is acute.

The congregation was started by the Rev. Mr. Washington with six members at Goldrick's Landing 20 years ago and has grown since then to a membership of more than 200.

Plan Weizmann Dinner

The annual Weizmann Dinner of the Sullivan-Orange-Ulster-Greene Counties' Council of the Weizmann Institute of Science will take place at Grossinger's on Sunday, November 6, it was announced today by Henry Temes, Woodridge, chairman. The date was set at a meeting of the Council held on Thursday evening, July 14. Proceeds of the event will be used to further the development of the Asher Selig and Malke Grossinger Memorial Library in the biological sciences at the Weizmann Institute of Science, Rehovoth, Israel. The library was established by the Council as an expression of affection for Mrs. Grossinger and a tribute to her late parents.

In its primary sense, the word "lord" refers to the head of a household.

Cementon Couple Honored at Dinner On 35th Anniversary

Saugerties, July 21—Mr. and Mrs. Roy J. Potts of Cementon celebrated their 35th wedding anniversary at a dinner party given in their honor on Sunday at Red's Restaurant in Coxsackie.

Mr. Potts, an employe of the Alpha Portland Cement Company is a native of Cheviot, Columbia county. Mrs. Potts, the former Estella M. Craft was born in Cementon. The guests of honor who have lived all 35 years of wedded life in their home in Cementon were married on July 21, 1920 in the Baptist parsonage in Catskill by the Rev. Jay D. Hopkins.

Among the guests at the dinner celebration were their best man, Percy D. Moon of Cementon and the honor attendent and sister of Mrs. Potts, Mrs. John E. Plusch of Jefferson Heights, Catskill.

Mrs. Potts has served as organist for St. Paul's Evangelical Lutheran Church of West Camp for the past 20 years.

Others attending included Mr. and Mrs. Henry W. Johnson, Mr. and Mrs. Percy D. Moon, Mr. and Mrs. Robert L. Moon, Floyd D. Moon all of Cementon; Mrs. John E. Plusch, Miss Grace A. Plush of Catskill; Mr. and Mrs. Fred R. Potts of Germantown; Mr. and Mrs. Daniel Wynne of West Camp; Mr. and Mrs. Mervin E. Potts of Albany and Miss Anita I. Potts of Cementon.

Following the dinner, Mr. and Mrs. Potts were presented with a set of dishes as a gift from the guests.

ANNOYING NEIGHBORS

Dear Mrs. Post: My husband and I live in the suburbs. We have a very nice house with a patio in the back where we spend most of our time at this season of the year. When we have company we also entertain them out here. However, a problem has arisen which I don't know how to handle without being rude. We have very nice neighbors and like them very much but our neighbors to the right are a little too friendly to suit me. Whenever they see us sitting out at night they come over and join us without waiting to be asked. They even come over when we have company. I don't mind their coming over occasionally — in fact I enjoy talking to them, but never to be able to sit out there alone is becoming annoying. Will you please tell me how to cope with this situation?

There really is no answer to your problem. Greet them with a very cool manner is the only thing I can think of, although this would not be very good manners on your part.

Introducing Son's Fiancee

Dear Mrs. Post: My son's girl friend is coming here from the Coast to spend two weeks with us. While she is here, he intends to give her an engagement ring. Since she is a stranger to our relatives and having no family of her own, would it be proper for me to announce their engagement at a small family gathering?

Answer: As she has no family of her own to announce the engagement you may certainly do so and invite people in to meet her immediately.

Cruel People

Dear Mrs. Post: Hardly a day goes by that I don't hear someone telling a friend or acquaintance how bad, or tired, he or she looks. To me this is not only bad manners but extremely cruel. What is your opinion?

Answer: I agree with you, and I am astonished you find so many who do this.

Wendy Girl Scouts To Close Camp

Brownies, Intermediates and Senior Girl Scouts of Camp Wendy, Wallkill reached the close of the first encampment.

As a climax to the first encampment, the entire camp participated in full activities and the final supper was a banquet held in the camp dining hall.

The Tinker unit modeled a fashion show displaying clothes that could be worn suitably at camp life. The Indians demonstrated a fast-moving "first-night" at camp. Greenwood unit dramatized the cooking of a spaghetti dinner as one "gentleman" of the camp committee does it in his own manly way. The Pioneers had a float supper and they dramatized a mishap of this occasion. The Jungle girls dramatized a waking-up period when they visited the Crowell Farm in Wallkill. The Romany sang their entire log of their trip to Minnewaska.

The theme of the campfire get-to-gether was "Friendship" and was followed by the sailing of miniature boats which contained wishes stemming from a local to a national level.

Romany presented taps and symbolized what each line of taps holds dear to a girl scout.

Registered at the first encampment in the Tinkerbell unit were: Laura Buchanan, New Paltz; Jill Weiner, Newburgh; Sandra De Vries, Milton; Kitty Fowler, Karla Lefren, Kingston; Lawrence Webester, Carolyn Wilson, Susie Perlman and Wendy Harriman, Woodstock; Selma Paul, Hurley; Christina Hetsco, Ulster; Teena Herschowsky, Accord; Allyson Corner, Port Jervis. Also, Jane Anderson, Jeannette Byrnes, Susan Finkelstein, Victoria Karppi and Cynthia Schneider.

Indian Unit: Todd Agan, Carol Aronchick, Judith Berkwitz, Rachelle Katz, Newburgh; Sharon Kreeft, Campbell Hall; Jane Deane, Rock Tavern; Phyllis Erman, Jennifer Leaning, Sylvia McAusland, Linda Stock, Jane Moehrke, Laural Thomas, New Paltz; Marjorie Whitaker, Elizabeth Maxson, Judy Josephson, Patty Fowler, Barbara Fowler, Terry Felson, Kingston; Mary Bott, Kingston; Beverly Schoonmaker, Accord; Lolly Feinberg, Monticello; Kathryn Decker. West Point and Rina Braunheim of New York city.

Greenwood Unit: Ann Barry, Gardiner; Violet Borst, Walden; Lynn Ott, Port Jervis; Lynn Phillips, New Paltz; Carole Seidel, Judy Scherrer, Mary O'Reilly, Toni Lefren, Karen Donnellan, Kingston; Betty Roarke, Harriman; Susan Shultis, Bearsville; Jeanne Leffler, Monticello; Suzanne Bradford, Ellenville; Sally Carole, Accord; Ann Cantor, Croton-on-Hudson; Gail Boss, Shari Cohen, Margaret Hopp, Linda Lyman and Kathryn McCleery.

VACATION FUN
and Summer Sun can't hurt these seats

Summertime can murder car seats. Wet bathing suits, dripping ice cream, dusty shoes or clothes, heavy luggage, pets . . . all take a toll.

Why worry? . . . Get a set of tough, fade-resistant Howard Zink seat covers. They wipe clean with a damp cloth. You're more comfortable, too, on sticky days because Howard Zink covers "breathe" so air circulates freely.

What's more, Howard Zink seat covers are fashioned-to-fit without wrinkles. Seams are double stitched, then hidden . . . no exposed threads to snag or wear through. That's why users say Howard Zink seat covers are made better to look better longer.

VACATION FUN
and Summer Sun can't hurt these seats

Summertime can murder car seats. Wet bathing suits, dripping ice cream, dusty shoes or clothes, heavy luggage, pets . . . all take a toll.

Why worry? . . . Get a set of tough, fade-resistant Howard Zink seat covers. They wipe clean with a damp cloth. You're more comfortable, too, on sticky days because Howard Zink covers "breathe" so air circulates freely.

What's more, Howard Zink seat covers are fashioned-to-fit without wrinkles. Seams are double stitched, then hidden . . . no exposed threads to snag or wear through. That's why users say Howard Zink seat covers are made better to look better longer.

Protest to Premier

Saigon, South Viet Nam, July 21 (AP)—The United States has lodged a formal protest with Premier Nego Dinh Diem that his government failed to provide adequate protection to American lives and property during rioting yesterday that caused a million dollars damage. Mrs. Perle Mesta, former U. S. minister to Luxembourg, was among 57 American involved. She escaped injury and her property losses were limited to a portable typewriter. U. S. Ambassador G. Frederick Reinhardt saw Diem last night and received verbal assurance that the Americans, residents of two hotels sacked by the rioters, would be reimbursed for their losses. Property losses of hotel guests were estimated at $200,000.

Demands Flag Removal

New York, July 21 (AP)—Col. Henry D. Henshel, a prominent executive of the United States Olympic Organization, demanded today that the Olympic flag be lowered at the Mediterranean games now in progress in Barcelona because Spain barred Israel's participation.

All the primary kaolin produced in the United States comes from North Carolina. It is a ceramic used in fine china.

Lava Slowing Down

Catania, Sicily, July 21 (AP)—Volcano experts said today the lava flow from Mt. Etna is slowing down. Lava, 60 feet wide and three feet deep, crept down Mt. Etna today but experts said it appeared to be flowing to a stop.

Europe's tallest volcano began spilling the lava stream down its northeast slope Tuesday, after shooting off smoke and flames for three weeks.

May Visit Kremlin

Moscow, July 21 (AP)—Official opening of the Kremlin to the public meant more work for First Deputy Premiers A. I. Mikoyan and Lazar M. Kaganovich. As the Soviet government's acting heads while other top leaders are in Geneva, the two deputy premiers acted as greeters and guides yesterday for opening day crowds. Conversion of the ancient seat of government into a giant museum has been progressing gradually. There was no rush at the gates yesterday, although Moscow newspapers said 22,000 persons entered the Kremlin grounds.

THE SUMMER STAGE

Hyde Park Has Merry Hit in Anouilh Play

In a fluffy production, weighted down by some commonsense remarks, "Ring Round the Moon" strikes a high point of the season at Hyde Park.

Marking the halfway point in the Playhouse's summer schedule, the "charade" by Anouilh concerns twin brothers and their romantic entanglements. The confusion grows and grows providing many, many entertaining moments, right up to the final curtain. And as always in gay romantic comedies, everyone is happy.

Taking acting honors for the evening is John Kerr, late of "Tea and Sympathy" on Broadway. His portrayal of the twins, Hugo and Frederic, drew two entirely different sides of the same face. The handsome young star is a veteran of three entertainment mediums.

Allyn McLerie, familiar as the dancer in "Where's Charley?" debuts spectacularly in summer theatre, in a straight dramatic role. She has not left dancing altogether, fortunately, for one of the most-applauded scenes was her incidental '20's dance with Logan Ramsey.

Jocelyn Brando gave a sensitive performance as the ballet dancer who became an integral part of Hugo's plot. Miss Brando continues to demonstrate her wide range of dramatic talent in a variety of roles, reaching some definite peaks of playing in this production.

Lucie Lancaster as Madame Desmortes, the twins' aunt, delivers some telling verbal blows as she skirts the situation in her wheelchair. Mary Finney, as the ballet dancer's mother, steals every scene with her high-flown interpretation. She seems so much more at home in this week's play.

Add a "melancholy millionaire," played ably by Wolfe Barzell, the "faded companion" to the aunt, played by Margaret Barker, and Lady India, the betrothed of the wrong twin, Sybil Baker, and the "crumbling butler," Richard Shull, for a really entertaining evening of scenes with sense liberally sprinkled with nonsense. Charles V. White "does it again" by lifting the audience to peals of laughter with his every entrance as the butterfly hunter interested in ballet dancers.

The Winter Garden setting is imaginative and spacious, as befits the wealthy owners, with trees, a moon hanging lower and lower each scene, and silhouettes as the dawn steals over the set. Edgar Lansbury designed the set of the French home, with attention to the play needs and eye-appeal.

Not the least, though the last mentioned, are the colorful costumes, the originals from the Broadway production, which add to the frolic.

"Peg O'My Heart" at Cragsmoor

Angela Paton is seen in the title role in "PEG O' MY HEART" which opens Wednesday at the Cragsmoor Playhouse. Miss Paton is a graduate of Carnegie Tech and has appeared in summer stock at the Rice Playhouse, Martha's Vineyard, Chase Barn and the Pocono Playhouse, and was also a resident actress at the Washington Arena Theatre.

Also featured in PEG O' MY HEART is Peter Pagan who was seen last week as the cunning villain in DIAL M FOR MURDER.

PEG O' MY HEART was first produced in 1912 with Miss Laurette Taylor in the title role. It has a universal appeal for people of all ages and nations and almost every corner of the globe has had a touring company of this lasting romantic comedy. It has played to more audiences than Oklahoma! or South Pacific combined. It is a tender treatment of the Rags-To-Riches theme. Under the terms of her late uncle's will the forthright Peg is brought from America and is plumped into the middle of a very British upper class household, composed of her haughty aunt and cousins whom she has never seen. The attempts on the part of the household to educate and polish the simple Peg (and thereby share the fortune under the terms of the will) lead to extraordinary and hilarious developments. By the close of the play, Peg has found love, the household has its fortunes restored and all exit happily.

Warrant Dismissed

New York, July 21 (AP)—A warrant for the arrest of singer-actress Jeannette MacDonald has been vacated and charges of violating the building code were dismissed. Miss MacDonald had been charged with failing to keep a Manhattan apartment house she owns in proper repair. The warrant for her arrest was issued last May 25 when she failed to appear in court in the case.

Like their namesake who roams the jungles of Asia and Africa, the New York variety of the Panther continues his marauding through the City Baseball League.

The unbeaten leaders took a firm grip on first place by trouncing the second place Dobler Beer, 11 to 7, behind Bob Maines and Jack Houghtaling, the two KHS heroes.

Maines was not his usual sharp self and exited after yielding three hits and five runs in three innings. But Houghtaling kept the Brewmeisters in check on three hits over the last four innings.

MANAGER GEORGE Magley and southpaw Frank Reis took a heavy bumping for Doblers in the early going. Doblers led 5-4 at the end of two but the Panthers picked up five tallies in the third and fourth frames to put the game on ice.

Eddie Van Loan sparked the Panthers' 13-hit attack with a double and homer in four trips to the plate. He batted in four runs, knocking in a pair with his third-inning homer. Don Ferraro's slugged a pair of singles and a double and Skip Brodhead and Paul Giannuzzi also had two hits for the Panthers. The six Dobler safeties went to six different players. Joe Shattan knocked in a pair of tallies with a triple in the second inning.

THE PANTHERS made short shrift of Magley pouncing on him for four runs in the first inning on singles by Ferraro and Brodhead and two baggers by Van Loan and Tom Christiana.

Chalidale Jewel Wins at Roosevelt

Westbury, July 21 (AP)—Chalidale Jewel won the Yaphank pace over the mile and one-sixteenth distance in 2:13.4 last night at Roosevelt Raceway, beating Banner Way by a half length. The favorite, True Bear, was third.

The 3-year-old chestnut filly, driven by Jimmy Wingfield, chalked up her third win in nine starts this season. She returned $8.40 for $2 at third choice.

Pardon the pun, but the Volunteer Firemen seem to be sweeping through the Fraternal Youth League like wildfire.

Manager Eddie Jordan's Smoke Eaters (ah, there's another one!) hosed the Veterans of Foreign Wars, 11 to 1, for their fifth straight victory without a loss in yesterday's battle at Dietz Stadium.

PAUL CELUCH the Little League alumnus, checked the Vets on a couple of widely scattered hits to win breezing after he was staked to a 3-0 lead in the third inning.

A seven-run explosion in the fifth wrecked the game.

Paul Celuch started for the Vols, while Joe Beaver took most of the thumping for the VFW before Gardner came to his rescue.

Bob Short was the hitting hero for the Vols with a couple of triples. Don Krueger also had two singles and J. Klonowski picked up the other of the five Vol safeties.

Dream Race

Nashua, Swaps Race August 31

Chicago, July 21 (AP)—A supreme moment in thoroughbred horse racing history is destined for Chicago's Washington Park Aug. 31 when Nashua and Swaps line up in a winner-take-all $100,000 match race—by popular demand.

The announcement yesterday that the country's two premier 3-year-olds would be matched at a mile and a quarter on the seek south suburban oval surprised and delighted horse lovers everywhere.

Only Monday, it was thought that a run-off between them—talked about for months—never would come off.

Nashua, winner of Saturday's $148,500 Arlington Classic at Arlington Park, had been shipped to New York for "a much-needed rest." Swaps was on his home grounds in California.

BIDS TO STAGE the match by one track and another—from Hollywood Park on the west coast to Belmont Park in the east—had been discarded. Washington Park and its director, Benjamin Lindheimer, kept plugging — but when William Woodward Jr. shipped Nashua out of Chicago, even Washington Park was considered out.

Lindheimer's announcement that the race finally had been agreed upon by Rex Ellsworth and Woodward thus came at a most welcome time.

He said each horse would carry 126 pounds and that Washington Park was putting up the entire $100,000 for the winner, plus appropriate trophies for owner and jockey.

The jockeys in this case are the country's best—Eddie Arcaro on Nashua and Willie Shoemaker on Swaps.

Hambletonian Choices Impress

Saratoga Springs, July 21 (AP)—Scott Frost and Childs Hanover have boosted their Hambletonian rankings with victories over other horses eligible for the $100,000 trot.

Scott Frost trounced two highly regarded eligibles in winning both dashes of the $10,000 Runnymede three-year-old trot in the grand circuit program at Saratoga Raceway last night. He remains the favorite.

Childs Hanover took both dashes of the $5,000 Messenger Wilsons of Syracuse trot at Vernon Downs in a race with eight Hambletonians eligibles.

Joe O'Brien drove Scott Frost to victory in 2:03 4/5 for the first dash. The son of Hoot Mon tied his own season's record for sophomore trotters over a half-mile track. He won the second mile in 2:03 3/5.

THE SCOREBOARD

By ED WILKS
(The Associated Press)

Every now and then this season the smoke sent up by the sluggers, zeroing in on the major league home run record with 1,400 to date, clears away and some brilliant pitching shows through. Yesterday (Wednesday) was one of those days.

Boston's George Susce Jr. was the leader, giving Kansas City just one hit in a 6-0 victory. It was the fifth one-hit job in the American League this year and eighth in the majors.

The 24-year-old righthander, son of the A's bullpen coach, gave up a leadoff single to Vic Power in the first and that was all.

BIG DON Newcombe of Colonia, N. J., came close to his second one-hitter of the season, but Chicago wound up with two singles off the Brooklyn righthander as he won his 16th, 10-1, in the first game of twinighter. The Cubs snapped a nine-game losing streak in the nightcap, 5-3.

It was relief pitching that won a fifth straight for Washington, with Pedro Ramos hurling 5 2/3 innings of hitless ball to beat Cleveland 6-4. Ray Narleski, Don Mossi and Mike Garcia, incidently, tossed no-hit stuff in 6 1/3 innings of relief for the Tribe.

Saul Rogovin allowed just five hits as Philadelphia beat Cincinnati 6-0 and Curt Simmons followed it up with a four-hitter as the Phils won their ninth straight in the second game of the twi-nighter 4-2.

Clutch pitching paid off for the Chicago White Sox, who barely made an 8-0 lead hold up in an 8-6 victory over New York that cut the Yankees AL lead to two games. Billy Pierce, third Sox pitcher, ended it with runners on second and first by getting Mickey Mantle to hit into a force out.

IN THE OTHER AL game, Baltimore snapped Detroit's four-game streak 6-3. And in the National, Milwaukee fell 13½ games behind Brooklyn with a 4-3 loss at Pittsburgh while St. Louis whipped New York 9-2.

Susce, now 5-3, fanned five and walked three while toppling the A's to their ninth straight defeat. Four runs in the second inning on three singles and Billy Goodman's double wrapped it up for the Red Sox.

Newcombe struck out eight and after Clyde McCullough's single in the second inning, didn't allow a runner until Dee Fondy singled to open the eighth. The Brooks smacked five home runs in his support, two each by Don Zimmer and Duke Snider, who now has 33.

The Cubs rallied for three runs in the seventh to salvage the nightcap with Frank Baumholtz' pinch hit eluding Jim Gilliam's shoestring try in left for a two-run triple.

THE WHITE SOX rapped loser Bob Turley for four runs in the first and tapped Johnny Kucks for four in the third—then Kucks and Bob Weisler held them hitless the rest of the way. Dick Donovan won his 13th, although chased in a five-run Yank seventh.

Cleveland, still four games behind, tumbled in the third when the Nats scored four times. Loser Early Wynn set off the inning with an error and Jose Valdivielso capped it with a two-run triple.

Rogovin, released recently by Baltimore, batted home two runs with a double and Andy Seminick swatted a three-run homer in the Phil's first game victory. Willie Jones gave Simmons a 3-0 lead with his leadoff homer in the fourth of the nightcap. The Phils now are just a half-game behind the fourth place Cubs while Cincy, in seventh, has lost seven of eight.

THE BRAVES lost their second straight to the Bucs despite Ed Mathews' 24th homer that fashioned an early 2-0 lead. Preston Ward hit a pinch homer with two on to tie it 3-3 in the seventh and Jack Shepard lined a pinch, bases-loaded single in the ninth to win it.

Tom Poholsky, who never had beaten the Giants since entering the Majors in 1951, gave 10 hits, but had three of the Cards' 15 safeties. Stan Musial leveled his 21st homer with one on.

Ray Moore held Detroit hitless for 6 2/3 innings, then gave way to a 3-2 Tiger lead on homers by Ray Boone and Frank House. Hal Smith hit a pair of two-run doubles as the Orioles pulled it out.

Fuentes Beats Hec Constance

New York, July 21 (AP)—Some styles make fights but the styles of Ramon Fuentes and Hector Constance don't.

Fuentes, 29-year-old veteran from Los Angeles, won a split decision over the 24-year-old lad from Trinidad last night at Madison Square Garden in a dull battle of counter punches.

Nobody wanted to lead.

Judge Joe Agnello scored it for Fuentes 7-3 and Judge Frank Forbes also scored it for the Californian, 5-4-1. Referee Al Berl saw it 5-4-1 for Constance. The AP card was 5-5 and it could have been 0-0-10.

Fuentes, 151, to Constance's 147½ pounds, was the 7 to 5 underdog although he ranked No. 4 among the welter contenders.

Sambo's Putter Was Hot

Sam Snead's 66 Paces First Qualifying Round

Detroit, July 21 (AP)—It may be true that golf's "Old Guard"—the Hogans, Sneads and Mangrums—is being eased into the rocking chair, but there's one old codger who still has plenty of fight left in him.

He's a balding businessman-golfer who goes by the name of Samuel Jackson Snead.

It is sad but true that old Sammy, now 43, can't hit a lick in the U. S. Open. He's been trying for almost 20 years but still no cigar. When it comes to the PGA tournament, however, the books show that he has won this testing, all-professional tournament three times, and was runnerup twice. Snead also was PGA medalist twice, and now he is favored to take medal honors for the third time in the 1955 event at the Meadowbrook Country Club.

USING A BRAND new putter, Sam shot a six-under-par 66 yesterday to seize the lead in the first of two qualifying rounds at the 6,701-yard, par 71 layout.

Seventeen players in the field of 135 broke par but Snead and his eight one-putt greens took a one-stroke lead over Jackie Burke Jr., and Doug Ford, golfing buddies from Kiamesha Lake, N. Y., and Skee Riegel, 1947 National Amateur champion from Ithan, Pa.

A pair of outsiders—Errie Ball of Oak Park, Ill., and Don Fairfield of Casey, Ill.—were next with 68's, while seven players were bracketed at 69. Included in this group are Tommy Bolt and Cary Middlecoff.

"Man, this thing acted just like a magic wand," Snead said, patting his putter afterward. "Putting is 90 per cent mental—and I had the confidence. I holed more putts than in five tournaments."

Like their namesake who roams the jungles of Asia and Africa, the New York variety of the Panther continues his marauding through the City Baseball League.

The unbeaten leaders took a firm grip on first place by trouncing the second place Dobler Beer, 11 to 7, behind Bob Maines and Jack Houghtaling, the two KHS heroes.

Maines was not his usual sharp self and exited after yielding three hits and five runs in three innings. But Houghtaling kept the Brewmeisters in check on three hits over the last four innings.

MANAGER GEORGE Magley and southpaw Frank Reis took a heavy bumping for Doblers in the early going. Doblers led 5-4 at the end of two but the Panthers picked up five tallies in the third and fourth frames to put the game on ice.

Eddie Van Loan sparked the Panthers' 13-hit attack with a double and homer in four trips to the plate. He batted in four runs, knocking in a pair with his third-inning homer. Don Ferraro's slugged a pair of singles and a double and Skip Brodhead and Paul Giannuzzi also had two hits for the Panthers. The six Dobler safeties went to six different players. Joe Shattan knocked in a pair of tallies with a triple in the second inning.

THE PANTHERS made short shrift of Magley pouncing on him for four runs in the first inning on singles by Ferraro and Brodhead and two baggers by Van Loan and Tom Christiana.

Chalidale Jewel Wins at Roosevelt

Westbury, July 21 (AP)—Chalidale Jewel won the Yaphank pace over the mile and one-sixteenth distance in 2:13.4 last night at Roosevelt Raceway, beating Banner Way by a half length. The favorite, True Bear, was third.

The 3-year-old chestnut filly, driven by Jimmy Wingfield, chalked up her third win in nine starts this season. She returned $8.40 for $2 at third choice.

Pardon the pun, but the Volunteer Firemen seem to be sweeping through the Fraternal Youth League like wildfire.

Manager Eddie Jordan's Smoke Eaters (ah, there's another one!) hosed the Veterans of Foreign Wars, 11 to 1, for their fifth straight victory without a loss in yesterday's battle at Dietz Stadium.

PAUL CELUCH the Little League alumnus, checked the Vets on a couple of widely scattered hits to win breezing after he was staked to a 3-0 lead in the third inning.

A seven-run explosion in the fifth wrecked the game.

Paul Celuch started for the Vols, while Joe Beaver took most of the thumping for the VFW before Gardner came to his rescue.

Bob Short was the hitting hero for the Vols with a couple of triples. Don Krueger also had two singles and J. Klonowski picked up the other of the five Vol safeties.

Dream Race

Nashua, Swaps Race August 31

Chicago, July 21 (AP)—A supreme moment in thoroughbred horse racing history is destined for Chicago's Washington Park Aug. 31 when Nashua and Swaps line up in a winner-take-all $100,000 match race—by popular demand.

The announcement yesterday that the country's two premier 3-year-olds would be matched at a mile and a quarter on the seek south suburban oval surprised and delighted horse lovers everywhere.

Only Monday, it was thought that a run-off between them—talked about for months—never would come off.

Nashua, winner of Saturday's $148,500 Arlington Classic at Arlington Park, had been shipped to New York for "a much-needed rest." Swaps was on his home grounds in California.

BIDS TO STAGE the match by one track and another—from Hollywood Park on the west coast to Belmont Park in the east—had been discarded. Washington Park and its director, Benjamin Lindheimer, kept plugging — but when William Woodward Jr. shipped Nashua out of Chicago, even Washington Park was considered out.

Lindheimer's announcement that the race finally had been agreed upon by Rex Ellsworth and Woodward thus came at a most welcome time.

He said each horse would carry 126 pounds and that Washington Park was putting up the entire $100,000 for the winner, plus appropriate trophies for owner and jockey.

The jockeys in this case are the country's best—Eddie Arcaro on Nashua and Willie Shoemaker on Swaps.

Hambletonian Choices Impress

Saratoga Springs, July 21 (AP)—Scott Frost and Childs Hanover have boosted their Hambletonian rankings with victories over other horses eligible for the $100,000 trot.

Scott Frost trounced two highly regarded eligibles in winning both dashes of the $10,000 Runnymede three-year-old trot in the grand circuit program at Saratoga Raceway last night. He remains the favorite.

Childs Hanover took both dashes of the $5,000 Messenger Wilsons of Syracuse trot at Vernon Downs in a race with eight Hambletonians eligibles.

Joe O'Brien drove Scott Frost to victory in 2:03 4/5 for the first dash. The son of Hoot Mon tied his own season's record for sophomore trotters over a half-mile track. He won the second mile in 2:03 3/5.

THE SCOREBOARD

By ED WILKS
(The Associated Press)

Every now and then this season the smoke sent up by the sluggers, zeroing in on the major league home run record with 1,400 to date, clears away and some brilliant pitching shows through. Yesterday (Wednesday) was one of those days.

Boston's George Susce Jr. was the leader, giving Kansas City just one hit in a 6-0 victory. It was the fifth one-hit job in the American League this year and eighth in the majors.

The 24-year-old righthander, son of the A's bullpen coach, gave up a leadoff single to Vic Power in the first and that was all.

BIG DON Newcombe of Colonia, N. J., came close to his second one-hitter of the season, but Chicago wound up with two singles off the Brooklyn righthander as he won his 16th, 10-1, in the first game of twinighter. The Cubs snapped a nine-game losing streak in the nightcap, 5-3.

It was relief pitching that won a fifth straight for Washington, with Pedro Ramos hurling 5 2/3 innings of hitless ball to beat Cleveland 6-4. Ray Narleski, Don Mossi and Mike Garcia, incidentally, tossed no-hit stuff in 6 1/3 innings of relief for the Tribe.

Saul Rogovin allowed just five hits as Philadelphia beat Cincinnati 6-0 and Curt Simmons followed it up with a four-hitter as the Phils won their ninth straight in the second game of the twi-nighter 4-2.

Clutch pitching paid off for the Chicago White Sox, who barely made an 8-0 lead hold up in an 8-6 victory over New York that cut the Yankees AL lead to two games. Billy Pierce, third Sox pitcher, ended it with runners on second and first by getting Mickey Mantle to hit into a force out.

IN THE OTHER AL game, Baltimore snapped Detroit's four-game streak 6-3. And in the National, Milwaukee fell 13½ games behind Brooklyn with a 4-3 loss at Pittsburgh while St. Louis whipped New York 9-2.

Susce, now 5-3, fanned five and walked three while toppling the A's to their ninth straight defeat. Four runs in the second inning on three singles and Billy Goodman's double wrapped it up for the Red Sox.

Newcombe struck out eight and after Clyde McCullough's single in the second inning, didn't allow a runner until Dee Fondy singled to open the eighth. The Brooks smacked five home runs in his support, two each by Don Zimmer and Duke Snider, who now has 33.

The Cubs rallied for three runs in the seventh to salvage the nightcap with Frank Baumholtz' pinch hit eluding Jim Gilliam's shoestring try in left for a two-run triple.

THE WHITE SOX rapped loser Bob Turley for four runs in the first and tapped Johnny Kucks for four in the third—then Kucks and Bob Weisler held them hitless the rest of the way. Dick Donovan won his 13th, although chased in a five-run Yank seventh.

Cleveland, still four games behind, tumbled in the third when the Nats scored four times. Loser Early Wynn set off the inning with an error and Jose Valdivielso capped it with a two-run triple.

Rogovin, released recently by Baltimore, batted home two runs with a double and Andy Seminick swatted a three-run homer in the Phil's first game victory. Willie Jones gave Simmons a 3-0 lead with his leadoff homer in the fourth of the nightcap. The Phils now are just a half-game behind the fourth place Cubs while Cincy, in seventh, has lost seven of eight.

THE BRAVES lost their second straight to the Bucs despite Ed Mathews' 24th homer that fashioned an early 2-0 lead. Preston Ward hit a pinch homer with two on to tie it 3-3 in the seventh and Jack Shepard lined a pinch, bases-loaded single in the ninth to win it.

Tom Poholsky, who never had beaten the Giants since entering the Majors in 1951, gave 10 hits, but had three of the Cards' 15 safeties. Stan Musial leveled his 21st homer with one on.

Ray Moore held Detroit hitless for 6 2/3 innings, then gave way to a 3-2 Tiger lead on homers by Ray Boone and Frank House. Hal Smith hit a pair of two-run doubles as the Orioles pulled it out.

Sambo's Putter Was Hot

Sam Snead's 66 Paces First Qualifying Round

Detroit, July 21 (AP)—It may be true that golf's "Old Guard"—the Hogans, Sneads and Mangrums—is being eased into the rocking chair, but there's one old codger who still has plenty of fight left in him.

He's a balding businessman-golfer who goes by the name of Samuel Jackson Snead.

It is sad but true that old Sammy, now 43, can't hit a lick in the U. S. Open. He's been trying for almost 20 years but still no cigar. When it comes to the PGA tournament, however, the books show that he has won this testing, all-professional tournament three times, and was runnerup twice. Snead also was PGA medalist twice, and now he is favored to take medal honors for the third time in the 1955 event at the Meadowbrook Country Club.

USING A BRAND new putter, Sam shot a six-under-par 66 yesterday to seize the lead in the first of two qualifying rounds at the 6,701-yard, par 71 layout.

Seventeen players in the field of 135 broke par but Snead and his eight one-putt greens took a one-stroke lead over Jackie Burke Jr., and Doug Ford, golfing buddies from Kiamesha Lake, N. Y., and Skee Riegel, 1947 National Amateur champion from Ithan, Pa.

A pair of outsiders—Errie Ball of Oak Park, Ill., and Don Fairfield of Casey, Ill.—were next with 68's, while seven players were bracketed at 69. Included in this group are Tommy Bolt and Cary Middlecoff.

"Man, this thing acted just like a magic wand," Snead said, patting his putter afterward. "Putting is 90 per cent mental—and I had the confidence. I holed more putts than in five tournaments."

Fuentes Beats Hec Constance

New York, July 21 (AP)—Some styles make fights but the styles of Ramon Fuentes and Hector Constance don't.

Fuentes, 29-year-old veteran from Los Angeles, won a split decision over the 24-year-old lad from Trinidad last night at Madison Square Garden in a dull battle of counter punches.

Nobody wanted to lead.

Judge Joe Agnello scored it for Fuentes 7-3 and Judge Frank Forbes also scored it for the Californian, 5-4-1. Referee Al Berl saw it 5-4-1 for Constance. The AP card was 5-5 and it could have been 0-0-10.

Fuentes, 151, to Constance's 147½ pounds, was the 7 to 5 underdog although he ranked No. 4 among the welter contenders.

Massuccio Hurls Two-Hit Game

Subway Grill kept pace with Rapp's Express in the battle for the National League lead by edging Kaplan's Bag, 5-4, yesterday in the City Softball League.

The Expressmen downed Krovan, 3 to 1, behind the sparkling 2-hit pitching of Joe Massuccio. The teams are tied with identical records of 15 wins and 2 losses. Rapp's now boast a string of 10 straight victories.

Details of the Subway-Kaplan contest were not available.

NICK SAVINO dropped a tough three-hitter to Massuccio in the Krovan-Rapps clash. Massuccio pitched hitless ball for 4 2/3 innings and Savino didn't allow a hit until the fourth innig.

Joe Fautz's tremendous homer with two aboard in the bottom of the seventh gave the American Legion a dramatic, 11-10, victory over Gene's Bar and Grill after the losers had picked up a 6-0 lead in the first inning.

THE LEGION collected 16 hits off Don Dyson and Rich Nagele, including three each by Fautz and Frank Sass. Simmons stroked four singles in five trips for Gene's and Nagele hit a single and double.

Hilltop scored two runs in their last turn at bat to shade Miron Lumber, 8 to 7, in another thriller.

Leirey singled to launch the rally, went to second on a wild pitch and rode home on Felipe's triple. Al Cross slammed a hard grounder just foul past third and then followed with a clean single to chase Felipe home with the winning run.

MOYER OF MIRONS clubbed a homer and single. Bradley and Peer had two hits along with Harold Rockwell of Hilltop. Bucky Primo and Joe Markle tripled for the winners.

Harry Secreto gave up 10 hits but was tough in the pinches as Local 259 picked up five runs in the third and went on to beat Cherny's, 6 to 2. The locals gleaned only four hits off Ed Cherny and Demple. Dresser, Post and Demple each had two safeties.

Wimpy's built up a 4-1 cushion in the first and made it stand up for a 6-5 squeaker over Cedar Rest in a battle of 10-hitters between J. Smith and Tesoro.

Brinkman and Bosco of Cedar Rest and Jim Woods and B. Hutton of Wimpys made two hits each.

Reading Downs Albany Twice

(By the Associated Press)

The Williamsport Grays of the Eastern League figure that turnabout is fair play.

On Tuesday night they were buried under a 17 hit barrage by the Elmira Pioneers. But last night they unleashed 18-hits to drub Elmira 11-3.

Meanwhile, the Reading Indians tightened their grip on the league lead by downing the Albany Senators in both ends of a twin bill, 9-5 and 8-3. The two victories gave them a three-game lead over second place Binghamton.

Binghamton and Johnstown split a twin bill with the Trips taking the opener 7-2 and the Johnnies the nightcap 4-1. Allentown captured both ends of a double header with Schenectady, 4-2 and 13-3.

Williamsport pitcher Cal Hogue managed to survive a shaky second inning, during which Elmira tagged him for three of its seven hits, and two runs. It was his fifth triumph against four losses.

Lesson Taught

Atlanta (AP)—Alice Montgomery, 15, of Thomaston, Ga., was baby sitting and teaching her young charges the alphabet via pastic blocks. She sneezed with an A in her mouth and it lodged in her windpipe. Doctors here removed it but Alice now has her doubts about combining education and baby sitting.

Island Dock Tigers whipped the Trailway Braves, 9 to 4, to square their record at 3 and 3 in the National Little League yesterday.

The winners scored in five of their six turns at bat and picked up 12 hits off Billy Huber and Tony Spada. The Braves made 11 safeties off Lonnie McAndrew.

CHARLIE DAVIDE of the Tigers stroked a double and two singles to lead the hitters. Dick Showers and Joe Spada also had two hits. Hank Schatzel, Huber and Tom Gerber hit twice for the Braves. Joe Clausi, Freeman Woods, Huber and Charlie Blanschan hit doubles.

The unbeaten Miron Lumber Indians (6-0) can cinch the first round by beating the Tigers today.

Veteran Pitcher Clicks for Wings

(By The Associated Press)

The Rochester Red Wings, making a bid to overtake the top three teams in the International League, can be thankful for their pitching ace Jack Faszholz.

The 28-year-old veteran right-hander hurled his fifth consecutive route-going victory last night (Wednesday) as the Red Wings romped to a 10-2 victory over the Columbus jets in the second game of a doubleheader. The Red Wings also took the twi-light opener 7-5. Rochester's double victory moved them to within five and one half games of second place Havana, as the Sugar Kings dropped a 9-4 decision to the Buffalo Bisons.

IN OTHER GAMES the Syracuse Chiefs came up with five runs in the eighth inning to edge the Toronto Maple Leafs 8-7 and the Richmond Virginians downed the Montreal Royals 4-3.

Words, Bottles Fly But Saddler Loses to Elorde

Manila, July 21 (AP)—Harsh words flew as thick today as last night's rain of pop bottles when baby-faced Flash Elorde of the Philippines hammered out a unanimous decision over world featherweight champion Sandy Saddler in a 10-round non-title bout.

Saddler said Elorde "didn't deserve it — truthfully I thought I had won." He said "I've never seen a referee like (Maj. Jack) Sullivan."

Sullivan and two judges gave the verdict to Elorde, a 1-5 underdog.

Highly partisan fans booed Saddler lustily for his infighting tactics. They hurled pop bottles, stones and paper bags at the ring.

ONE BOTTLE etched a 3-inch gash in the head of Italo Scortichini of Italy, working in Saddler's corner. Scortichini was treated at ringside without stitches. He booked plane passage tonight to New York for his Aug. 10 non-title fight with world welterweight champion Carmen Basilio.

Manager Charlie Johnston said Saddler was hit in the back by a bottle.

Sullivan, who flew from Tokyo to work the bout, said "I've refereed for 15 years and never had difficulties. I called the fight as I saw it. I didn't break until the fighters were tied up. And I didn't take any points off Saddler until I warned him."

Tommy Ryan, the Eagles pitcher and cleanup hitter, extended his batting streak to eight hits in 11 trips with a perfect "3 for 3" performance against the Hawks in the Jaycee Little League yesterday.

FROM AN Eagle standpoint it was wonderful, except that the Hawks won the game, 10 to 6, behind Hovert Schultz's six-hitter. Schultz walked three and fanned 10. Ryan whiffed seven and gave up eight walks.

Ryan poled three singles for half the Eagle hit total off Schultz, who scored his first win of the season. Schultz and John Falvey had two hits apiece for the Hawks.

Frightening Shirt

Tampa, Fla. (AP)—Tony Pizzo, unofficial goodwill ambassador for Ybor City, Tampa's Latin Quarter, wasn't his usual gay self at a banquet for visiting Cubans. He explained he had just received the result from the mass X-rays conducted by the tuberculosis association. He was advised to have a thorough medical examination. The next day Tony was all smiles when he showed up to bid the visiting delegation goodby. When X-rayed, he wore a shirt with an elaborate design in metallic threads. The metal showed up on the plate as a large dark mass in the chest area, but his lungs were perfect.

Successful Prospector

Albuquerque, N. M. (AP)—Charlie Hickerson wondered for a while if he shouldn't stay in Albuquerque to prospect for billfolds. Hickerson, a part-time prospector, found a billfold at the YMCA. He returned it to a fellow guest. Then he found another wallet in a hotel lobby. He's written to the owner, Richard Page, Haverill, Mass., about the find.

Reading Downs Albany Twice

(By the Associated Press)

The Williamsport Grays of the Eastern League figure that turnabout is fair play.

On Tuesday night they were buried under a 17 hit barrage by the Elmira Pioneers. But last night they unleashed 18-hits to drub Elmira 11-3.

Meanwhile, the Reading Indians tightened their grip on the league lead by downing the Albany Senators in both ends of a twin bill, 9-5 and 8-3. The two victories gave them a three-game lead over second place Binghamton.

Binghamton and Johnstown split a twin bill with the Trips taking the opener 7-2 and the Johnnies the nightcap 4-1. Allentown captured both ends of a double header with Schenectady, 4-2 and 13-3.

Williamsport pitcher Cal Hogue managed to survive a shaky second inning, during which Elmira tagged him for three of its seven hits, and two runs. It was his fifth triumph against four losses.

Lesson Taught

Atlanta (AP)—Alice Montgomery, 15, of Thomaston, Ga., was baby sitting and teaching her young charges the alphabet via pastic blocks. She sneezed with an A in her mouth and it lodged in her windpipe. Doctors here removed it but Alice now has her doubts about combining education and baby sitting.

Island Dock Tigers whipped the Trailway Braves, 9 to 4, to square their record at 3 and 3 in the National Little League yesterday.

The winners scored in five of their six turns at bat and picked up 12 hits off Billy Huber and Tony Spada. The Braves made 11 safeties off Lonnie McAndrew.

CHARLIE DAVIDE of the Tigers stroked a double and two singles to lead the hitters. Dick Showers and Joe Spada also had two hits. Hank Schatzel, Huber and Tom Gerber hit twice for the Braves. Joe Clausi, Freeman Woods, Huber and Charlie Blanschan hit doubles.

The unbeaten Miron Lumber Indians (6-0) can cinch the first round by beating the Tigers today.

Veteran Pitcher Clicks for Wings

(By The Associated Press)

The Rochester Red Wings, making a bid to overtake the top three teams in the International League, can be thankful for their pitching ace Jack Faszholz.

The 28-year-old veteran right-hander hurled his fifth consecutive route-going victory last night (Wednesday) as the Red Wings romped to a 10-2 victory over the Columbus jets in the second game of a doubleheader. The Red Wings also took the twi-light opener 7-5. Rochester's double victory moved them to within five and one half games of second place Havana, as the Sugar Kings dropped a 9-4 decision to the Buffalo Bisons.

IN OTHER GAMES the Syracuse Chiefs came up with five runs in the eighth inning to edge the Toronto Maple Leafs 8-7 and the Richmond Virginians downed the Montreal Royals 4-3.

Words, Bottles Fly But Saddler Loses to Elorde

Manila, July 21 (AP)—Harsh words flew as thick today as last night's rain of pop bottles when baby-faced Flash Elorde of the Philippines hammered out a unanimous decision over world featherweight champion Sandy Saddler in a 10-round non-title bout.

Saddler said Elorde "didn't deserve it — truthfully I thought I had won." He said "I've never seen a referee like (Maj. Jack) Sullivan."

Sullivan and two judges gave the verdict to Elorde, a 1-5 underdog.

Highly partisan fans booed Saddler lustily for his infighting tactics. They hurled pop bottles, stones and paper bags at the ring.

ONE BOTTLE etched a 3-inch gash in the head of Italo Scortichini of Italy, working in Saddler's corner. Scortichini was treated at ringside without stitches. He booked plane passage tonight to New York for his Aug. 10 non-title fight with world welterweight champion Carmen Basilio.

Manager Charlie Johnston said Saddler was hit in the back by a bottle.

Sullivan, who flew from Tokyo to work the bout, said "I've refereed for 15 years and never had difficulties. I called the fight as I saw it. I didn't break until the fighters were tied up. And I didn't take any points off Saddler until I warned him."

Tommy Ryan, the Eagles pitcher and cleanup hitter, extended his batting streak to eight hits in 11 trips with a perfect "3 for 3" performance against the Hawks in the Jaycee Little League yesterday.

FROM AN Eagle standpoint it was wonderful, except that the Hawks won the game, 10 to 6, behind Hovert Schultz's six-hitter. Schultz walked three and fanned 10. Ryan whiffed seven and gave up eight walks.

Ryan poled three singles for half the Eagle hit total off Schultz, who scored his first win of the season. Schultz and John Falvey had two hits apiece for the Hawks.

Frightening Shirt

Tampa, Fla. (AP)—Tony Pizzo, unofficial goodwill ambassador for Ybor City, Tampa's Latin Quarter, wasn't his usual gay self at a banquet for visiting Cubans. He explained he had just received the result from the mass X-rays conducted by the tuberculosis association. He was advised to have a thorough medical examination. The next day Tony was all smiles when he showed up to bid the visiting delegation goodby. When X-rayed, he wore a shirt with an elaborate design in metallic threads. The metal showed up on the plate as a large dark mass in the chest area, but his lungs were perfect.

Successful Prospector

Albuquerque, N. M. (AP)—Charlie Hickerson wondered for a while if he shouldn't stay in Albuquerque to prospect for billfolds. Hickerson, a part-time prospector, found a billfold at the YMCA. He returned it to a fellow guest. Then he found another wallet in a hotel lobby. He's written to the owner, Richard Page, Haverill, Mass., about the find.

If you want to start and operate your own business—or expand your present business

Here's a Real Opportunity

Because of the demand for its equipment here in Ulster county, the New Holland Machine Company wishes to establish a dealer for its line of nationally advertised farm equipment. Established in 1895, the company is today manufacturing balers, forage harvesters and other equipment widely used on New York farms. Operating nationally, the company distributes to thousands of dealers through eleven branch houses, one of which is located in Syracuse, N. Y. Provided you are a person of good character, imagination & initiative, with management ability & some capital & can arrange for a suitable location, you owe it to yourself to investigate this outstanding business opportunity. With New Holland's liberal credit terms, the operating capital needs are small. We assist you in getting established and training your sales & service personnel. A New Holland dealership is especially attractive to one who is already established in a business with broad farmer contacts where additional activity would be helpful.
Let a Co. rep. explain to you the profit-making possibilities of being a dealer for this outstanding line of farm equipt. You will be under no obligation. Just write to Harold H. Stone, Reg. Mgr., PO Bx. 277 Eastwood Sta., Syracuse 6, N. Y.

NOTICE TO CONTRACTORS

NOTICE IS HEREBY GIVEN, that sealed proposals are sought and requested for the performance, according to the Contract Documents, of certain construction, mechanical and electrical contracts to be awarded by the Board of Trustees, Union Free School District No. 8, Town of Ulster, County of Ulster, New York, for the construction of an Elementary School in the District.

Sealed Proposals, for the construction of said Elementary School to be located in the Town of Ulster on property fronting on the west side of Route 9W, North of Kingston, New York, will be received by the Board of Education in the Fire House, Town of Ulster, until 7:30 p. m., Daylight Saving Time, on Thursday, Aug. 25, 1955, and will be then publicly opened and read aloud. Any Proposal received after the specified date and time will not be considered by the Board of Education.

Proposals will be received for the following separate contracts:

CONTRACT No. 1 — GENERAL CONSTRUCTION
CONTRACT NO. 2—PLUMBING
CONTRACT NO. 3 — HEATING AND VENTILATING
CONTRACT NO. 4—ELECTRICAL

Instructions to Bidders, Proposal Form, General Conditions Governing All Contracts, Drawings and Specifications may be examined and obtained by Bidders at the office of LaPierre, Litchfield & Partners, Architects, 292 Madison Avenue, New York 17, N. Y. and at the office of Sherwood Davis, John Street, Kingston, N. Y., on and after 9:00 a. m., Daylight Saving Time, Tuesday, July 26, 1955 upon deposit of cash or certified check in the amount of $50.00 for each set of General Construction documents and $25.00 for each set of Plumbing, Heating and Ventilating and Electrical documents.

Deposits will be returned to any bidder duly submitting a Proposal accompanied by the required bid security, provided all such documents are returned in condition free of markings, defacements and the like within thirty days following the award of the Contract, or the rejection of Proposals. One-half of such deposit will be refunded to all non-bidders upon return of all documents in condition free of markings, defacements and the like.

Each bidder shall deposit with his Proposal security in the amount of not less than five per cent of his Base Bid in the form and subject to the conditions provided in the "Instructions to Bidders."

The successful Bidder will be required to furnish satisfactory Performance Bond, in the form as described in the Proposal, in the full amount of the Contract Sum, and a Separate Labor and Material Payment Bond, in the form described in the Proposal, in an amount of one-half of the Contract Sum.

The Board of Education reserves the right to waive any informalities in or to reject any and all proposals or to accept any Proposal which it deems in the best interest of the School District.

If you want to start and operate your own business—or expand your present business

Here's a Real Opportunity

Because of the demand for its equipment here in Ulster county, the New Holland Machine Company wishes to establish a dealer for its line of nationally advertised farm equipment. Established in 1895, the company is today manufacturing balers, forage harvesters and other equipment widely used on New York farms. Operating nationally, the company distributes to thousands of dealers through eleven branch houses, one of which is located in Syracuse, N. Y. Provided you are a person of good character, imagination & initiative, with management ability & some capital & can arrange for a suitable location, you owe it to yourself to investigate this outstanding business opportunity. With New Holland's liberal credit terms, the operating capital needs are small. We assist you in getting established and training your sales & service personnel. A New Holland dealership is especially attractive to one who is already established in in a business with broad farmer contacts where additional activity would be helpful.
Let a Co. rep. explain to you the profit-making possibilities of being a dealer for this outstanding line of farm equipt. You will be under no obligation. Just write to Harold H. Stone, Reg. Mgr., PO Bx. 277 Eastwood Sta., Syracuse 6, N. Y.

Sticky Weather Is Clinging in Areas To Atlantic Coast

(By The Associated Press)

Mid-summer's hot and sticky weather clung to wide areas from the Rockies eastward to the Atlantic coast today.

The weather bureau didn't predict any immediate relief. In some areas, forecasters said, temperatures probably would be a little higher today. They ranged from the 80s to above 100 again yesterday in the hot belt.

READINGS were near and above 100 degrees for the fifth straight day yesterday in parts of Montana, with the nation's top mark of 106 reported at Miles city and Glasgow. In the southwest desert region, the day's high was 104 at Yuma, Ariz.

Higher temperatures were reported in the central and northern plains with night time marks in the 70s and 80s. They were in the 70s in the south, the Ohio valley and most of the Great Lakes region. New England and most of New York state had pleasant weather with temperatures ranging from 57 at Portland, Maine, and 64 at Albany, N. Y. to 69 at Boston.

PLEASANT summer weather also prevailed in most of the Far West, with Canadian air keeping early readings in the 50s and 60s in northern states and along the Pacific coast. They were in the 70s and 80s farther south while in the desert region Needles, Calif., reported a high of 94 during the night.

Rainfall was scattered. Showers fell in the normally dry sections of the upper Rio Grande valley and in parts of the Arizona Desert. There were showers in parts of the southern states, the northern Rockies and in sections of the plains.

Early morning reports: New York 72 and clear; San Francisco 54 and clear; Los Angeles 65 and clear; Seattle 60 and clear; Salt Lake City 76 and cloudy; Minneapolis 78 and clear; Omaha 80 and clear; Glasgow, Mont., 84 and clear; St. Louis 78 and clear.

Magnetic Properties

Although only iron, nickel and cobalt have marked magnetic properties, among the pure metals, some alloys of other metals also are magnetic.

Edelmuth . . .

Culloton is a former county Democratic chairman and at one time served as a deputy commissioner of motor vehicles. Francis Martocci, a law associate for 15 years, seconded the nomination.

Both Schipp and Culloton were unable to attend the convention because of business engagements and were not presented to the delegates.

FOR THE nomination of county judge, Supervisor James Carroll of the 10th ward yielded the floor to Andrew J. Cook, Jr., who placed the name of William A. Kelly before the convention. Cook said Mr. Kelly had the experience and training for the position and cited the numerous civic movements with which Mr. Kelly has been associated. Abraham Streifer seconded the nomination, saying he and Mr. Kelly had attended high school together, had studied law at the same time but at different institutions and both had served as secretary to a supreme court justice. Mr. Kelly he said had the vision and the ability to serve the county well.

Others who seconded the nomination were Patrick T. Murphy of the 10th ward, Francis O'Neill of the 11th ward, Supervisor James P. Fiore of the Fifth ward and Cattherine Carlson of the town of Olive.

William T. Mahoney, city chairman, cast the unanimous ballot of the convention for Kelly.

In accepting the nomination Mr. Kelly said he would make an active campaign, "beginning now," even though Primary Day and an official designation is still some distance away. He said he appreciated the honor and would do everything to assist in election of the entire city, county and town tickets.

John McCourt of Marlborough asked that there be a committee formed to bring better cooperation between the city and county and that there be meetings with the county chairman to that end. Chairman Plunket named August 8 as such a meeting night at his office.

Prior to adjournment of the county convention Chairman Plunket said the county had been under a "dictatorial" Republican government too long, that the Republican party had decided what was to be done with disregard to the will of the people but that the county was "fed up" with that form of government and the Democratic party would give to the people a "free" government if the committeemen, delegates and party workers gave their complete support toward election of Democratic candidates. For a time the party members had been "sitting-back" arguing among themselves and that this has "got to stop." He said he felt there was no complete cooperation in the county he predicted a victory in November.

AT THE CITY convention, City Chairman William Mahoney presided with Mrs. Rose Hogan as secretary.

Edwin Radel of the third ward placed the name of William F. Edelmuth before the convention, calling attention to the fact that Mr. Edelmuth had served the city six years as mayor, having been elected in 1941 and twice thereafter reelected. He cited the many business and civic activities of Mr. Edelmuth.

Seconding the nomination were Arthur B. Ewig, Gerald FitzGerald, Ray McAndrew, Walter Donnaruma and Supervisor James P. Fiore.

In accepting the nomination Mr. Edelmuth said he had five times been a candidate for mayor and had been successful three times. He said he would devote his entire time to the job if elected and promised to give up all other buisness interests. He condemned the opposition party for dictating that no candidate shall receive a third term no matter how competent, and he said had there been better cooperation between the Republican county chairman and the political leaders "we would have the honor of a federal judge here." He referred to County Judge John M. Cashin.

JAMES K. RYAN of the 10th ward nominated Harry A. Flowers, Jr. of the second ward as candidate for alderman-at-large, pointing out his various civic activities, his service during World War 2, and other qualifications. Raymond Garraghan in seconding the nomination said this was Mr. Flowers' first venture in politics, Mr. Edelmuth also seconded the nomination, saying he was proud to have Mr. Flowers as his running mate. Donald Riehl of the 11th ward also seconded the nomination.

Mr. Flowers in accepting said he would make an active campaign and do all to win election of the entire ticket.

A committee on vacancies will be named later.
